The safest dissections start here

Every specimen in this catalog has been prepared with NASCOGuard® — our nontoxic, low-odor humectant fluid that exceeds OSHA standards.

ONLY AT NASCO

99.7% formaldehyde free

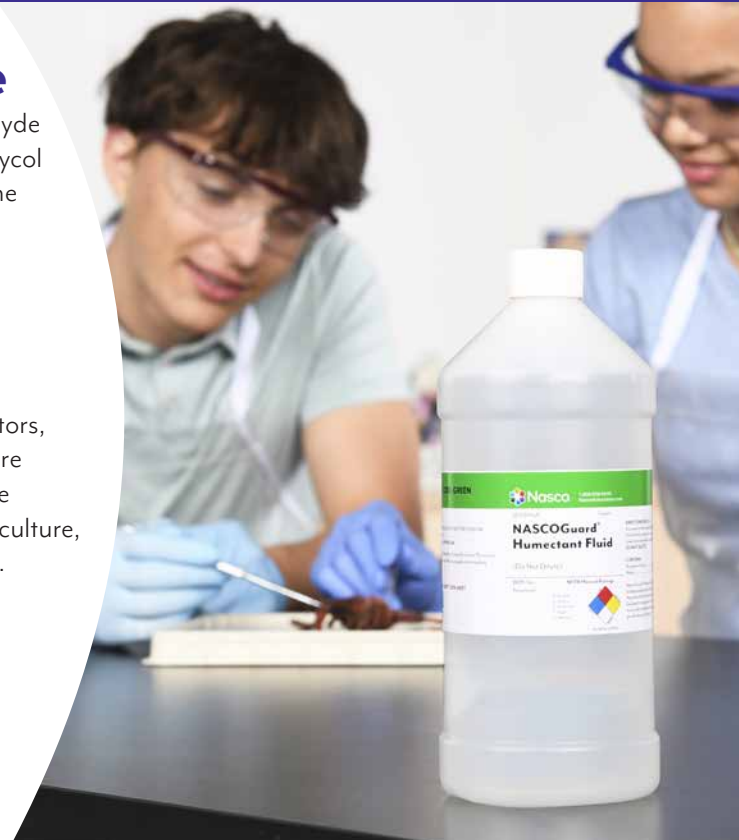

Our skilled technicians remove the original formaldehyde fixative, then perfuse the specimens with propylene glycol to inhibit decay, ensure moist specimens, and lower the vapor pressure of any residual formaldehyde.

200+ premium-quality specimens

We obtain our specimens through professional collectors, by-products of stockyards, and the food industry. We're licensed and/or governed by the U.S. Fish and Wildlife Service, the U.S. and Wisconsin Departments of Agriculture, and the Wisconsin Department of Natural Resources.

Guaranteed to last for years

NASCOGuard® specimens will remain usable for years when stored in the original sealed packaging, so you can be confident of consistent results.

How to store and dispose of your NASCOGuard® specimens

When your specimens arrive, keep them at room temperature and in the shipping bag/container they came in until you are ready to use them. Between classroom sessions, return specimens to a tightly closed plastic bag or airtight container to prevent them from drying out. If specimens begin to dry out over the course of an extended dissection, remoisten them with NASCOGuard® Humectant Fluid only (see right).

Specimens are biodegradable, so once the dissection is complete, they can be buried in an approved sanitary landfill or incinerated. Ambient fluids may be safely disposed via city sewers.

NASCOGuard® Humectant Fluid

Five 1-Gallon Bottles
SB17218 — \$93.00

1-Gallon Bottle

LS03477	(<i>Brachy-stola magna</i>)	Large	—	10	\$8.25	\$7.42

Grasshopper Classroom Pack
Includes 30 grasshoppers (3 units of LS01319) and 30 grasshopper dissection guides (SB07317). Each student receives a dissection guide to further explain external and internal anatomy to work independently, in pairs, or groups. LS03721 – \$61.75

A. Nasco “Try It” Sea Star (Starfish) Dissection Kit

Introduces students to the exploration of internal and external anatomy of a specimen. Easy-to-follow directions allow students to dissect, observe, and document more about this unique invertebrate. Kit contains a 5”–6” plain sea star, dissection tools, plastic apron, illustrated guide, and latex-free gloves.

LS03851 – \$17.95 10+ \$16.15

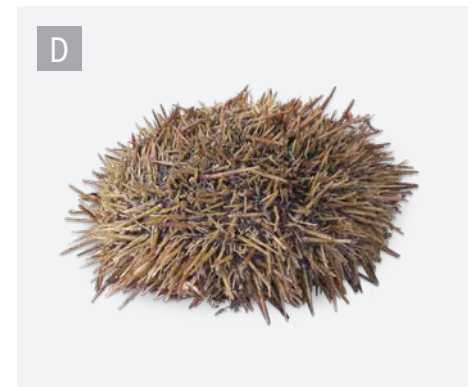

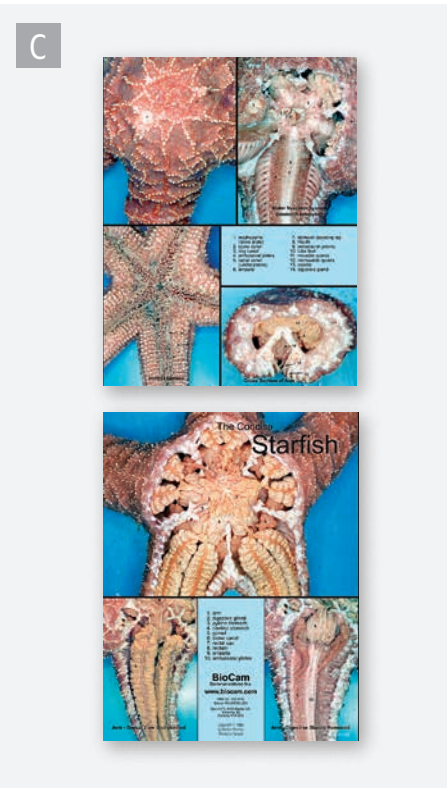

B. Sea Star (Starfish) (Asterias)

Product No.	Size	Injection	Qty.	Each	10+
LS01073	4”–6”	Plain	1	\$2.65	\$2.38
LS01305	3”–4”	Plain	1	\$2.25	\$2.02

Sea Star (Starfish) Classroom Kit

Includes 30 sea stars (4”–6”, LS01073) and 30 dissection guides (SB07314). Great for a classroom of 30 students working independently, in pairs, or groups.

LS03722 – \$83.95

C. Sea Star (Starfish) Dissection Chart

Without adequate guides, students often need to do two or more costly dissections. This chart has been proven to substantially reduce these costs because students accomplish objectives with just one dissection. This chart provides large, beautiful images of living specimens. Also supplies key information and helpful for review. Double-sided card stock. 8½” x 11”. Laminated.

