Self-piercing tips make a clean, precise incision. Tag basks will not snag, pull out, or break off. Apply using the Z® Tags No-Snag Applicator (below). 3"W x 41/2"H. Sold in packs of 50.

	Yellow Green Orange Chartreuse Purple	C31720 C31721 C31722 C33093 C33095			Red Pink Gray White Blue	C33096 C33766 C33768 C33769 C33770
Pack — \$31.99						

Z° TAGS NO-SNAG APPLICATOR

Designed exclusively for use with New Z Tags[™] for a tagging system with proven superior retention. Features a pivoting pin that makes loading tags easier. Special pin-system applicator uses no knives or blades. Pin fits in New Z® tag's hollow stem and pushes cutting tip through the ear in one smooth motion. Pin flips up instantly for fast, easy release preventing torn ears and human injury. Weighs just 6 oz. and locks closed so it can be easily put in a pocket between applications. 10"L. Includes 1 pin. C19312-\$36.99

Exclusively for use with Z2 No-Tear-Tags[™], this applicator has a dualaction kickback jaw that automatically retracts once tag is inserted. Together with a handy, flip-out pin, the tagger virtually eliminates ripped and torn ears, even when tagging young calves. Faster healing of the insertion site means improved tag retention and less risk of infection and lost tags. 14"L. C33546-\$62.99

Z° TAGS NO-FADE INK MARKER Ink lasts for a minimum of 4 years. One tip. 12 ml. Black. C19311-\$11.29

Used with a drill for rotation, the roto brush trains and stimulates leg wool and hair growth when used as part of a daily care routine. For show day, use it to pull up, separate, and define leg wool and hair. Alternating long and short bristle rows reach deep while working the surface for maximum definition. Ideal for cattle. 5³/₈"L brush head. C32665-\$25.75

A WEAVER® EXHIBITOR'S **ESSENTIALS COMB TRIO**

Includes one each of the show, fluffer, and skiptooth combs 7½"L x 9"W x 3"H Black C32395-\$49.99

B SULLIVAN NONSTICK DOUBLESTUFF COMB

Nonstick coating on the comb teeth reduces friction and allows the comb to glide through the hair easier with minimal buildup, especially with a sticky substance like adhesives. Wood handle with texturized grip. C32003-\$74.99

C WEAVER® SHOW COMB

Black plastic buffer with wood handle is designed for both thick and thin coats of cattle to invigorate the hair follicles and skin to promote hair growth. 6¼"L x 9"W x 2"H. C32652 - \$23.25

D SULLIVAN XL SMART SENSATION BRUSH

Stimulates blood flow that releases natural oils from skin to coat hair and promote healthy hair growth. Amplifies volume as it lifts up from the hide. 54% more teeth, wider version of the brush above, with 199 ball-tipped teeth in 10 rows. C32006-\$34.99

E SULLIVAN COMB

Wood handle provides a comfortable grip when grooming animals. The ultimate comb for showmen. 6" standard. C34006-\$26.99

SULLIVAN SMART SCRUB BRUSH

Created from high-quality material for durability. With added length and openings on the strap, it will comfortably fit any sized hand. 7½"L x 3½"W. C34583-\$8.29

G SWEAT SCRAPER

Wipe sweat away with this lightweight, heavyduty scraper. 10³/₄" rubber blade with 5¹/₄" plastic handle. No color choice. C12298-\$7.14

H DECKER KING-SIZE 6-BAND CURRYCOMB

Strong, reversible 6-band construction will cover more area and do the job quicker than a 4-band comb. Overall length including handle: 10". No color choice. C02102-\$9.69

METAL 4-BAND CURRYCOMBS

Strong, reversible, and double faced with 4 circular bands and composite inserts. Sharp teeth on one side, rounded on the other. Molded polypropylene handle. 9"L including handle. **C00094** Steel-\$8.29 **C02391** Stainless Steel - **\$11.99**

SULLIVAN MINI SOAP FOAMER

Ideal for small animal exhibitors. Fill with shampoo, attach hose, and spray pre-lathered shampoo. Dial on the foamer adjusts the concentration of soap, and when finished, turn the dial from the soap setting to the rinse setting without disconnecting hose. Reservoir holds 4 oz. of shampoo. C33357 - \$18.99

EPDM rubber hoses won't crack, check, or separate. Sure-Grip[™] technology resists kinking and coils easily, even in weather down to -25° F. Hot water resistant up to 160° F. Durable, abrasion-resistant cover is acid resistant. Nickel-plated brass fittings are crushproof, allowing them to be run over without crushing. 340 psi pull strength ensures fittings will not pull off the hose. Lifetime warranty.

C34943

SCHAEFER F5™ LIVESTOCK CIRCULATION FAN

Dependable, long-lasting motor with low-solidity ratio blade for efficiency and quiet operation without losing airflow and speed. Heavy-duty steel guards with reinforced ribs and outer rings. Powdercoated black finish over guards. Corrosion resistant inside and out for durability and long life. Flexible 7' cord with water-resistant and weatherproof on/off switch for convenient operation. Hang mount included for easy setup and take-down. 115/230V. 24" dia. ½ hp, 1,725 rpm, 7,700 cfm. Allow extra delivery time. C33424 - \$429.99

HEAVY-DUTY HOT WATER PISTOL

Withstands temperatures up to 160° F at 100 psi. Heavy-duty construction and thermal insulating grip provides control over hot water. C33873 - \$17.99

SULLIVAN WATER PURIFIER

Removes chlorine and other elements, keeps animals drinking while on the show road. Can use at home. Promote better hair growth and reduces flaking skin. Simply screws onto your faucet. C31304 - \$69.99

BRASS HOSE SWIVEL

Swivels under pressure, allowing movement between the hose and attachment. Now the hose can be unwound without having to manually twist the hose. C33968-\$17.99

MOUNTING BRACKET FOR FANS

Fits suspension-mounted fans. Attaches to tab on fan motor. Designed to hang fan from a 2x4 or ceiling truss. C32487-\$16.99

SULLIVAN 28" SHOW BARN FAN"

Quiet-running, 28" fan disperses airflow in a wide air pattern. Deep cage design allows for less friction between fan blade and fan case, resulting in a quieter fan. Heavy-duty, ½ hp, ball-bearing motor draws only 4 amps. Front-hinged, black cage opens to provide easy access to clean blades. Includes motor, cord, blade, and guard. Fully assembled. Allow extra delivery time. 🖚 Z19838-\$549.99

SULLIVAN TURBO™ LIVESTOCK FANS

Fans are equipped with heavy-duty motors. Powerful and problem free. Blade design blows at a higher velocity and provides more airflow with a wider path of air movement. Complies with OSHA regulations. Durable front guard opens for easy blade cleaning. Fan Bracket Hanger (C34943) sold separately. Allow extra delivery time. 🖚 20". ¹/₃ hp motor. 1,725 rpm. 4,792 FPM. C24104-\$479.99

24". ½ hp motor. 1,740 rpm. 5,560 FPM. C15250 - \$569.99

Fan Bracket Hanger. Easily hangs from a 2x4 or rafter. 15½" x 2" x 2". C34943 - \$26.99

WALL/CEILING BRACKET

Mounts to walls, posts, or ceilings. Adjustable pivot bracket allows omnidirectional air circulation. Bracket has three mounting holes (each ¹³/₃₂" dia.). NOTE: Not recommended for use with oscillating circulators when ceiling mounted. C29201-\$89.99

Height is adjustable. 1½" tubing. No heavy base required. Mounting brackets included to nail to front of stall. Holds one or two 24" fans, or one 30" fan (not included) C15772-\$169.99

C14858	Bottom surgical blade/23-tooth top (see C14850 & C14848, above)	\$83.99

LISTER[®] STAR CLIPPER

Maintains constant speed, even in areas where the coat is thick or dirty. Slim, balanced grip for comfort. Lightweight. 2,800 spm. Patented ventilated head prevents blades and head from getting hot and also helps keep hair away. Overload switch protects the motor from damage in the event of a jam. Removable, replaceable air filters. Includes fine blade and case. Compatible with blade sets listed below. 110V. 1-year warranty. C26770-\$349.99

PREMIER 4000C

For slick-shearing club lambs and "plowing" off cattle hair. Motor produces less heat and is smaller in size, lighter in weight, and shorter in length than any other clipper. Fan forces air forward through the heads, enabling heads to run 20° F cooler. Rarely slows down under load. Will drive shear head. Quieter sound is less likely to upset animals. 2,850 strokes at 120V. Includes fine blade and case. 3-year warranty. C24731-\$394.99

LISTER® FUSION® CLIPPER

Clips on the first pass and doesn't bog down. Rotary motor with 2 speeds (2,500 and 2,900 spm). Lightweight (2 lbs.). Ensures cool running during heavy duty applications. Simple blade and tensioning changes make maintaining the blade easy. Easy to clean and oil. Automatic overload protection. Reset function. 16' cord. Includes Lister[®] fine 35 tooth clipper blade, cleaning brush, R15 oil, screwdriver, and instruction book. 2"D x 25/8"W x 123/16"H. C36322-\$399.99

BOTTOM BLADE	TOP BLADE	BLADE SET

Cordless drill attachment (power drill not included) with circular blades trims a dairy cow's tail quickly and easily. In just a few seconds, with no pre-cutting, the cow's tail is trimmed for a year. As the industry and consumers move away from tail docking, TailWell2[®] is a much better alternative over scissors and clippers. Lightweight, cordless drill attachment fits to a 14V, 1,200-1,700 rpm cordless drill. Minimal maintenance, only a few drops of oil every 20-25 tails. Hardened steel blades. C30821-\$499.99

Replacement Blades Only C30822-\$259.99

TAILWELL® TITANIUM POWER TAIL TRIMMER

Cordless drill attachment (power drill not included) with circular blades allows for quick and easy tail trimming. Titanium-nitrade coating prevents the fast degradation that sand causes on cutters. Cutters will last up to 3,000 sand-embedded tails (or about 6,000 non-seriously contaminated tails). Trimming takes only a few seconds per tail.

