MARIJUANA
**FATAL
VISION**

VIVIDLY DEMONSTRATE
THE CONCEPT OF
IMPAIRMENT
from the safety of the classroom

With Fatal Vision® students can experience everything from the results of using recreational marijuana or drinking alcohol, to the potentially debilitating effects of a concussion and how it impacts them in their everyday lives.

Fatal Vision® Marijuana Simulation Experience

Models the distorted processing of visual information, loss of motor coordination, and slowed decision-making and reaction time resulting from recreational marijuana use. Instructional materials and videos guide program delivery for each of the activities, gives participants an understanding of cognitive impairments associated with recreational marijuana use, and demonstrates the potentially severe consequences that can result. For more information on the kits below, visit nascoeducation.com. Allow extra delivery time.

Starter Kit. Contains 3 activities, each demonstrating a distinct type of impairment and the necessary resources to help you build a program to educate about the potential dangers resulting from recreational marijuana use. Includes 1 pair of goggles.
Z51584 – \$925.00

Event Kit. Contains 6 activities and the required accessories to help you deliver a memorable experience. Includes 1 pair of goggles.
Z51550 – \$2,853.00

Fatal Vision Opioid Program Kit

Help students actually experience the simulated effects of opioid use. Making them aware of the negative consequences gives them a new perspective and understanding of the inherent dangers. Students will get to experience divided attention failure, nodding out, contrast sensitivity impairment, and heaviness and lethargy of the extremities. Kit includes Fatal Vision Opioid goggles with case, wrist weights, Opioids Addiction, Overdose and Death DVD, in-app educational materials, germicidal disposable wipes.

Ready-or-Not Tot® Parenting Simulators

Offer a realistic parenting experience with these functional, versatile parenting simulators that will benefit any pregnancy education program. Use to demonstrate proper baby handling and care. Lifelike, anatomically correct simulator resembles a 20" L newborn, complete with soft body and movable head. Each manikin cries at preselected intervals around the clock, requiring students to tend the "baby." Easy to operate — includes simple directions. Choose from 4 different models. All models except for Basic provide programmed tending events that are unpredictable to the student but easy for the teacher to monitor, and the included teacher correction template allows for quick student evaluation. Parenting simulators are educational tools and intended for students over 12 years of age. Latex free.

DEVELOPED BY NASCO

Basic

A crying parenting manikin that teaches childcare techniques without breaking the budget.

Standard

The original manikin that simulates a baby's varying needs.

Intermediate

A cost-effective simulator with a "day care" feature, which allows the program to be paused during class time.

Enhanced/Drug Affected

A simulator that demonstrates the effects of drug use and extra childcare requirements.

The Empathy Belly® Pregnancy Simulator

A specially designed, weighted vest that allows teens and adult males and females to experience pregnancy firsthand and gain a realistic understanding of what it feels like to be pregnant. Developed by Birthways, Inc.

Over 20 symptoms and effects of pregnancy are felt including:

- Weight gain of 30–33 lbs.
- Pregnant profile — enlarged breasts and abdomen
- Pressure on bladder and other internal organs
- Shortness of breath
- Postural changes of back and shift in center of gravity
- Mild fetal kicking “movements”
- Increased body temperature and perspiration
- Awkwardness in body movements
- Change in personal and sexual self-image

Effects are simulated through the use of a rib belt and strategic positioning of various weighted components. In order for the “pregnant” belly to look and feel realistic (rounder), it needs more water in the vinyl bladder. This teaching model includes an instructor’s training manual and DVD, laminated flashcard, 30 informed consent release forms, and a laminated color poster on the third trimester of pregnancy. Should not be used on anyone weighing less than 100 lbs. or more than 300 lbs. Fabric U.S.A. and imported.

Large Version (33 lbs.) with Expectant Father/Adult. Designed for men of average or above-average size/older teenage boys of above-average size or have the build of an adult male. Includes DVD. SB43113 — \$950.64

Small Version (30 lbs.) with Pregnancy Prevention. Fits most women, men of small stature, and most teenage girls and boys ages 12–18. Includes DVD. SB43112 — \$979.20

Big Blue Base with Short Post

Big Blue Base with Tall Post

Nasco Big Blue Base System
Use to play volleyball, netball, badminton, and more. PVC base can be filled with water, sand, or pea gravel. Tip-n-roll wheel feature. Insert a tall or short post, then use a single bolt to lock in place. Tall post adjusts from 61" to 96"H, has a push-pin locking system, and features pre-marked holes for men's volleyball, women's volleyball, junior volleyball, and badminton official heights. Short post adjusts from 41" to 66"H and is great for tennis up to official badminton height. Lightweight, 20"L x 23"W net remains square and taut no matter what the height of the bases. 2 nets at same height can share 1 post due to the offset, elasticized, hook-and-loop post grabber.