SB51693 – \$10.95

D. Green Sea Urchin (Strongylocentrotus sp.)

Large. 2” (5 cm) average.
LS02405 – \$6.75 10+ \$6.07

LS03587

Shark

Depending on availability, specimens may be either squalus dogfish or mustelus smooth-hound sharks.

Product No.	Size	Injection	Qty.	Each

Frog Classroom Basic Kit

30 preserved frogs (4"-4½", LS02492) and 30 Frog Dissection Guides (SBI0258, see p. 11), to allow each student to have their own dissection guide.

LS03724 – \$210.00

Frog Classroom Standard Kit

Same as above (LS03724), but also includes 30 disposable dissection trays (SB41945, see p. 30).

LS03724(A) – \$217.00

Frog Classroom Deluxe Kit

30 sets of dissection tools/instruments (SBI2623), 30 preserved frogs (3"-4", LS01373), 30 Frog Dissection Guides (SBI0258, see p. 11), and 30 magnifiers (SBI8007).

LS03749 – \$408.00

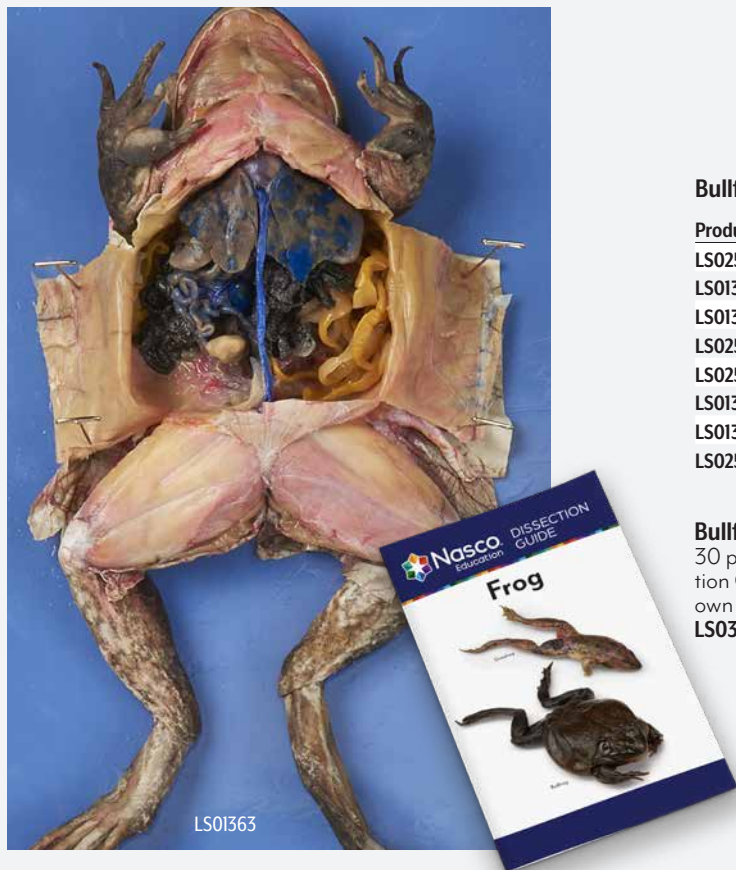

ONLY AT NASCO

Nasco "Try It" Frog Dissection Kit

A great way of introducing students to the exploration of internal and external anatomy of an amphibian. This commonly used dissection amphibian is easy to handle, easy to identify organs and structures, and works well with students of various ages. Safe, easy-to-use kit contains a 4"-4½" frog, dissection tools, plastic anatomy apron, illustrated guide, and latex-free gloves.

LS03850 – \$23.95 10+ \$21.55

B

C

B. Pig Dissection Mat

Allow students to follow the directions for a dissection without the worry of damaging books or paper. A complete pig dissection is printed directly on this 9¾" x 16" polyvinyl mat. It is resistant to spills and is easily cleaned with a sponge or paper towel.

SB32578 — \$11.25

C. Fetal Pig Dissection Chart

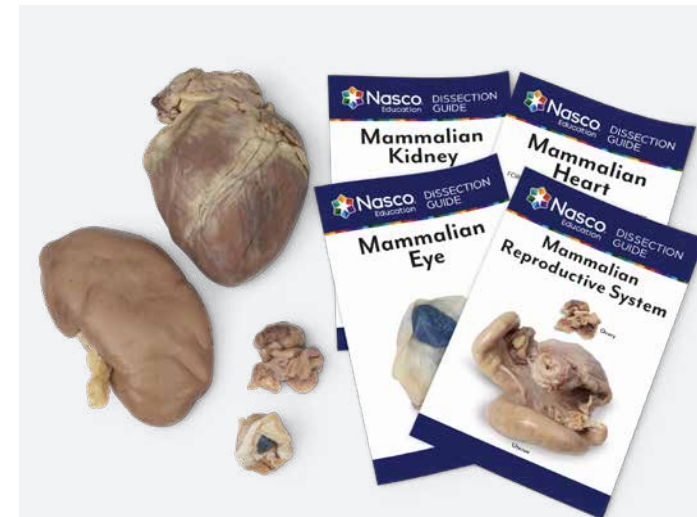

Six photographic images (3 on each side) portray an enlarged view of abdominal and thoracic regions. Important parts are numbered and labeled. Both 8½" x 11" sheets come in protective sleeve and with prepunched binder holes.

SB50649 — \$10.95

Fetal Pig Sagittal Section

Sagittal section of an 11"-12" artery-injected fetal pig for observing internal organs and vessels before starting dissection. Great demonstration tool in clear plastic bag to use as a demonstration model. Can be removed for dissection. Teacher's guide included.

LS03565 — \$29.95 10+ \$26.95

Pig Organ Set

Get up close and personal with organs that are very similar to those of a human with this popular combination of preserved pig organs in a convenient storage box. Includes reclosable storage bag. Set includes one each of the four-chamber heart (4"-5", LS02530), eye (LS02532), kidney (plain, LS03352), and ovary (LS03490). Dissection guides for each organ are included.

LS03496 — \$22.95

Nasco Dried Swine Lungs

Swine lungs are preserved, inflated to full size, and dried to produce a real odorless specimen. Lungs, once dried, are the consistency of Styrofoam™. Slice thin sections of specimen to observe alveoli and other structures under binocular microscope. Teacher guide included.

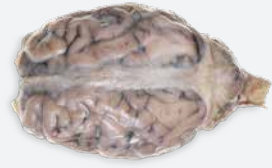

LS01956 — \$82.95

Nasco Dried Lung Section. Perfect for observing the internal structures of the lung without having to slice a whole lung.