WATERPROOF BIBBED OVERALLS

Lightweight, waterproof design keeps you comfortable and dry. Veterinarians and farmers use them for milking, power washing equipment, delivering calves, vaccinating, and more. Wear over your pants. Features a secure inner pocket with zipper for cell phones and chest pockets for medicine and syringes. Machine wash and dry. Inseam length is approximately 30", but tends to fit 32"–34" length due to the lower crotch. Waterproof nylon. Fabric imported.

SHEEP + GOAT EQUIPMENT

Ideal for small, weak lambs. Soft, pliable nipple to make suckling easier. Neck I.D. 11/16". 8 oz. bottle. C06249-\$2.74

farm babies. Plastic bottle with nipple. Quart. C34906-\$7.49

REPLACEMENT NIPPLE

FOR LAMB SAVER

C05010-\$2.39

This 4-lb. wool bag is made of 12-oz. burlap. 90" x 40" with hem top. Cut full-size and sewn with 100% cotton thread. Holds approximately 30-35 fleeces. C07072-\$15.49

TOPPER POP BOTTLE NIPPLE

Recycle any plastic screw-top soft drink bottle with a 1.1" dia. neck by adding this cap and nipple to create a lamb nursing bottle Compression-molded rubber nipple and the ball valve in the cap promotes nursing by letting air in steadily. UV-protected rubber compound. 1-year warranty. C25271-\$3.29

PRITCHARD FLUTTER VALVE NIPPLE

Best for feeding weak or newborn lambs. Soft red latex teat with plastic base screws onto a 28 mm glass or plastic bottle (pop bottle size). A metal bearing "valve" inside nipple lets airflow in smoothly, but controls milk flow. C16651-\$3.19

FEEDING TUBE & SYRINGE Pliable feeding tube is an effective way to feed newborn lambs the ewe's colostrum that is essential for their survival. 60 cc syringe. C11880(C) - \$3.49 Feeding Tube Only. 16"L rubber tube. C11880(B) - \$2.79

LAMB NIPPLE SET Simple, rugged bucket teat unit mounts at the bottom of almost any bucket or plastic container by drilling a 1½" hole. No tubes necessary. Easy to clean. There is no one-way valve inside the nipple, so lambs have nothing to "chew" on.

C13700-\$5.69

Replacement Red Rubber Nipple C13700(B) - \$1.69

A CALFETERIA-TYPE FEEDING OUTFIT Bucket with lamb-level holes, each fitted

B

with a special nipple and a tube that reaches into the milk. Lambs "drink through a straw." Feeds 10 lambs at once — handles 50 to 60 lambs in less than half an hour. Includes 3½-gallon bucket with lid, 10 nipples, 10 tubes, 10 one-way check valves plus a tube-cleaning brush. C12609-\$73.99

Lamb/Kid Feeding Teats. Can be used in a Calfeteria-Type Feeder. Teat can be fitted through a $\frac{1}{2}$ " (14 mm) hole and will take 7/16" (11 mm) O.D. Calfeteria-type delivery tubing in the back. It can also be stretched over a pop bottle as a bottle feeder, but this configuration requires an air inlet. C09958 Gray Teat with ¹/₁₆" Hole Tip - **\$3.19** C30740 Black Teat with Cross-Cut Tip - \$3.19

B BUCKET HOLDER RING

Elevates feeding buckets to an ideal height. Bolt or weld to a tire rim for a no-tip bucket holder. 11" dia. welded metal ring with 4 legs (each 8"). Ideal for holding Feeding Outfit (C12609, above). C12610-\$31.99

EXCAL LAMB/KID REGULAR TEAT

Replaces softer lamb/kid teats as the animals get stronger and start chewing the teats. Black teat is made of stronger, harder rubber that is longer lasting. C30704-\$4.79

LITTLE SOFTY STARTER NIPPLE

Inverted tip design prevents leakage in gravity feeders. Nipple is soft for newborn lambs and kids and is used in Shoof lamb and kid feeders. C28211-\$4.99

MILK BAR™ NURSERS FOR LAMBS/GOATS

Exclusive Milk Bar[™] nipple design slows down gulping that prevents choking and also promotes salivation essential for proper digestion and stomach development. Helps prevent crosssucking that can spread infection. Durable pink poly container hooks onto wire or 1x4 wood rail and the gravity-flow nipples require no valves or tubes.

Milk Bar™ 1 for Lamb/Goat. Holds about 3

auarts. C28830-\$48.99

Milk Bar™ 5-Compartment Lamb/Kid Feeder. Each compartment holds 10 fl. oz. of milk. Mounting brackets fit any rail width from wire panel up to $2\frac{1}{2}$ ". C35690-\$144.99

Milk Bar™7 for Lambs/Goats. Holds about

4 aallons. C28833-\$144.99

SHOOF LAMB/KID MILK TRAIN

Shoof Little Softy no-leak teat ensures proper feeding. 4-qt. capacity with splash space to spare. Individual chambers: 25 oz. (750 ml) each. Four-place feeders join together to make an 8- or 12-place feeder. Stackable with teats on. Replaceable rail hooks secure feeder to most pipe or wood rails up to 11/2" (38 mm) thick. Remove rail hooks and attach bracket for wall mounting. 161/2"L x 6"W.

C28753-\$110.49

Milk Bar™ 10 for Lambs/Goats with EZ-Lock.

Features patented E-Z lock mounting bracket

that will fit any rail width from wire up to $2\frac{1}{2}$ ",

will lock in place, yet is easily removed with a

light touch of the catch. Holds about 9 gal-

Milk Bar[™] Teat for Lambs/Goats. Lasts twice as

long as other nipples. Black rubber nipple fits

lons. Allow extra delivery time. ቚ

all styles of Milk Bar™ Self Feeders.

C28832-\$194.99

C28831-\$6.49

SHEEP + GOAT

LAMB CREEP FEEDER

Durable feeder that creep feeds lambs efficiently. High-density polyethylene, long lasting, and easy to clean. 72-lb. capacity. 24"L x 8"W x 24"H. Each opening is approximately 11" x 5". Bottom lip is 3½"H. No lid available. Includes mounting brackets. Allow extra delivery time. 🗭 C13911-\$144.99

LAMB NIPPLE

Fits an ordinary

C00231 - \$2.49

soda bottle. 2½"L.

SHEEP + GOAT TRIMMING STANDS

9-QT. HOOKOVER TROUGH

Ideal in creep pens or when feeding multiple animals together. Design reduces feed waste while promoting animal safety and improved health. Galvanized steel grid forms 6 feeding slots; helps keep animals from pushing others out while eating. Grid also adds strength to the feeder, and its reinforced hooks provide extra support on the ends. Impact-resistant, high-density polyethylene protects against warping, stress cracks, and UV damage. Universal secure mounting on any 2-by-wide board or wire livestock panels makes this a great indoor/outdoor trough. Mounting hardware included. 37¾ "L x 8‰ "W x 4‰ "H. Holds 9 qts. (2¼ gallons). I-year warranty. **C32326 – \$31.99**

B

A MINI SOLID-BACK WALL FEEDER

Portable, durable metal. Powder-coat finish. 22½"W x 19½"H with a 9½" x 20" top opening. Includes brackets to hang over a 2x4 fence rail. **C28405 – \$59.99**

B MINERAL FEEDER

Permits free choice in feeding. Features two independent 1³/₄-qt. compartments designed to administer feed, supplements, minerals, and vitamins. Flanges on both top and bottom of feeder allow sturdy installation. 12½"L x 5³/₄"H x 6¹/₄"D. **Cl4994 – \$6.39**

C HANGING HAY BAG

Great for barn or trailer. Two O-rings at the top for easy hanging. Red. 20" x 10" x 29". **C27341 – \$27.99**

D MINIATURE CANVAS HAY BAG TOTE

Easy-to-fill, top-loading bag. Holds one small flake of hay. Cotton canvas with nylon web trim. Mesh gussets. Blue. **C27826 - \$11.49**

6-SIDED FEEDER WITH POLY TUB

1/2" solid steel shaft supports, plus the bottom support, result in a tub height of 16" above the ground. Poly tub insert is easy to clean and saves on feed loss. 7" spacing between vertical uprights. Three steel sections pin together. 36"H x 32" dia. Allow extra delivery time. ➡ Z15607 – \$379.99

ADJUSTABLE ROLLER CREEP PANEL

Vertical ½" pipe for rollers are adjustable for width. Horizontal roller bar with 3 adjustable heights. Top and bottom pieces are heavy plate with multiple holes for adjustment of width of roller bars. 48"W x 42½"H. Additional drop pins included for pinning to other panels. 1-year warranty. Allow extra delivery time.