LS03686 — \$7.00

Sheep Organ Set

Eye, brain, kidney, and heart in storage box. Includes resealable storage bag and dissection guides. **LS03140 – \$38.50**

3 SPECIMENS

Small

- 4"-6" worm (with clitellum)
 - 4"-7" fetal pig
 - 3" frog
- LS03817 – \$17.50**

6 SPECIMENS

Large

- 8"-10" earthworm
 - 3½"-5" crayfish
 - 4"-5" clam
- LS03558 – \$13.25**

- 5"-6" sea star
- 7"+ perch
- 3" grass frog

Medium

- 6"-8" earthworm
 - 3"-4" crayfish
 - 3"-4" clam
- LS03498 – \$11.50**

- 3"-5" sea star
- 5"-7" perch
- 3" grass frog

7 SPECIMENS

Large

- 8"-10" earthworm
 - Lubber grass-hopper
 - 3½"-5" crayfish
- LS03559 – \$17.50**

- 4"-5" clam
- 5"-6" sea star
- 7"+ perch
- 3" grass frog

Medium

- 6"-8" earthworm
 - Lubber grass-hopper
 - 3"-4" crayfish
- LS01570 – \$15.95**

- 3"-4" clam
- 3"-5" sea star
- 5"-7" perch
- 3" grass frog

8 SPECIMENS

Large

- ½"-¾" Grantia (Scypha)
 - 8"-10" earthworm
 - Lubber grass-hopper
- LS03560 – \$18.00**

- 3½"-5" crayfish
- 4"-5" clam
- 5"-6" sea star
- 7"+ perch
- 3" grass frog

Medium

- ¼"-½" Grantia (Scypha)
 - 6"-8" earthworm
 - Lubber grass-hopper
- LS03499 – \$16.25**

- 3"-4" crayfish
- 3"-4" clam
- 3"-5" sea star
- 5"-7" perch
- 3" grass frog

9 SPECIMENS

Set 1 – Large

- ½"-¾" Grantia (Scypha)
 - 8"-10" earthworm
 - Lubber grass-hopper
- LS03578 – \$45.00**

- 3½"-5" crayfish
- 4"-5" clam
- 5"-6" sea star
- 7"+ perch
- 3" grass frog
- 7"-10" fetal pig

Set 1 – Medium

- ¼"-½" Grantia (Scypha)
 - 6"-8" earthworm
 - Lubber grass-hopper
- LS03563 – \$30.00**

- 3"-4" crayfish
- 3"-4" clam
- 3"-5" sea star
- 5"-7" perch
- 3" grass frog
- 4"-7" fetal pig

Set 2 – Large

Same as LS03578 above, except fetal pig is replaced with a 9" rat. **LS03705 – \$40.00**

Zoology Survey Sets

Preserved specimens are individually packaged and shipped moist in vapor barrier plastic bags. Vacu-Pac process eliminates over 50% of shipping weight incurred with using fluid in breakable jars, as well as offering extended shelf life of several years. Small specimens are in a glass vial within the Vacu-Pac plastic. Reclosable storage bag included with each set.

Grantia (Scypha)

Earthworm

Lubber grasshopper

Crayfish

Clam

Sea star (Starfish)

Perch

Grass frog

Fetal pig

Preserved Reproductive Tract from Cow

Complete female reproductive tract. Preserved with Nasco's exclusive Bio-Flex process. Can be kept in a plastic bag and used repeatedly for long periods of time. **LS02798 – \$103.50**

Set of 30

Mammalian Eye Comparison

Observe, compare, dissect, and determine the subtle differences between sheep, cow, and pig eyes. Includes 30 eyes of each type and 30 mammalian eye dissection guides. **LS03828 – \$104.95**

Mammalian Anatomy Survey Set

Sheep heart with aorta, sheep brain (half), cow spinal cord, cow eye, pig kidney, and dissection guide for each. **LS03497 – \$36.95**

Cow Organ Set with Sheep Brain

A popular combination of cow organs in a convenient storage box. Includes storage bag. Consists of one cow eye, heart, spinal cord, and sheep brain. Dissection guides for each organ are included. **LS03495(SB) – \$45.95**

LS01631

LS02533	Cow Spinal Cord, Over 4" Section	\$7.35	\$6.61
LS03488	Cow Uterus, Nonpregnant	\$31.75	\$28.57
LS03552	Calf Testicles	\$12.00	\$10.80

BULK ASSORTMENTS

Buy in bulk and save on packing, container, and labor costs. Shipped in easy-to-store cartons with small specimens in separate jars.

5 Specimen – Large (10 of Each)

- 3½"-5" crayfish
 - 4"-5" clam
 - 5"-6" sea star
 - 7"+ perch
 - 3" grass frog
- LS03602 Set of 50 Specimens – \$110.00**

7 Specimen – Large (10 of Each)

- 8"-10" earthworm
 - 3½"-5" crayfish
 - 4"-5" clam
 - 5"-6" sea star
 - 7"+ perch
 - 3" grass frog
 - Lubber grass-hopper
- LS03604 Set of 70 Specimens – \$125.00**

ONLY AT NASCO

Nasco Cause of Death Autopsy Kit

Follow the steps a medical examiner would take as students conduct an authentic forensic autopsy. A complete activity guide will take your students through step-by-step instructions of the medical examiner process. The three fetal pigs represent victims with stab wounds, gunshot wounds, or a broken back. Use the scientific method in real-life applications as your students investigate the demise of these pigs. Kit includes three 10"-13" pigs, suture needle, nylon thread, data cards, bags, and a complete activity guide.

- LS03825 – \$185.00
- Refill Kit.** Three pigs and data cards. LS03825(CB) – \$125.00

Nasco "Try It" Dissection Kits

Introduce students to the exploration of internal and external anatomy of a specimen. Each kit is equipped with a preserved specimen, dissection tools, a plastic apron, an illustrated guide, and latex-free gloves. Dissection tray not included. Kits are a great option for take-home lessons in distance learning situations or for in-class labs when sharing of supplies is not allowed.

- Fetal Pig.** 7"-10" plain fetal pig. LS03815 – \$44.95 10+ \$40.45
- Rat.** Fully mature, 7"-9" plain rat. LS03848 – \$29.95 10+ \$26.95
- Perch.** 7"+ plain perch. LS03849 – \$20.95 10+ \$18.85
- Frog.** 4"-4½" plain frog. LS03850 – \$23.95 10+ \$21.55
- Sea Star (Starfish).** 5"-6" plain sea star (starfish). LS03851 – \$17.95 10+ \$16.15
- Crayfish.** 4"-6" plain crayfish. LS03852 – \$18.95 10+ \$17.05
- Squid.** 8"-12" plain squid. LS03854 – \$22.95 10+ \$20.65
- Cow Eye.** LS03859 – \$17.95 10+ \$16.15

ONLY AT NASCO

All-in-one Nasco "Try It" kits include specimen, tools, apron, gloves, and an illustrated guide

ONLY AT NASCO

Zoology Survey Set

Specimens include: earthworm, crayfish, clam, grasshopper, sea star (starfish), perch, and frog. LS03737 With Dissection Guides – \$24.95 LS02893 Without Dissection Guides – \$16.95

Nasco Individual Guide Set

Includes 1 guide for each of the seven topics: earthworm, crayfish, clam, grasshopper, sea star (starfish), perch, and frog. Set of 7. SB23166 – \$13.95

Looking for ways to augment your biology lessons? Our selection of displays and survey sets allows students to observe and learn about the classification of organisms, organ identification, and more without dissecting.

GET A CLOSER LOOK

With study sets, students can observe and learn more about specimens in class

Nasco Hands-On Invertebrate Study Set

Allows students an opportunity to learn about the classification of organisms. Set includes a comprehensive teacher's guide, 15 illustrated student guides with activity sheets, questions and answers for classroom review, an illustrated guide representing one or more animals from each of the invertebrate phyla (Porifera, Coelenterata, Platyhelminthes, Nematoda, Annelida, Mollusca, Echinodermata, Cnidaria, and Arthropoda), 13 preserved specimens in individually labeled jars that correspond to included key sheet, and 15 handheld magnifiers.

LS03736 – \$135.00

Animal Survey Set A

Animal Survey Set B

Animal Survey Set A

Set consists of at least one representative member from each of the following phyla: Porifera, Platyhelminthes, Cnidaria, Echinodermata, Annelida, Mollusca, Arthropoda, and Chordata.

LS03547 – \$180.00

Animal Survey Set B

Set consists of at least one representative member from each of the following phyla: Chordata, Porifera, Mollusca, Arthropoda, Euarthropoda, and Echinodermata.

LS03548 – \$195.00

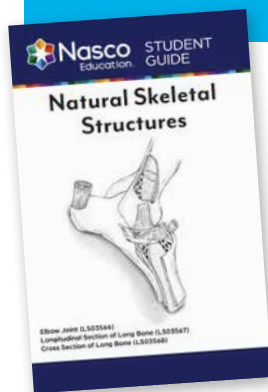

Combination Survey Set

Includes all specimens in sets A and B. This combination shows the wide range of variation found throughout the animal kingdom.

LS03549 – \$350.00

INTERACTIVE MODELS

Don't just tell them, show them! With these accurate models, students will be able to see, touch, and experience anatomical structures in a true-to-life way. They may just be inspired to explore career paths in medicine, healthcare, research, and more.

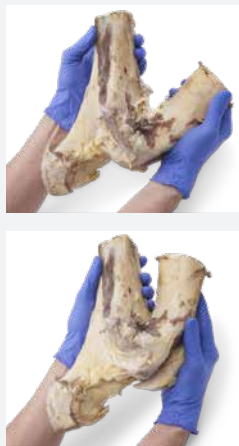

LEARN MORE ABOUT BONES

The included dissection guide is an informative resource for students examining skeletal structures in the classroom

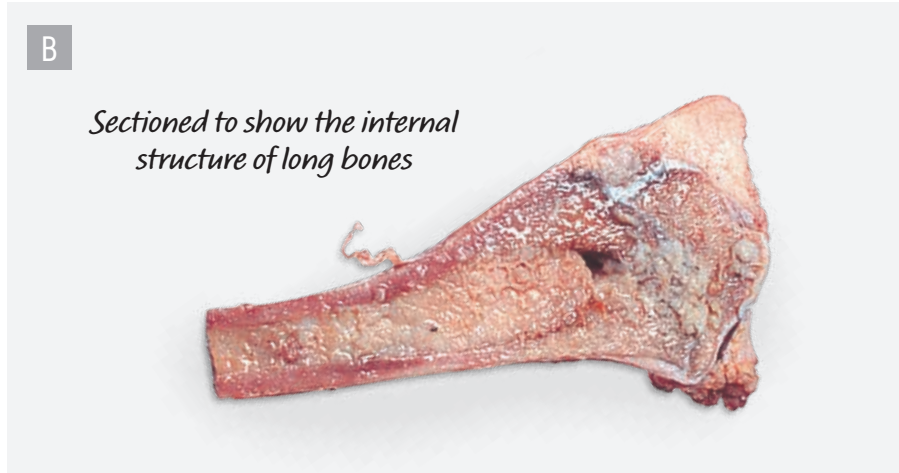

Moveable joint shows how structures interact

Natural Skeletal Structures

A. Elbow Joint. Front elbow joint of a cow with articulating surfaces, synovial joint cavity, ligaments, bursae, cartilage, bones, muscle origin, muscle insertion, and tendons easily identified. Movable joint preserved in Nasco's exclusive Bio-Flex process. Includes dissection guide. **LS03566 – \$68.95**

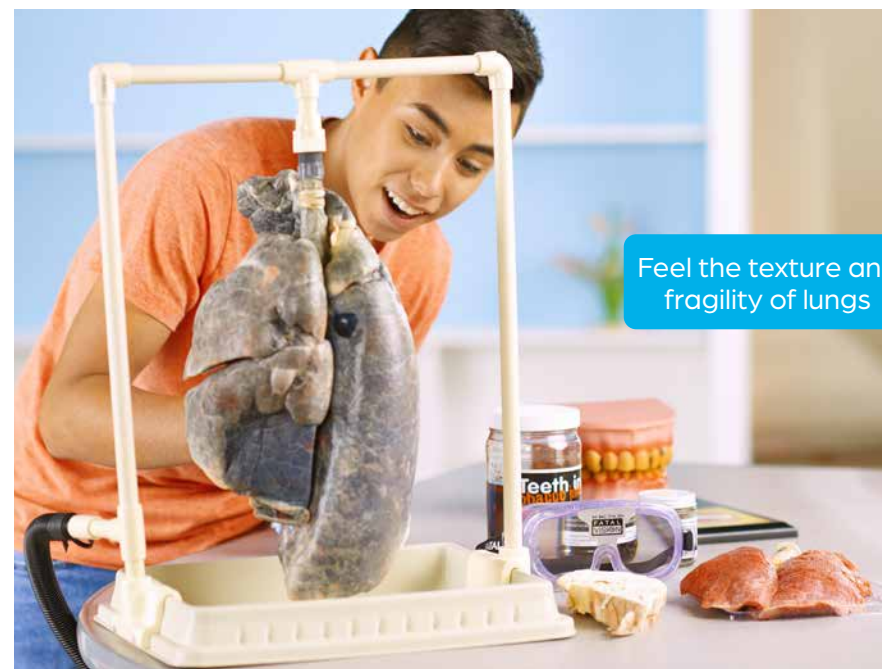

Sectioned to show the internal structure of long bones

B. Longitudinal Section of Long Bone. Front leg bone of a cow sectioned longitudinally to allow viewing of internal structure. Periosteum, solid bone layer, spongy bone, medullary canal, yellow bone marrow, red bone marrow, and epiphyseal line are evident. Head of long bone shows articulating surface of hyaline cartilage. Includes dissection guide. **LS03567 – \$9.95**