5' FOLDING PANEL Double panel with one #495 pin. 10'L x 40"H. Bars spaced 4½" apart. 1-year warranty. Allow extra delivery time.

WEAVER® TRIMMING STANDS & HEAD PIECE KITS

Easy to transport, fold completely flat. Front legs fold via piano hinges. Wide pad base on each leg provides stability. Adjustable front legs and head piece. Rounded corners. Three cross bars support wire mesh floor.

Weaver® Trimming Stand with Nose Loop Head Piece. Light enough to carry. Heavy-duty aluminum cross bars. Assembled: $48\frac{1}{2}$ "L x $24\frac{1}{2}$ "W x 19"H. Collapsed: $48\frac{1}{2}$ "L x $24\frac{1}{2}$ "W x 5"H. Head piece: 46"L. Allow extra delivery time.

Z49980-\$499.99

Weaver® Steel Trimming Stand. Powder-coated trimming stand handles larger animals like breeding sheep and goats. Steel cross bars. 50½"L x 24¾"W x 19"H. Allow extra delivery time.

Weaver® Head Piece Conversion Kit for Smaller Animals. Adjustable for

smaller animals with an aluminum head piece that works with Weaver® Trimming Stands. Wire head rest. 40". Adjusts from 18"–40". Allow extra delivery time.

Z49982-\$144.99

Gate Attachment Head Piece. Powder-coated steel. Easily attaches with bolts to a gate or rail. Allow extra delivery time. 249974 – \$124.99

Made of 1" square tubing; platform framed with 1½" angle iron; floor is ³/₄", 9-gauge flat expanded metal; neck reach is 1¼" square tubing; and head piece is formed of one-piece steel with plastic chain. Deck: 48" x 20". (Side safety rails available separately.) 1-year warranty. Allow extra delivery time.

Deluxe Portable Sheep Trimming Stand. Curved neck reach, fold-up ramp, and wheel kit. Deck: 17"H. 218104 – \$719.99

Standard Sheep Trimming Stand. Adjustable neck reach. Head piece adjusts 0"-8" from 19"H deck. Z15191 – \$489.99

WEAVER® ALUMINUM SHOW RAIL For use with smaller-size trimming stands. Removable/adjustable nose loops. Lightweight, removable stem. 16"L x 16"W x 36"H. Allow extra delivery time.

FOLD-UP GOAT STANCHIONS

Trimming stands or milking/feeding platforms. Fold up. Angle iron supports provide rigidity for heavy animals with lateral bracing. Stanchion assembly fits properly with up, down, and side adjustments. Allow extra delivery time.

Aluminum Stand with Stanchion & Trough. Deck: 48"L x 20"W x 17½"H. Head piece can be extended out 8" from the deck. Stanchion height: 16"–37". Z45660 – \$799.99

Steel Goat Stand with Stanchion & Trough. Deck: 48"L x 20"W 17½"H. Neck reach adjusts 0"–8". **Z15594 – \$579.99**

SHEEP + GOAT SHEEP + GOAT HEALTH

LIFELINE® RESCUE™ LAMB & KID **COMPLETE COLOSTRUM REPLACER**

Delivers energy plus 88 g of total protein (based on body weight) to ensure newborns thrive. Made from natural bovine serum. Easy to eat and digest. Dosage and administration: For each feeding, mix ¼ cup of powder into 4 oz. of water and give 3 feedings for a 4-lb. animal, 5 feedings for a 6-lb. animal, 6 feedings for an 8-lb. animal, and 8 feedings for a 10-lb. animal. C34289-\$59.99

ANIMA For primary and secondary copper deficiency in goats. Hard gelatin capsule releases copper oxide needles that lodge in oat folds of goat's stomach lining and slowly and steadily disintegrate. Copper reserves release gradually for approx. 6 months. 2 g Copasure®. For ruminating kid goats over 25 lbs. Pack of 24. C35637 - \$28.99

4 g Copasure[®]. For goats 50-300 lbs. Pack of 12. C35635-\$24.49

PRAIRIE PRIDE® VITAMINS & ELECTROLYTES POWDERED MULTI-SPECIES SUPPLEMENT

Water-soluble vitamins for use when animals are under stress. Dosage and administration for drinking water: Dissolve contents of one-half of an 8-oz. packet (4 oz.) in 55 gallons of water or one 8-oz. packet in 110 gallons of water. Dosage and administration as a feed additive: Thoroughly mix an 8-oz. packet per ton of complete ration containing the regular levels of fortification. 8-oz. packet. C34752-\$4.89

LAMB & KID COLOSTRUM ORAL GEL

Contains a source of live (viable) naturally occurring microorganisms, dried colostrum milk, and vitamins. **Dosage and administration:** Give 10 ml to newborn goats, sheep, or calves as soon as possible after birth; then 10 ml the second day and 10 ml the third day. 30 ml syringe. C27944-\$11.89

GOAT GESTATION CALENDAR

Identify the date of conception and the calendar identifies the approximate birthing date and other events. Water-resistant blue printing. Durable plastic. Hole in the top corner for hanging. 8½" dia. C30847 - \$12.25

MCCULLOCH MEDICAL[™] LAMB ASPIRATOR/RESUSCITATOR KIT

An effective, all-in-one device used to clear respiratory passages and pump air into a struggling newborn animal's lungs. This instrument aspirates on one end and resuscitates on the other, delivering volume of air with or without oxygen. Can be matched with a variety of aspirator/resuscitator mask sizes and used on newborn lambs, kids, alpacas, and llamas. Only one person is needed to operate. Safe, effective, and humane. Easily cleaned in 1:20 solution of bleach and water. Pumps and masks are long lasting with a 2-year replacement warranty. Kit includes aspirator/resuscitator pump, aspirator mask, resuscitator mask, instructions, and soft carry bag. C27427 - \$109.99

PREGTEST ULTRASOUND PREGNANCY DETECTOR FOR SMALLER ANIMALS

Displays location of density changes or tissue interfaces. When properly aimed at uterus, display shows a pattern for spike indicating pregnancy and no spike if the animal is open. Pregnancy detected as early as 14 days after breeding. Rechargeable batteries. 9"L x 8½"W x 3½"H. 2-year warranty. Allow extra delivery time. Z30373 - \$3.999.99

DRAMÍNSKI® PREGNANCY DETECTORS FOR SHEEP/GOATS

Detects amniotic fluid in uterus using wave reflection. Slowly move probe to let ultrasound beams hit uterus. Change of tone and light to intense pulse confirms pregnancy. For sheep: Optimal examination 60–90 days after breeding. **For goats:** Optimal examination 60–90 days after breeding. Requires 9V battery (included). 2-year warranty. C24475-\$489.99

NASCOSMALL ANIMAL WEIGHING SLING For newborn calves, lambs, and other small animals. 191/2" x 12", 13/4" straps, and easyto-connect 2" D rings. Overall length: 46".

GOAT WEIGHT TAPE

Easy to clean.

C12926-\$34.49

Measures the heart girth and converting length to an estimate of the animal's body weight up to 200 lbs. Marked in inches and millimeters. 44"L. C13681-\$6.29

WEAVER® RAM NYLON MARKING HARNESS

Ideal for purebred farm, flock, and westernrange operators. Holds sheep marking crayons above. Premium-quality nylon with nickel-plated hardware, weather-resistant harness is fully adjustable with a crossover design for more secure fit. Smooth and rounded corners will not irritate. C12521-\$39.79

LAMB & PIG PULLER

Strong, ³/₃₂" galvanized cable with metal handle support. Plastic outer tubes cover the cables. Soft, pliable snare loop expands from 2"-7". Disposable. Nonsterile. C14726-\$14.29

WEAVER® GOAT HOBBLE

Hook-and-loop fasteners for easy leg-cuff adjustment. 2" black polypropylene webbing. Middle strap is 2" W x 3½" L. Nickelplated hardware. C29738 - \$15.05

RAIDE

AEROSOL SPRAY MARKER FOR SHEEP

Formulated specially not to stain wool. Long lasting; removable by washing. Dries instantly; resists fading. Environmentally

friendly propellant. Makes approximately

x 36") with 20" hinge. Allow extra delivery time. 🗭 C26059-\$184.99

J PIG SORTER PANEL

Durable plastic panel to aid in the movement of pigs. Handle cutouts along edges. Effective, humane method of directing animals. 30" x 48". Allow extra delivery time. ቚ C31531-\$45.99

A DECKER RING O-MATIC HOG CATCHER

Handy, one-person use and operation. Aircraft control cable on steel handle, with self-locking feature, allows quick, easy snaring of animal. 35"L. Loop extends to 5¼" dia. C00769-\$74.99

B HEAVY-DUTY SHORTY HOG HOLDER

Tested to withstand a pull load of up to 1,400 lbs. Heavy-gauge. Comfort-grip rubber handle with galvanized aircraft cable loop. Approximately 8"L. C26886-\$45.99

C MEDIUM HOG CATCHER

Designed for easily catching and holding pigs and hogs. Made of heavy metal with hand grips and a self-locking device. 24" overall length including the cable loop. C13375-\$32.99

D POULTRY AND PIGLET CATCHER

45"L, ³/16" tempered wire with powder-coated finish. Handle is 12" x ³/₄". C18943-\$10.19

E ANIMAL GRABBER TONGS

Custom-made rubber jaw cushions with air pockets to create a softer grip. Cast aluminum with a special mix of titanium and magnesium for greater strength. Stainless steel aircraft-grade cable and components. No exposed cables or springs. 38"L. C23594 - \$99.99

F HOT-SHOT[®] SORTING PADDLES

Red plastic paddle head creates a visual barrier for livestock. Animals respond to the sound of BBs inside paddle. Comfortable golf club-style grip and vinyl covering. C26462 42"L-\$24.99 C26463 48"L-\$24.99

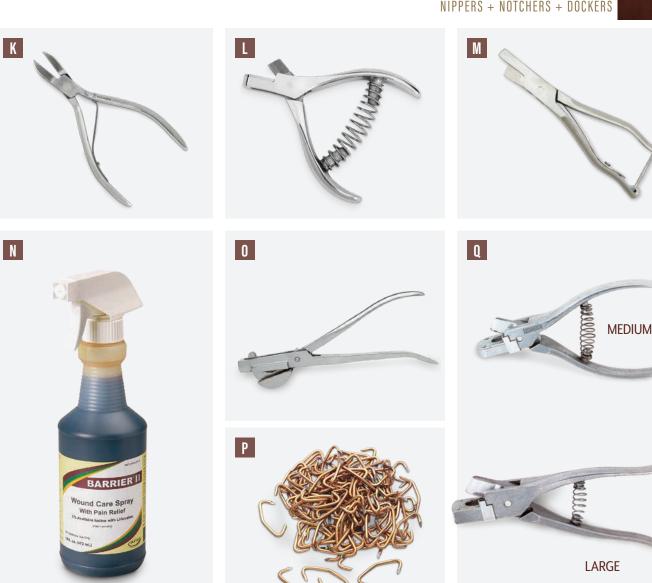

G RATTLE PADDLES

Animal-friendly paddles help move livestock easily. Rubber grip for better handling and comfort. Steel balls trapped in the paddle allow you to move animals by sound alone. Shatterproof 1/2" extruded fiberglass core with a rubber handle. One-piece construction. **C34272** 37"L-\$21.89 C34271 47"L-\$23.99

H FLEXCANE

Ultra-high molecular weight polymer. 38"L round cane with curved handle and no-slip grip. Hot pink. NOTE: Cannot be burned. C14364-\$37.99

K IDEAL® PIG TOOTH NIPPER

C34961-\$18.99

C07792-\$16.49

Use these nippers for clipping sharp needle

teeth on baby pigs, preventing damage to sow's teats. Stainless steel. 9½"L.

1 "V" SHAPE EAR NOTCHERS

Provides quick, clean cut ear markings for animal identification. "V" shaped cut. Aluminum.

W V-CUT EAR NOTCHER

High-quality, stainless steel ear notcher. Cuts a "V" notch ¼"W at the base. 6"L. C13668-\$13.49

N BARRIER II[™] WOUND CARE **SPRAY WITH PAIN RELIEF**

This 2% iodine solution kills germs. Contains lidocaine to alleviate pain in wounds and incisions. Dries in 90 seconds and forms a visible and durable coating. Reduces bleeding and faster healing. For all animals. 16-oz. bottle. C31351 - \$29.99

0 TAIL DOCKER/EMASCULATOR

Designed for tail docking and emasculating. Ideal for docking tails of small pigs and sheep. Stainless steel with polished finish. 9"L. C13669-\$36.99

P HILL HOG RINGS To aid in the prevention of hogs rutting in the ground. Box of 100 hog rings. C12956 - \$5.49

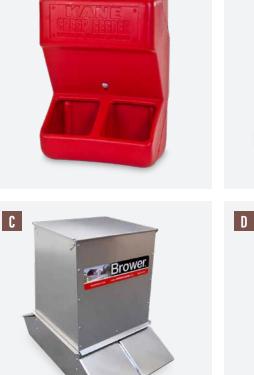

Q STONE NOTCHERS

Die-cast aluminum. Cutting plates are carefully ground after being hardened and tempered. Patented, adjustable-depth gauge to set depth of cut. Dies are not interchangeable. **Medium.** With inverted U-shaped die. **C07154** ½" notch, 75%"L-\$67.99 C07156 ¹³/₁₆" notch, 9½"L-\$70.99

Large. With V-shaped die. **C00024** ½" notch, 8³/₄"L-**\$61.99 C00023** ¹³/₁₆" notch, 9³/₈"L-**\$69.99**

N AUTOMATIC HANGING POULTRY FOUNTAIN

Ensures a continual water level with pressures above 20 psi. Connects to the included hose. C31030-\$46.89

0 POULTRY FOUNTAINS

Fully automatic. Plastic bowls feature a non-rusting brass fountain stem, attach to a standard $\frac{1}{2}$ " pipe, and work on pressure or gravity system. Weight of the water in the bowl automatically shuts the fountain off. Bowl raises and lowers against the water valve assembly. Recommended for layers. **Regular.** Holds 2 pints of water and waters up to 175 birds. Bowl is 6½" dia. x 2½" deep. C10877-\$49.99

King Size. Holds up to 1½ quarts of water and waters up to 250 adults birds. Bowl is $8\frac{1}{2}$ " dia. x $2\frac{3}{4}$ " deep. C29906 - \$51.99 C29898 Stem assembly - \$44.99

D

A

A 10-HOLE METAL NESTS

CUSTOMER Favorite

These units combine economical pricing, quality and functionality. Allow extra delivery time. 10-Section Metal Nest. A square-hole nest made from 28-gauge galvanized steel. The nest is

28"H x 12"D x 60"L, with openings are 8" x 11³/₈". Easy to clean and assemble with removable bottoms. Vertical ends are punched for ventilation. Rivet gun required for assembly. C30299-\$263.99

Standard 10-Hole Nest. Plastic perches and nest bottoms make sanitizing the entire unit easy. High front and back panels eliminate scratching of litter out of nests. Durable construction enables nest to provide multiple seasons of trouble-free use. Outside dimensions: 33"H x 60"W. Hole size: 7"H x 11½"W. C31023 - \$304.99

B SIX-HOLE LAYING NEST UNIT

Metal nesting unit incorporates all of the advancements in modern nest design, including plastic nest bottoms and perches. Two-tier construction. Recommendation: 8–10 birds per hole of nest. 36"L x 12"W x 34½"H. Assembly required. C24569-\$239.99

C NESTING BOX

Made of high-density polyethylene, easy to clean and will not rust. Slightly sloped floor allows water to drain through a weep hole in back. Mounts to 16" on-center studs. Can be placed on shelf or hung on peg hooks. 161/2"L x 157/8"W x 193/4"H. 1-year warranty. C31563 - \$25.79

D CAGE WITH BLUE PLASTIC TRAY

Easy-to-clean, deep plastic tray helps contain bedding and litter for less mess. Ideal for transporting bantam and standard-size chickens. Top and front door access. Rounded corners for safety. Dual handles for transport. 40"L x 19"W x 21"H. Allow extra delivery time. C28247 - \$139.99

E POULTRYNET[®] ELECTRIC NETTING

Keeps chickens, ducks, geese, and other poultry in, while keeping their ground-based predators out. Prefabricated, portable electric fence has 12 horizontal strands (11 conductive) and string verticals every 3". Built-in line posts are spaced every 12'. Pre-assembled. 164'L x 42"H roll requires a fence energizer. White/black. C35438-\$199.99

F ELECTRIC POULTRYNET®

A 164' roll of fence that stands 48"H, complete with end, corner, and line posts. Prefabricated with vertical strings every 3", and welded to electroplastic horizontals supported by plastic posts every 9½'. Horizontals are only 2" apart at poultry and predator heights, providing a pain and a physical barrier. When energized, the fence is impenetrable to poultry, raccoons, dogs, and coyotes. **NOTE:** Support posts may be needed for ends and corners, depending on terrain. Allow extra delivery time. 🖚 Z30371 - \$219.99

POULTRY RESTRAINING CONES

Restrain birds during processing and make cleanup easy. Heavy-gauge galvanized steel with hemmed edges for safety. Flat-back design for easy mounting.