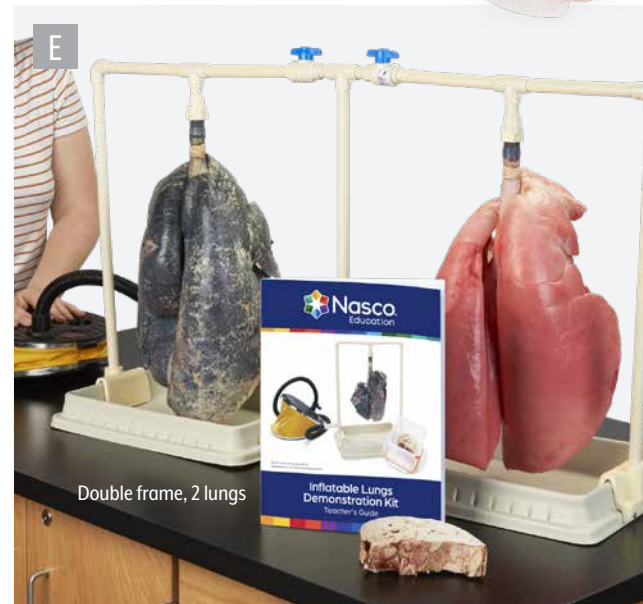

C. Cross Section of Long Bone. Front leg bone of a cow transversely sectioned to illustrate concentric rings, haversian canal, yellow bone marrow, and periosteum membrane. Bone is sectioned 3/4" thick. 10 per package. Includes dissection guide. **LS03568 – \$12.95**

INTERACTIVE MODELS

Feel the texture and fragility of lungs

Nasco Inflatable Lungs Comparison Kit with Teacher Instructional DVD
Inflatable lungs provide an impressive and unforgettable hands-on demonstration by using real swine lungs. The inflatable lung comparison kit is designed to demonstrate the effects of prolonged smoking, as well as compare the differences in color and texture of a simulated smoker's lung and a healthy lung. Nasco uses a nontoxic solution that retains the texture and elasticity of fresh lungs, to preserve them. The smoker's lungs have a palpable internal tumor and a physical simulated external tumor to encourage students to feel the texture of real lung tissue and its variations. This kit includes an inflation rack assembly with tray, an air pump, a simulated healthy and smoker's lung, a dried cross section of a lung, an instructional DVD, a teacher's guide, and storage containers. The guide provides a detailed illustration of internal/external anatomy and supplemental information about lung cancer, other smoking related diseases, and air pollutants as well as guidelines for handling, use and storage of the reusable swine lungs. **LS03769 – \$490.00**
LS03768 Inflatable Lungs Comparison Kit Only – **\$480.00**

D. Nasco Healthy Inflatable Lungs Kit
Students can see and learn how lungs work by inflating and deflating them with a pump. Includes an inflation rack and tray, air pump, a pair of reusable, inflatable swine lungs, a section of dried swine lung, a teacher's guide, and a container for storing the lungs. **LS03765 – \$300.00**
LS03764 Nasco Inflatable Healthy Lungs Only – **\$210.00**

E. Nasco Dual Lungs Comparison Kit
Interconnected airway system with dual trays, air pump, pair of normal inflatable swine lungs, pair of simulated smoker's lungs, dried swine lung section, and 2 guides. **LS03802 – \$540.00**
LS03805 – \$85.00

F. Nasco Smoker's Lungs Demonstration Kit
Realistically stained inflatable swine lungs provide an unforgettable demonstration of prolonged smoking. Simulated internal and external tumors on each lung remind that smoking is a known cause of lung cancer. Kit includes a teacher's guide, inflation rack and tray, air pump, dried cross section of unstained lung, and simulated smoker's lung. **LS03767 – \$310.00**
LS03766 Replacement Simulated Smoker's Lungs Only – **\$220.00**

Nasco Lungs Maintenance Kit
Includes necessary materials plus special instructions for prolonging the life of your inflatable lungs. **LS03738 – \$38.50**
SB29032 Bellows pump – **\$25.95**

EQUIPMENT, INSTRUMENTS & ACCESSORIES

You've got your specimens, and now you need the tools! Supply students with a full assortment of high-quality instruments. From safety equipment to full dissection kits, Nasco Education has all your and your students' needs covered.

EQUIPMENT, INSTRUMENTS & ACCESSORIES

Classroom Dissection Instrument Sets

A set of quality dissection instruments for the entire classroom. Instruments come in a sorting tray. Two different sets are available to choose from. For 30 students working in pairs.

Stainless Steel Grade Set A consists of:

- (15) 4½" stainless steel dissecting scissors
- (15) No. 4 stainless steel surgeon's handles
- (20) No. 22 scalpel blades
- (15) 4½" fine-point, stainless steel forceps
- (15) Straight steel teasing needles
- (15) Angular chrome probe and seekers
- (1) Box of 2" dissecting pins
- (1) Instrument sorting tray

SBI5428 – \$177.00

Chrome Grade Set B consists of:

- (15) 4½" chrome dissecting scissors
- (15) Chrome safety-lok scalpels. Includes No. 22, scalpel blades
- (15) 4½" fine-point, chrome forceps
- (15) Straight wood handle teasing needles
- (15) Bent plastic handle teasing needles
- (1) Box of 2" dissecting pins
- (1) Instrument sorting tray

SBI5429 – \$142.00

Instrument Sorting Tray

5 compartments, 20½" x 11¼" x 2".
SB25286 – \$13.75

Give students a safe way to store and transport tools

Molded Plastic Dissecting Case

Semi-hard plastic case. Easy to clean. Slots for individual tools. Autoclavable. Colors may vary.
SBI5400 – \$6.00

Biology Dissecting Kit with Case

No. 4 stainless steel scalpel handle, 1½" stainless steel narrow blade scalpel, 5½" stainless steel sharp/sharp scissors, 4½" stainless steel straight iris scissors, 5½" stainless steel thumb forceps, 4½" chrome curved medium-point forceps, 6" chrome probe and seeker, 6" ruler, straight dissecting needle, bent dissecting needle, dropping pipette, 6 No. 22 scalpel blades, and vinyl case with compartments for 12 instruments.