Medium. For use on large layers, broilers, roasters, and young turkeys up to 10 lbs. C32943 - \$30.99

Large. For use on large capons and medium turkeys up to 18 lbs. C32944 - \$47.49

UNLABELED EGG CARTONS

Great for the small flock owner. Made from recycled molded pulp. Blank area on cartons for farm name, stamp, or label. Dozen-size cartons for Grade A large eggs. Pack of 25. Colors may vary. Allow extra delivery time. 🗭 C14067 - \$10.75

For specialty, colored, and premium eggs. Eco-friendly. Holds small to extra-large size eggs.

6-Egg Cartons C32755 Pack of 50 - \$27.99 C32583 Pack of 200 - \$99.99

INCREDIBLE EGG WASH POWDER

Alkaline, chlorinated, foamcontrolled powder cleans and removes stains from egg shells, plus limits foam accumulation in egg washing machines. Safe to use, USDA approved. Highly concentrated, 16 lbs. C26867-\$89.99

INCREDIBLE EGG SCALE™

Perfect for small farm or home use. Accurate for weighing your chicken eggs. Fullsteel construction. $9\frac{3}{4}$ "L x 3"W x $7\frac{3}{4}$ ". C28431-\$40.99

CHICKEN ENCYCLOPEDIA

THE CHICKEN ENCYCLOPEDIA

An Illustrated Reference Includes breed descriptions; definitions of common chicken conditions, situations, and behaviors; and more. Offers solutions to problems and instructions for tasks from catching a chicken to candling an egg. 320 pages C31619 - \$26.99

SPEED-KING GREEN FILTERED CANDLING LIGHT

Offers a high-intensity light beam for brown-shelled eggs, lowintensity light for white-shelled eggs. Green filter for easy blood spot detection; easy on the candler's eyes. Light intensity may be changed by throwing a simple switch. Lamp is a No. 11 W7 GE base-type automobile lamp, 12.5V bulb, 32 candle power. Pre-focused so that no errors can occur through faulty adjustment. 120V. C06372-\$414.99

and is ideal for demonstration purposes. This innovative aid to egg candling improves the clarity and visibility of the egg and its contents by completely blocking out ambient light, slightly magnifying the image of the egg and allowing the viewer to rotate the egg smoothly as it is observed. Uses high-output, high-efficiency, LED illumination so there are no bulbs to replace and no concerns about overheating the eggs during inspection. Suitable for any size egg up to goose eggs. Includes a small black ring to seal against the egg shell of smaller eggs. 2-year warranty. C29805-\$89.99

HORSE ESSENTIALS

ARTIFICIAL INSEMINATION

Well accepted by the major breeders in the U.S. and the world. Carrying cases for all sizes are

available — the leather case permits the vagina to be carried easily and gives rigidity to the inner

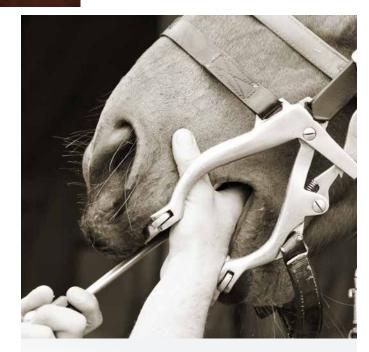

liner; the insulated cover thermally insulates the collection liner and also provides a stable struc-

ture both lengthwise and crosswise. Each of the Missouri-style artificial vagina assemblies consists

of a vagina, two bottles or six bags for collection, leather casing, and instructions. NOTE: Equine

Vagina is guaranteed free from defects when shipped, but we cannot be responsible for a

vagina that is older than 1 year. Choose the assembly that best suits your needs from the chart

EQUIVET DENTAL RASP

LONG-TERM SWINE LIQUID SEMEN EXTENDER Combir

C11458-\$10.99

Combined with antibiotics	Modena
extends storage of semen for 5–7 days. One liter of	
extender can be used to produce 12–15 insemination	
doses of approx. 80 ml	
each. 60 g bag.	

Hint:

SAFE-LUBE™

Nonspermicidal breeding lubricant is a nontoxic, highly viscous, gel-like formulation to make palpation easy. Not recommended for breeding horses. Water soluble, stainless, colorless, and odorless. Works for vaginal exams and implants, catheters, and stomach tubes. Aids in the birthing process. Ingredients: water, cellulose, 1–2 propanediol, and preservative. Gallon. C25506 - \$17.99

A NASCO ARTIFICIAL INSEMINATION KITS FOR CATTLE

Everything you need for insemination. The 181/2"L x 8"W x 83/4"H stainless steel carrying case conveniently holds one package of paper towels, two 8-oz. plastic squeeze bottles, package of 50 sheaths with blue insert/unslit barb-style insemination gun, one wide-mouth Thermos[®], straw cutter, pack of shoulder-length plastic gloves, and an insemination tube carrier with cap.

Fahrenheit. Includes thermometer with range of 0° to 220° F. C11019-\$509.99

B CITO THAW UNITS

Properly thaw semen to a constant temperature of 95° to 98° F. Tough, ABS noncorrosive plastic. Indicator lights show when ready to use and when maintaining proper temperature. Reinforced nylon hinged lid. Both units have a base, power supply, 6' 120V AC cord, and a 12'L 12V DC cord (for use with a vehicle cigarette lighter). Both also include a lift-out basket and thermometer. 240V available through special order. 12V/120V.

C34470 Fahrenheit Unit - \$250.00 **C34469** Celsius Unit - **\$250.00**

C WIDE-MOUTH THERMOS[®]

Safely holds approximately 30 straws during thaw period for easy retrieval of straws after thawing. Pint-sized. Range: 25° to 125° F. C11026 - \$34.99

D ALUMINUM INSEMINATION TUBE CARRIER

Long-lasting, lightweight aluminum. Removable plastic slip-over cap with ³/₄" lip. 1³/₄" dia. For 16" to 18" tubes (18½"L). C28256-\$35.99

E A.I. THERMOMETERS

Pocket dial thermometers with 1" dia. face, 5" stem, and clip holder. Fahrenheit. Range: 25° to 125° F. C11021-\$16.29

F THAW MONITOR

Used by major breeding organizations. Accuracy and reliability exceeds the dial thermometer. Based on liquid crystal technology, it is essential if you use the warm water thaw method. Easy to use. 4⁷/₈"L x 2"H. C13407-\$5.34

ARTIFICIAL INSEMINATION BREEDING SUPPLIES

ARTIFICIAL INSEMINATION BREEDING SUPPLIES

KAMAR® HEATMOUNT® DETECTOR FOR COWS

Invaluable in pregnancy determination and estrus detection. 95% accurate. Apply the small (4½"L x 2"W) plastic detector, with adhesive, over cow's sacrum. Detector remains white until triggered. Pressure from mounting cow's brisket triggers detector and turns it a bright, easy-to-spot red. Includes adhesive. Box of 50. C06223(A) - \$81.99

Kamar[®] Adhesive. For use with Heatmount[®] detectors above. 4.1 oz. C31255 - \$7.54

Kamar® QuickStick® Heatmount® Detectors. Peel-and-stick. Pressure from the brisket of a mounting animal requires approximately 3 seconds to turn detector from white to red. Box of 40.

C26954-\$62.99

ESTROTECT[™]

Self-adhesive. Keep warm before use, clean the application area before mounting to the animal so that the heat detector will adhere to animal's hair, stick across the backbone, and check for heat in the morning and evenings. Signal layer will begin to show after the first mount. True standing heat can be detected after several mounts. Unequaled accuracy. One application per heat cycle. Friction activated. Works in all weather conditions. Pack of 50. C26258 Red/Orange **C26259** Fuchsia C26260 Brilliant Green C34761 Yellow Each — \$99.99

SCROTAL MEASURING TAPE Full instruction card with a chart of the average scrotal circumference of beef breeds compared by age. Printed in cm.

S

A ALL-2-MATE[®] BARB-STYLE INSEMINATION GUN

BREEDING SUPPLIES

Use ¼ cc and ½ cc semen straws. For use with unslit sheaths. Packaged in a clear protective tube. 18"L. C31164-\$44.99

B ALL-2-MATE[®] O-RING INSEMINATION GUN

For use with the slit sheath containing a green insert (C25760, listed on p. 97). Designed to use ¼ cc and ½ cc semen straws. 18"L. C24280-\$44.99

C KOMBICOLOR SYRINGES

Syringes are 4 cm longer than conventional A.I. guns (with sheath); the entire length of the sheath is optimized for deeper insemination. Sheath is easily secured and bigger ring fits your fingers better. Fits ¼ cc and ½ cc straws. Best 18/10 stainless steel for trouble-free use. Built to last and easy to clean. Use with unslit sheaths.

D NEXT GENERATION™ **STERILE INSEMINATION PIPETTES**

"Flex Tip" offers a secure hold to the syringe tip. Each 22" pipette is individually wrapped and sterilized. Pack of 25. C19401-\$15.99

78 1.800.558.9595

E STANDARD INFUSETTE® **TUBES WITH ADAPTERS**

PVC tubes designed for use with many of the common uterine solutions on the market. Tubes feature smooth, round, polished ends. Sterile. Individually wrapped. 0.110" I.D. x 0.196" O.D. Pack of 25.

C17761 21" tubes - \$23.99

C19316 25" tubes (use with draft horses) - **\$21.49**

F UTERINE INFUSION/INSEMINATION TUBES WITH DRILLED ENDS

A snug, friction fit is ensured for all syringes with these tubes. Eliminates need for connector adapters. Made from quality, polyvinyl chloride. Smooth, rounded polished ends. Tooled to the following specifications: 0.110" I.D. x 0.215" O.D. Pack of 25 in a zipper closure bag. C08273 18"L-\$6.49 C13729 21"L-\$7.39

G EMBRYO TRANSFER SHEATHS

Transfer sheaths with blue metallic tips and 3 mm inside diameter. For mini straws. 21"L. Pack of 5. C32137 - \$17.99

H ALPHA SHEATH (UNSLIT)

For use with medium and mini straws. Domed head design and flexible shaft facilitates optimum navigation and placement. Dual-lateral side delivery ports aid in semen expulsion. Pack of 50.

C34249-\$10.99

UNSLIT SHEATHS (BLUE INSERT)

Sheath with Insert. For ¹/₄ cc or ¹/₂ cc wick and powder straw. Use with gun C31164 (listed on p. 96). Pack of 50. C25757-\$5.29

Sani-Pak[™] Sheath with Insert. Individually wrapped in a soft plastic sleeve. Can be used as a double-walled insemination device to minimize intrauterine contamination. Bag of 50 unslit sheaths with blue inserts.

SLIT SHEATHS (GREEN INSERT)

C31166 - \$19.99

J Sheath with Insert. For ¹/₄ cc or ¹/₂ cc wick and powder straw. Use with All-2-Mate® O-Ring Insemination Gun (C24280, listed on p. 96). Pack of 50. C25760-\$5.49

Sani-Pak[™] Sheath with Insert. Individually

wrapped in a soft plastic sleeve. Can be used as a double-walled insemination device to minimize intrauterine contamination. Bag of 50 slit sheaths with green inserts. C31167 - \$19.99

K DISPOSABLE SHEATH PROTECTOR

Used as a protective cover on insemination sheaths. Aids against the transfer of contaminants into the uterus during the insemination process. For Continental or French-style sheaths. Pack of 25. C11050 - \$11.19

Animal protein-free, one-step bovine semen media for frozen semen preservation. Completely clear, particle-free media for enhanced microscopic and computer-assisted semen analysis evaluation. Enhanced post-thaw motility. 250 ml bottle is concentrated three times, just add water — makes 750 ml of final product. Sterilized through filtration. Liposome-based formula to protect sperm without the sanitary concerns associated with the use of egg yolk. Contains broad spectrum antibiotics — 18-month expiration. Allow extra delivery time. Z50117 - \$114.99

M MINICUTTER FOR SEMEN STRAWS

Gives you a precise cut of 0.25 and 0.5 ml straws.Ergonomic shape. Easy to keep clean. C34970-\$16.99

N STRAW CUTTER

The push of a button cuts off the proper length. Designed to guickly cut off the sealed end of the semen straw. Made from nylon and stainless steel. Easy to wash; disassembles without tools. C08340-\$9.95

THE MERCK VETERINARY MANUAL

A two-column format and use of color throughout make the text and tables easy to read. Color images enhance and illustrate text. This edition includes expanded coverage of exotics, material on zoonoses, and up-to-date chapters on new and emerging topics in veterinary medicine. 3,225 pages. C26853-\$84.99

MCCULLOCH MEDICAL™ CALF ASPIRATOR/RESUSCITATOR KIT

Clear respiratory passages and pump air into a struggling newborn's lungs. Ideal for animals requiring resuscitation in post-trauma, drowning, or smoke-inhalation. Simple, convenient instrument aspirates on one end and resuscitates on the other, delivering an appropriate volume of air with or without oxygen. Can be matched with a variety of aspirator/resuscitator mask sizes. Only one person is needed to operate system using simple push-pull action. Safe, effective, and humane — eliminates traditional revival methods such as shaking or swinging. Pumps and masks are long lasting and durable - accompanied by a 2-year replacement warranty. Clean in 1:20 solution of bleach and water. Includes aspirator/resuscitator pump, aspirator mask, resuscitator mask, instructions, and soft carry bag. C25879-\$144.99

PUPPY & KITTEN ASPIRATOR/RESUSCITATOR

Clears breathing pathways and stimulates the first breaths of newborn puppies, kittens, and other small animals. Aspirator pump "A" administers a safe vacuum suction to remove mucus. Resuscitator pump "B" provides a small release of air to stimulate respiratory response. Uses a controlled amount of air (5–10 ml). Resuscitator pump "B" features ability to be attached directly to oxygen. Resuscitator mask "B" can be detached and used as an oxygen and/or anesthesia mask. Includes aspirator pump/mask labeled "A," resuscitator pump/mask labeled "B," instructions, and carrying case. C32885 - \$219.99

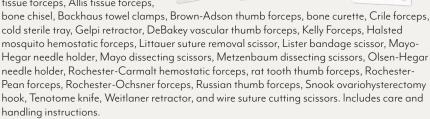

GENERAL SURGERY BASIC KIT

This 20-piece kit includes 1 each of #3 scalpel handle, 6³/₄" straight Mayo scissors, 7" Snook ovariectomy, 7" curved Metzenbaum scissors, 7x7 teeth Brown-Adson forceps, 5½" Olsen Hegar needle holders, and sterilization case; two 5½" straight Kelly hemostatic forceps; three 5" curved mosquito hemostatic forceps; and 4 each of 6¼" curved Rochester Carmalt forceps and 5¼" Backahaus towel clamps. Includes care and handling instructions. Z48512 - \$729.99

VET TECH SURGICAL INSTRUMENT KIT WITH IDENTIFICATION FLASH CARDS Includes 29 of the most common

instruments with display case and flash cards. Kit includes alligator forceps, Adson thumb tissue forceps, Babcock tissue forceps, Allis tissue forceps,

C33788-\$429.99

Vet Tech Surgical Instrument Flash Cards. Deck includes 29 cards, each with an image and description of the most important and common surgical instruments, such as alligator forceps, bone chisel, Gelpi retractor, Kelly forceps, Tenotome knife, and more. NE40096 - \$30.49

LARGE ANIMAL VETERINARY KIT

Contains a canvas roll case with two pockets; 6¹/₄" stainless steel Peans hemostat; 51/2" stainless steel Kelly hemostat; No. 3 stainless steel scalpel handle; 6 No. 10 and No. 11 scalpel blades; 4½" stainless steel iris scissors; $5\frac{1}{2}$ " stainless steel operating scissors; $5\frac{1}{2}$ " chrome, straight, medium-point forceps; 4½" chrome, straight, fine-point forceps; 2½' double-prong flesh hooks; 51/4" section lifter; 6" chrome probe and seeker; 6" celluloid ruler; and 2 metal straight dissecting needles. SA01129-\$37.95

This 9-piece kit includes 4½" dissecting scissors, 4" dissecting scissors, 5½" dissecting forceps, 4" micro dressing forceps, #4 knife handle, straight teasing needle, angled teasing needle, #22 surgical blade, care and handling instructions, and roll-up canvas case. C33789-\$43.95