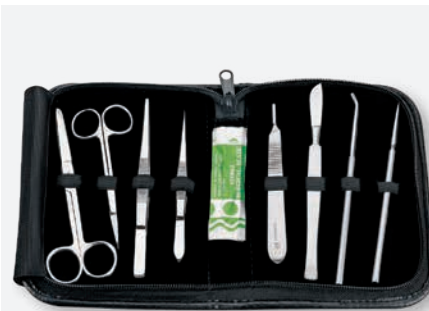

SBI0272 – \$22.95

Biology Dissecting Kit

Double fold vinyl case with lining; 1½" stainless steel scalpel; 1½" stainless steel narrow blade scalpel; 5½" stainless steel sharp/blunt scissors; 4½" stainless steel iris scissors; 4½" chrome, straight, fine-point forceps; 4½" chrome, curved, fine-point forceps; 5" chrome, straight, blunt-point forceps; straight dissecting needle; bent dissecting needle; 6" chrome probe and seeker; and 6" ruler.

SA04449 – \$20.25

Advanced Dissecting Kit

Zipper case with velvet-like lining and stainless steel instruments: No. 3 surgical handle with No. 10 replaceable blade (2 extra blades included), 1½" narrow blade scalpel, 5½" sharp/blunt operating scissors, 4½" straight iris scissors, 5½" thumb forceps, 4½" fine-point forceps, mall probe and seeker, and straight teasing needle.

SBI2625 – \$22.50

University Level Anatomy Dissecting Kit

Black vinyl, zippered case has red velvet inner lining with 10 loops for organization. Contains straight teasing needle, bent teasing needle, 4½" iris scissors, 4½" medium point forceps, cartilage knife, 1 x 2 teeth tissue forceps, 5½" surgical scissors, #3 scalpel handle, mall probe, #10 scalpel blades (pkg. of 10), 5" hemostatic forceps, and 6" ruler.

SB46659 – \$37.95

Large Animal Dissecting Kit

Canvas roll case with 2 pockets and adjustable loops to hold instruments; 6¼" stainless steel Pean hemostat; 5½" stainless steel Kelly hemostat; No. 3 stainless steel scalpel handle; No. 10 scalpel blades (6); No. 11 scalpel blades (6); 4½" stainless steel iris scissors; 5½" stainless steel operating scissors; 4½" chrome, straight, fine-point forceps; 5½" chrome, straight, medium-point forceps; 6" chrome probe and seeker 5¼" section lifter; metal, straight dissecting needles (2); 2½" double-prong flesh hooks; and 6" celluloid ruler.

SA01129 – \$37.95

General Biology Dissecting Kit

Single fold vinyl case with lining, No. 4 stainless steel surgical handle with No. 21 replaceable blade, 5½" stainless steel sharp/blunt scissors, 5" stainless steel thumb forceps, chrome mall probe and seeker, straight dissecting needle, pipette, and 6" ruler.

SBI2624 – \$15.95

Basic Elementary Dissecting Kit

Single-fold vinyl case with lining, 6" chrome replacement blade scalpel, 4½" stainless steel dissecting scissors, 4½" chrome-plated forceps, straight dissecting needle, bent dissecting needle, pipette, and 6" ruler.

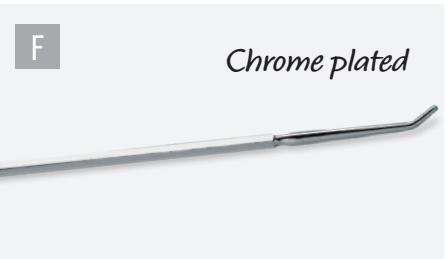

SA01127 – \$10.25

United Scientific Dissection Kit

Set of 8 tools includes dissecting scissors, dissecting forceps, scalpel with replacement blade, straight teasing needle, 2 curved teasing needles, dropping pipet, vinyl ruler, and 6 T-pins. Includes a hard case for storage.

NE30313 – \$17.50

A. 1 Point Sharp/1 Point Blunt
SB15420 4½" — \$3.05 12+ \$2.74
SB10283 5½" — \$3.35 12+ \$3.01
SB15408 6½" — \$3.55 12+ \$3.19

SB10282 5½" — \$3.25 12+ \$2.92
SB15406 6½" — \$3.55 12+ \$3.19

D. Sterile Disposable Scalpels
 Plastic handle shaped for comfortable grip and easy manipulation of high-quality surgical steel blade. Honed to provide extremely sharp cutting edges. Packs of 10.
SB15239 No. 10 Blade
SB15240 No. 11 Blade
SB15241 No. 21 Blade
Pack — \$24.95

E. Surgeon's Handle No. 3
 No. 3 surgeon's handle for Nos. 10, 11, 12, and 15 surgeon's blades.
SB06903 — \$5.55 12+ \$4.99

F. Probe and Seeker
 Mall probe 6"L. Solid steel, chrome-plated. Angular, semi-blunt tip. 6 mm dia. Hexagonal handle.
SB07838 — \$1.55 12+ \$1.39

G. Scalpel
 One-piece scalpel, 1½" blade, satin finish handle. Superior grade.
SA01179 — \$1.75 12+ \$1.57

H. Surgeon's Handle No. 4
 No. 4 handle for Nos. 20, 21, 22, 23, and 24 surgeon's blades.
SB07833 — \$5.55 12+ \$4.99

I. Plastic Fine Point Forceps
 4"L (11 cm).
SB18875 — \$1.35 12+ \$1.21

J. Safety-Lok Scalpel — Student Grade
 Chrome-plated forged steel with screw lock to hold No. 22 blade firmly in place.
SA01177 — \$2.05 12+ \$1.84

NOTE: For replacement blades, order No. 22 blade (SB09348).

K. Surgical Scalpel Blades
Pack of 10
SB09342 No. 10 **SB09348** No. 22
Pack — \$2.35

Nasco Dissection Pans

High-density polyethylene pans:

- Less expensive than aluminum
- Will not rust, crack, or leak
- Bottom retains shape — does not become rounded with use
- Not as deep — easy to perform routine dissections
- Designed to be used with Flex-Pads only, not with wax
- Chemical resistant
- Stackable for storage

Small Basic Dissecting Pan

Designed for grades with routine dissections using earthworms, crayfish, clams, grasshoppers, sea stars, perch, and grass frogs. Outside dimensions: 10" x 7".

Medium Standard Dissecting Pan

For general student use in dissection. Available in both tough, high-density polyethylene and durable, one-piece aluminum construction. Neither will rust, crack, or leak. Outside dimensions: 11½" x 7½".

Product No.	Description	Each	10+
SB11667	Basic Polyethylene Pan Only (10" x 7")	\$2.95	\$2.65
SB14452	Basic Flex-Pad Only (Fits 10" x 7" Basic Pans)	\$10.25	\$9.22
SB11670	Basic Cover Only (Fits 10" x 7" Basic Pans)	\$4.15	\$3.73
SB15232	Standard Polyethylene Pan w/Flex-Pad and Cover	\$20.95	\$18.85
SB15233	Standard Polyethylene Pan w/Flex-Pad	\$16.25	\$14.62
SB15234	Standard Polyethylene Pan Only	\$8.25	\$7.42
SB08756	Standard Aluminum Pan w/Flex-Pad and Cover	\$24.60	\$22.14
SB07237	Standard Aluminum Pan w/Flex-Pad	\$20.50	\$18.45
SB07238	Standard Aluminum Pan Only	\$12.95	\$11.65
SB07239	Standard Flex-Pad Only (Fits 11½" x 7½" Standard Pans)	\$9.75	\$8.77
SB08753	Standard Cover Only (Fits 11½" x 7½" Standard Pans)	\$4.65	\$4.18
SB07241	Deluxe Flex-Pad Only (Fits 12¾" x 9" Deluxe Pans)	\$13.95	\$12.55

Nasco Large Animal Dissection Tray

Designed for cats, rabbits, mink, and other large animals. Unbreakable, lightweight tray is chemical-resistant and has a skid-resistant bottom. Stack trays for storage. Clear plastic cover fits firmly over tray to prevent moisture loss and nestles for storage, but is not designed to stack with specimens inside.

Product No.	Description	Each	10+
SB32649	Tray, Flex-Pad, and Cover	\$91.95	\$82.75
SB07288	Dissection Tray and Pad	\$79.95	\$71.95
SB09565	Tray Only (30" x 16")	\$49.95	\$44.95
SB07840	Flex-Pad Only (23" x 10")	\$34.95	\$31.45
SB09913	Cover Only	\$22.95	\$20.65

Nasco Flex-Pad Bulk Sheets
 Trim with scissors or utility knife to fit irregular-size dissection pans. Basic, standard, or deluxe Flex-Pads will fit the vast majority of pans in use. Each bulk sheet fills about four dissection pans. Bulk sheet size: 24½" x 17".
SB09801 — \$57.95 10+ \$52.15

ONLY AT NASCO

Nasco 18" x 11" Dissection Tray Complete Set
For large pigs. Dissection tray, pad, and cover.
SB46037 — \$49.95

Clorox® Disinfecting Wipes – 75 ct.
Easy, fast, and convenient wipes eliminate 99.9% of common illness-causing germs. Premoistened wipes clean tough messes and stains on a variety of common surfaces. Fresh scent. Case of 6.
BE01339 — \$56.95

All-Purpose Disposable Aprons
Tough, smooth white aprons of 1.75-mil polyethylene are liquid-proof. Covers most people below the knee. Plastic ties and neckline band fit comfortably. 28" x 45". 100 aprons per dispenser box. 5 dispenser boxes per case.
W05863 Box of 100 — \$24.95
W05864 Case of 500 — \$114.95

Economy Safety Glasses
Wide, single-piece lens and adjustable temples. Made of durable polycarbonate. Meets ANSI Z87.1 high impact standards.
SB32854 Blue Frame
SB39510 Black Frame
Each — \$3.95

Fog-Free Chemical Splash Goggles
Fog free with high-quality PVC frame, polycarbonate lens, and indirect ventilation. Meets ANSI Z87.1 standards. Can be used in goggle sterilizer.
SB06969 — \$9.95

Chemical Splash Goggles – Indirect Ventilation
High-quality PVC frame. Polycarbonate lens. Meets ANSI Z87.1 standards. Light blue or light green tint.
SB25324 — \$2.95

Disposable Dissection Trays
Set of 30. 9¼" x 11¼".
SB41945 — \$8.95

Paper Towels
Bleached one-ply paper towels. 9½" x 9½". Pack of 250.
C11020 — \$6.19

Blue Nitrile Gloves
100% synthetic nitrile polymer, gloves are latex, powder, and odor free. Box of 100 for small, medium, and large; box of 90 for x-large. 5 mil thickness.
C20030 Small
C20031 Medium
C20032 Large
C20033 X-Large
Each — \$19.95

Gold Latex Powder-Free Gloves
Made with light chlorination rinse. Nonslip, tacky surface provides excellent grip for both dry and wet applications. Minimum risk of potential glove-related chemical or protein allergies. Box of 100 for medium and large; box of 90 for x-large. 4 mil thickness.
C31908 Medium
C31909 Large
C31910 X-Large
Box — \$16.95

Low Density Polyethylene Powder Free Gloves
Dispenser box of 100 gloves. 1½ mil thickness.
SB48963 Small
2100320 Medium
2100321 Large
Box — \$4.95

Translucent Lab Aprons
6-mil thick plastic. Resistant to lab chemicals, acids, bases, oil, and grease. Ties at waist and neck are reinforced with cloth tape.
SB37257 36"L x 27"W — \$7.95
SB37256 42"L x 27"W — \$6.95
SB37258 46"L x 36"W — \$7.95

Ultrasonic Cleaner Lab
Quiet, solid state circuitry; high-powered transducer for superior cleaning; large tank capacity; and cooling fan. Five cycles with digital time display. 1,400 ml (2.40 pints) capacity. 110V. 9" x 7" x 6¼". *This product is not eligible for discount with contract pricing, sale pricing, or other promotions.
SB47541 — \$164.95

UV Sanitization Cabinet
Sanitize goggles, supplies, or other shared materials quickly and safely. Powered by a 25W UV lamp and includes 6 adjustable shelves. Place on desktop or wall-mount. Safety switches and key lock ensure secure use. 26"L x 10"D x 29"H.
NE30051 — \$695.00

Reusable

Black Wax Dissecting Pans
One-piece aluminium construction will not rust, crack, or leak.

Product No.	Description	Each	10+
SA00328	Standard (11½" x 7½") with Wax	\$21.95	\$19.75

Nasco Standard Stereo Microscope

Has all the quality and basic features necessary for dissection, botany, and earth sciences.

Specifications:

- 45° inclined head for optimum viewing efficiency and comfort
- Head raises, lowers, rotates 360° on pillar for off-base viewing
- Paired 15X wide-field eyepieces with rubber eye shields (3X objectives - magnifies 30X)
- Interpupillary adjustment
- Diopter adjustment on one side
- Top and bottom LED illumination, corded
- Rack and pinion focusing protected by slip clutch
- Tension control adjustment eliminates drift
- High-intensity, low-voltage illumination for optimum light
- Reversible black/white stage plate (also includes frosted glass stage plate)
- All parts lock on
- Base mounted on/off switch, heavy-duty three-wire safety cord and plug
- Dust cover
- Limited lifetime warranty

Nasco QZE/QZF Zoom Stereo Microscopes

Ideal for studying living organisms, dissecting small specimens, studying crystalline or rock structure, plus electronic and small part inspections. Smooth in operation, it has a calibrated zoom range operable on both sides of the head.