PORCELAIN VET TRAY For your surgical scalpels, needles, or other veterinary instruments (not included) Porcelain finish. 11" x 15" 9713012 - \$22.25

SURGICAL KIT

Stainless steel instruments. Includes 5½" thumb forceps, 5½" tissue forceps, 6" Mayo-Hegar needle holder, 5" Halsted mosquito, 4½" straight iris scissors, scalpel handle, $5\frac{1}{2}$ " straight operating scissors, 5½" Littauer stitch, 5½" Lister bandage scissors, and 10 Sharpex surgical blades C28317 - \$29.99

VETERINARY TOWELS

Highly absorbent, cloth towels are ideal for veterinary use. 100% cotton. 16" x 28" Washable. Pack of 12. C19070-\$35.99

VETERINARY SUPPLIES SURGICAL + DIAGNOSTIC TOOLS

VETERINARY SUPPLIES SUTURE

KELLY HEMOSTATIC FORCEPS Stainless steel with satin finish. 5½"L. C27278 – \$6.29

Stainless steel, 6½"L. Flat shank jaws, serrated. Ratchet-lock handle. **C00880 – \$9.89**

ALL-PURPOSE SHEARS

C09827-\$5.09

OPHTHALMOSCOPE

MAYO HEGAR NEEDLE HOLDER Highly polished stainless steel. Box-lock narrow jaw, serrated and indented. Ratchet-lock handle. 6"L. C00879 – \$9.69

COMPLETE OTOSCOPE/OPHTHALMOSCOPE SET

Includes an otoscope and ophthalmoscope in a black leather carrying case. Otoscope comes with 3 specula and magnified glass lens (5X magnification). Ophthalmoscope has an alligator forceps and speculum. Requires 3 "C" batteries (not included). For replacement specula tips, visit NascoFarmandRanch.com. **C35342 – \$269.99**

Stainless steel, fully hardened, with serrated

nonslip cutting edge and plastic contoured

handles. Autoclave up to 320° F. 8"L.

Diopter wheel with 23 corrective lenses: plus 1, 2, 3, 4, 5, 6, 8, 10, 15, 20, 25; and minus 1, 2, 3, 4, 5, 6, 8, 10, 12, 15, 20, 25. Easy to operate aperture hand wheel with semicircle, small/medium circle fixation star, slit, and red-free filter. Optimized high-performance optics with aspherical condenser lens. Parallel beam path. Dust proof. 3.5V xenon lamp. Requires 2 "AA" batteries (not included). **C34958 – \$129.99**

STERILE DISPOSABLE SCALPELS

C10931-\$11.99

Box of 10.

Easy-to-use, sterile, and disposable. Stainless blade on plastic handle. Lightweight, No. 22 scalpel has a tapered handle and

a thumb or finger rest for greater control.

67/16"L. Not autoclavable. Includes replace-

Size 10

Size 22

A great alternative to similar, higher-priced

scalpels. Stainless steel blades. Single use.

SHARPEX DISPOSABLE SCALPELS

C31425 Size 10-\$8.99

C31426 Size 22-\$8.99

able cover for blade protection. Box of 10.

LARGE ANIMAL DIGITAL THERMOMETERS Oral and rectal digital thermometers. Reads accurately. Wide and easy-to-read display window. Rounded tips. 9". With 5"L probe.

C31434 Fahrenheit – \$19.49 C31436 Celsius – \$19.49 7". With 3"L probe.

C31433 Fahrenheit – \$28.29 C31435 Celsius – \$27.99

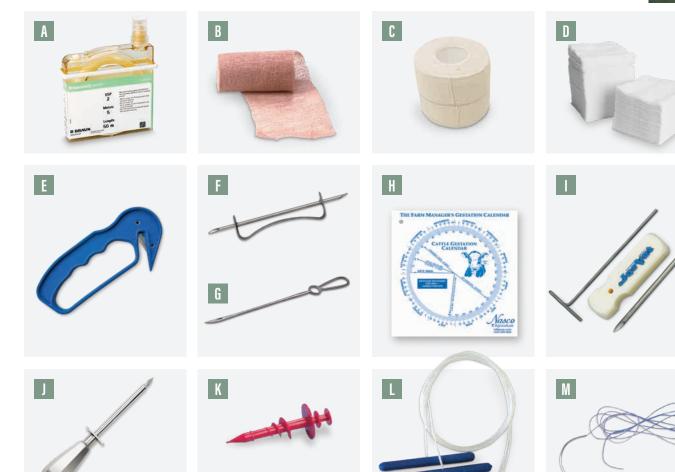

VETERINARY MINI FIBER OPTICS OTOSCOPE

Fiber optics otoscope with 3 specula in a pouch. Specula sizes: 9 x 29 mm, 10 x 29 mm, and 11 x 29 mm. 3V LED bulb. For veterinary use only; not for use on humans. For replacement specula tips, visit NascoFarmandRanch.com. **C34695 – \$54.99**

QUICKTEMP DIGITAL THERMOMETER

Fast readout. Round-tip probe. Wide temperature range. Displayhold feature. Instant Fahrenheit/Centigrade conversion capabilities. Reads in 10ths of a degree with ±1° accuracy across 40° F to 311° F range. Auto updates every second. 10-minute auto shutoff. **C15624 – \$46.99**

A BRAUNAMID SUTURE

Polyfil sutures are considerably more flexible than monofil. Size 2 USP. Consists of a large number of fine twisted strands covered by a smooth, seamless, homogeneous polyamide cover. Knot-pull tensile strength substantially exceeds USP requirements. Knot-holding is excellent because of its inner polyfilament. Noncapillary. Sterilized. Meets requirements set by U.S. government. 50 meters. **C28557 – \$56.99**

B EQUINE BROWN CLING GAUZE

3" x 5 yds. 100% pure cotton in fine 24 x 17 mesh. Pack of 12 rolls. **C25377 – \$10.94**

C ELASTIC ADHESIVE BANDAGE TAPE

Stretchable woven fabric tape with red centering line to help make wrapping easier. Box of 4 rolls; each 3" x 5 yds. **C28578 – \$29.99**

D SPONGE GAUZE

100% pure cotton in 20x12 mesh is fully bleached. Meets USP standards. Bag of 200 sponge gauze squares (each 4" x 4"). **C28573 – \$8.74**

E WRAPID-CUT™

Cut and remove bandages. Can be used on most standing cows, eliminating the need for bandage removal by restraint. Recessed cutting blade, enclosed within a guarded frame. C32963 – \$13.49

F TRANSFER NEEDLE

Use to mix medicines with sterile water. Double pointed. Stainless steel. 14 gauge x 3". **C26286 – \$2.24**

G DR. BUHNER NEEDLE

Stainless steel prolapse needle. 12"L. **C31443 — \$14.19**

H GESTATION WHEEL CALENDARS

Determine birthing dates. 8½" x 8½" with a hole punched in top corner for hanging. Waterresistant. Plastic. **C25168** Cattle **C25171** Equine **C25170** Sow **Each – \$12.25**

I MODIFIED TROCAR/CANNULA

Used in conjunction with toggle sutures (not included) to perform the Grymer/Sterner method for nonsurgical percutaneous fixation of left displaced abomasum (LDA). **C28569 – \$54.99**

J CATTLE TROCAR

Complete with cannula, hollow tube remains when trocar is withdrawn to allow gas to escape. Metal handle. Tube is 3"L with ¼" I.D. Total length: 6½". **C00308 – \$21.19**

K KRUUSE RED DEVIL TROCAR

KRUUSE pattern. Plastic cannula and stiletto. 45/16"L (110 mm). **C30705 – \$27.49**

L DA TOGGLE SUTURE

Used in the Grymer/Sterner method for nonsurgical percutaneous fixation of the left displaced abomasum (LDA). Pair. **C28570 – \$18.49**

M SUTURE KIT

Ethicon size 2-0 coated Vicryl (violet braided); 27" (7 cm) with a taper, CP-1 needle; sterile, synthetic, and absorbable suture. **C30642 – \$16.99**

and more. 50 ml.

C31378 - \$12.99

Syringe and drench nozzle

sold as a kit for goat/sheep

drenching, cattle drenching,

Strong ABS plastic, ergonomic handle. Calibration through distal

Economical for drenching cattle, sheep, and hogs for worming and other uses. Plastic body with a brass nozzle. May also be used for pour-on insecticides. Easy-to-adjust dosages and easy to clean. Nonautomatic. C15627 60 ml - \$48.19 C15628 150 ml-\$62.49

container. Aluminum alloy able stainless steel nozzle. Unbreakable graduated, transparent polycarb barrel.