Specifications:

- 45° inclined head
- Diopter control ±5 on both ocular tubes
- Magnification: 7X-45X
- Objectives: 10X wide field
- Working distance: 90 mm
- Interpupillary adjustment from 55-75 mm
- Coated optics for crisp image, superior resolution, and excellent stereoscopic effect
- Rack-and-pinion focusing with slip clutch and tension adjustment
- 94 mm clear and reversible black/white stage plate
- Diagonally adjustable top light creates desired amount of light on stage plate
- Separate light intensity control for top and bottom illumination
- Three-way, built-in illumination allows transmitted, incident, or dual lighting
- Dust cover and instructions

QZE. Binocular head and a cluster of mini LED light panels for illuminating top and bottom. LED lights have long life and a cool temperature. **SB50598 – \$580.00**

QZF. Trinocular head for CCTV or digital photomicrographic system. LED top and bottom illumination. 2.5X photo eyepiece. 35 mm camera adapter with Minolta mount. **SB50599 – \$610.00**

Plastic

Plastic Slide Lab Pack
50 unbreakable 1" x 3" slides and cover slips (22 mm square), as well as a booklet of 50 sheets of lens tissue. **SB16377 – \$12.25**

Round Glass Magnifiers

General-purpose glass magnifiers suitable for routine examination of biological and geological specimens. Chrome rims with black plastic handles. 3" dia. 2–2.5X magnification. **SB16441 – \$6.50**

Hand Magnifier

Student magnifier molded of optical grade acrylic. 3X magnification with a 1 3/8" dia. lens. **SB18007 – \$1.50**

Allied® Wood Science Tables with Chem K-12 Top

The most popular science, STEM, and makerspace tables for K–12 environments. Eco-friendly Parawood construction. Superior stability and wobble resistance, low-profile apron, protective rubber boots, steel corner brackets, and adjustable leveling glides. Tops and frames pre-assembled.
NE30505 24" x 48" – \$465.00
NE30506 24" x 54" – \$515.00
NE30507 24" x 60" – \$530.00
NE30508 30" x 60" – \$535.00
NE30509 30" x 72" – \$580.00

Connect tables with magnets

Mobile Project Collaboration Tables

Solid hard maple using thru-bolt reinforced mortise and tenon joints. 3" casters. Front casters are total-locking so the wheel will not turn and the caster itself will not rotate. Overall height: 36". Constructed with magnets so tables can be connected or disconnected without tools. Allow extra delivery time.

Product No.	Size	Top	Each
Z51231	30" x 60"	HPL	\$900.00
Z51232	30" x 60"	Epoxy resin with maple base	\$1,700.00
Z51230	30" x 72"	Maple	\$999.99
Z51233	30" x 72"	Epoxy resin with maple base	\$1,900.00

Steel Stationary Stools

Large, heavy-gauge steel seat with tempered Masonite panel. All-welded, tubular-steel frame, channeled footrest, and no bolts. Gray color. 14" seat dia. Allow extra delivery time.
9715463 Seat Height 18" – \$119.00
0900743 Seat Height 24" – \$94.00
0900745 Seat Height 30" – \$104.99

ADA Mobile Lab Station
Chemical-resistant laminate. Stainless steel sink equipped with electric water pump and two water bottles. Water pump is operated with a toggle. 72"L x 24"D x 33"H. Allow extra delivery time. 🚚
Z15102 — \$3,120.00 **F**
Z11219 Combination Mirror/Markerboard — \$173.04 **F**

Economy Mobile Lab Table
Storage for water bottles and 2 adjustable shelves behind sliding doors. Top is black 1/4" plastic laminate. Sink: 15"W x 13"L x 5"H. Table: 48"W x 24"D x 36" H. Oak with natural finish. Allow extra delivery time. 🚚
Z18488 — \$1,980.00 **F**

Mobile Demo Table
Chemical-resistant, earth-friendly maple demo table with 500-lb. capacity. Unbreakable aluminum sliding door glides and lock, laminated top, inlet and duplex outlet, and two adjustable shelves. Top: 72"W x 24"D. Allow extra delivery time. 🚚
Z50293 — \$1,800.00

Stainless Steel Lab Cart
300-lb. capacity. Shelves are electronically welded to legs. Padding under cart shelves deadens vibration and noise. Protective bumpers on legs and handles. Overall size: 16 1/4" x 27 1/2" x 32 1/8". Shelf size: 15 1/2" x 24". 3 1/2" swivel casters. Allow extra delivery time. 🚚
Z09515 — \$397.24

Connect anatomy lessons to careers

Help students develop fundamental skills that can translate into future careers with high-quality training tools. With hands-on practice, students will gain real-world experience in your classroom.

Animals

Expand the study of animal science and healthcare in a hands-on way. For students interested in pursuing careers in veterinary sciences, simulation training will give them practice in giving animals the care they need.

Dog Skeleton Model

Axial skeleton is made of trunk bones and skulls. Limb bones include forelimb and hind limb. PVC with black base. 23 3/8" x 7 7/8" x 11 13/16".
C35661 — \$127.50

Life/form® Canine IV Leg

A fully functional canine IV leg trainer at an affordable price. Represents the left foreleg of a medium-sized dog in the sternal recumbent position with two interchangeable sleeves — normal fur for routine blood draws and a "shaved" area for IV catheter insertion. Replaceable vein system demonstrates actual blood flashback. Great for bandaging and restraint/assistance practice as well. Ideal for veterinary schools and vet tech programs. Portable storage box with built-in IV pole, blood powder, syringe, IV catheter, and two fluid supply bags.
LF01016 — \$295.00

Humans

Dig deeper into biology and anatomy concepts with a range of anatomical models. Students can get a closer look and a better understanding of how the human body works.

Enhanced 5-lb. Muscle and Fat Replicas

Realistic 3D replicas visually portray body muscle and human fat. Muscle replicas are designed to show the muscle configuration developed through exercise. Replicas represent approximate volume of real muscle tissue; weights vary. Fat replicas represent approximate volume of real fatty tissue; weights vary. Made of long-lasting vinyl plastic.
WA25814 — \$385.95

Human Skeleton

Legs, arms, and skull with 32 teeth that are removable. Mandible hinged with springs. Calvarium sectioned to permit study of cranial vault. 5'7"H. Allow extra delivery time. 🚚
SB02011 — \$391.18

5 reasons teachers love Nasco Try-It Dissection Kits

- 1** Economical kits are easy on the budget
- 2** Small, low-odor specimens for quick cleanup
- 3** Perfect intro to anatomy projects
- 4** Great for independent or small-group study
- 5** Kits come with a specimen, tools, apron, guide, and gloves