Springless valves, inside the plunger don't require disassembling for cleaning. 70 ml kit includes 3-liter plastic container and strap. Adjust from 5–70 ml. C23051-\$87.99

ALLFLEX® HEAVY-DUTY 20 ML DRENCHER WITH BACKPACK

Chrome-plated brass body and fittings and porcelainized aluminum handle with springs are precisely balanced for exact-dosage delivery. Lexan barrel has graduations from 2½ to 20 ml. Refills automatically, easy to adjust, and holds dosage throughout use. Light and comfortable to use with adjustable tension on the handle to adjust for an easy refill with different viscosities. Includes a 5½" cattle nozzle. Complete unit includes drench nozzle, 2½-liter poly backpack container (C13140, available online), and drencher (C26056, listed on p. 110). **C05227 – \$164.99**

Nickel coated to withstand rugged conditions. Loads a 9 mm center-fire blank cartridge producing high-velocity penetration. Center-fire cartridges can hold higher pressures than rim-fire cartridges, making them more powerful and more efficient. Includes Blitz unit, 8-oz. Hoppes solvent, 150 blank cartridges, cleaning brushes, 1 set of spare parts (rubber buffer and bolt spring), and

Blitz Center-Fire 9 mm Cartridaes. For use with Stunner Kit above. Box of 50.

VETERINARY INJECTION PUMP

Continuous flow, pumps on both up and down strokes. Use with a stomach tube for drawing fluid out of the stomach. Heavy brass seamless tubing. Nickel plated. **C00639 – \$58.99 Repair Kit for C00639.** Includes felt washer, felt washer retainer, and O-ring. **C18944 – \$24.99**

BLITZ CAPTIVE BOLT STUNNER KIT

C32533 Strong, 410 mg (Blue)

C32535 Power, 460 mg (Red)

instructions. Allow extra delivery time. 🖚

Subject to a Hazardous Material Surcharge.

FRICK SPECULUM KIT

Relieve bloating in immobilized ruminants. Includes Frick Speculum Tube (chrome plated; 20"L x 1¼" dia.) and one Koroseal Stomach Tube (¾" O.D. x ½" I.D. x 10'L). **C21043 – \$44.99**

Koroseal Stomach Tube

C00640-\$30.49

Frick Speculum Tube C05883 – \$24.99

THE WHIPLASH™ COMPLETE STOMACH PUMP

Long, stainless steel, flexible stomach tube features bulb head to pass easily down esophagus. Nose clamp allows oral delivery. Stainless steel pump delivers 335 ml per stroke, 3 strokes deliver 1 liter. The 6'L rubber hose connects pump with stomach tube. Elongated 60° probe completely enters the rumen and allows for high-volume fluid delivery.

C28485 – \$689.99 Med-Eze™ Stomach Pump C28673 – \$309.99

Official Warning

DAISY-LIFTER COW LIFTS

Gentle lifting, with support from the backside to the brisket. Includes an open area for the udder to hang through, reducing stress and pressure. Accommodate animals up to 2,200 lbs. Heavy-duty, reinforced, long-lasting PVC with the webbing and durable polyester thread. Includes drawstring carrying bag. I-year warranty. (Design may vary slightly from photo.)

Standard. Fits medium-size dairy breeds/medium-size holstein. **C25940 – \$694.99**

X-Large. Large-size dairy breeds/ large-size beef. C28187 — \$999.99

QUICK-LIFT™ Cow lifter

High-strength, lightweight 2" (50 mm) O.D. pipe is a comfortable fit for cow pin bones. Slip the onto the pin bones and ratchet tight with a few quick lever strokes. If the cow needs to be released quickly, the simply pull rachet lever down and the clamp instantly opens. No handle to lose or spindle to damage or bend. **C33516 – \$429.99**

Easily adjusted with a removable handle that fits on both sides of the spindle. To help a downed cow, bring the apparatus around the hips of the animal and turn the spindle tight. Lift the animal up slowly so that it can stand up. As soon as the animal is standing, take the tension off the cable, and it will hold the animal so that it does not fall sideways. With proper use, it will not cause bruising around the hipbone.

C33853-\$249.99

LIFTEASE[™] COW LIFTER

Increases comfort by preventing or reducing sweating inside fully closed slings. When used for longer periods, these can lead to skin ulcers and hide damage. It is recommended that the cow is first lifted by a hip-clamp device or the Liftease™ can simply be pulled through under the down animal. Lift straps have three lift loops for variation of lift height. Loops fit on a silage fork and are less likely to slip off than metal hooks. Lifts up to 4,400 lbs. (2,000 kg). Can also be used for horses. Lifting hooks shown at the top are not included. **C33517 – \$489.99**

NASCO COW LIFT

X-Large Replacement Sling

C28190-\$454.99

Lift down cows due to milk fever or calving injury, and for assisting cows down on wet cement. Only one adjustment to make no matter what size cow. Place over the hips and crank — tightening the lift as necessary to prevent slipping when lifting. Use with a wire stretcher, power pull, or similar device attached to a tractor, etc., to easily lift. Rubber padded stirrups prevent scraping the cow's hips. Bronze bearings eliminate friction and binding on screw. Movable parts are sealed and permanently lubricated. Self-contained folding crank. 20" folded, 28" extended. Capacity: 2,000 lbs. C11432-\$379.99

IMPROVED COW LIFT

For post parturient paresis, assisting a cow down on wet cement, prolapsed uterus, restraint during surgery, assisting a weak cow, and obturator paralysis of fracture repair. Place the cow lift over the back of the cow or calf. Turn the handle on the threaded rod and pull the rings snug to the hipbones, just enough so they will not slip off when the cow is raised. Remove by reversing the threaded rod. **CAUTION:** Do not use over 15–20 minutes at a time. Excessive use may injure the pelvis. Crank can only be used on one side. **C01638 – \$239.99**

M RHINEHART X50 DEHORNER PACKAGE

Thermostatically controlled and withstands the vigorous demands of industrial farms. Includes X50 dehorner, ½" tip for calves up to 4 months, ¾" tip for goats, and ¼" tip for pygmy goats. Thermostat temp. range: 1,000°–1,400° F. ¾" 1.D./1½" O.D. Overall depth: 1½". Length: 9½". 110/120V AC, 239 watts. C32753 – \$229.99

N DR. NAYLOR DEHORNING PASTE

Quick, economical method of dehorning young animals at any time of the year. Only take one application over horn button. No cutting or bleeding. Use as soon after birth as possible up to 8 weeks old. For up to 40 calves. 4-oz. jar. **C11910 – \$8.29**

0 DR. LARSON'S™ DEHORNING PASTE

Eliminates blood, infections, and trauma caused by dehorning saws and gouging dehorners. Inhibits horn growth before it starts. Syringe applicator minimizes the risk of exposing the user to dehorning paste. Calibrated applicator applies a consistent dose with little waste. One tube dehorns up to 24 calves. **C26000 – \$9.29**

NASCO PROPANE DEHORNER ACCESSORIES

Replacement Tip and Base. For use with a Bernzomatic propane gas torch (Model TS4000; customer supplied). Use with caution. Includes brass tip, brass base, cap screws, and set screws. C31948 – \$101.99

Replacement Tip. Includes brass tip and cap screws. C31949 – \$51.50

P BUDDEX CORDLESS DEHORNER

Remove horns on calves before they erupt. Takes less than 10 seconds to remove each bud. Dehorn 15 calves per charge. 110V nickel-cadmium battery. Audible overheating alarm. **NE50004 – \$365.00**

Q EXPRESS GREEN INLINE DEHORNER

Portable, easy to handle, safe, fast, and efficient. Compact, ergonomically-designed dehorner is fueled by a butane/propane mix in a cartridge that fits into the handle — no cords or bulky propane tanks. Automatic piezo ignition and an enclosed combustion chamber for safety. Heats to working temperature in 5 minutes and reaches temperatures up to 1,100° F (595° C). One fuel cartridge provides dehorning power for 2–5 hours, depending on temperature. Dehorns calves up to 10 weeks of age. Comes with 1 fuel cartridge, a ¾" tip, instructions, and metal carry case. **C34926 – \$293.74**

C34928 Replacement cartridge - \$11.99

R EXPRESS GREEN PISTOL-GRIP DEHORNER

High-power fuel mix cartridge installs into handle. Reaches maximum temperature in under 3 minutes. Operates for approximately 2 hours up to 1,200° F (650° C). Includes reversible brass 0.67"–0.8" tip, fuel cartridge, instructions, and metal carry case. **C34927 – \$289.99 C34928** Replacement cartridge – **\$11.99**

S EXPRESS GREEN PROPANE DEHORNER

Reaches 1,100° F (595° C) in 3 minutes. Hex key stores in handle. Reversible brass 0.67"–0.8" tip. Includes hose, regulator, and flint striker. **Dehorner with 15' Hose.** Fits standard-size propane tank (not included). **C34924 – \$189.99 Dehorner with 5-ft. Hose.** Fits 14-oz. propane cylinder

(not included) and belt clip hanger. C34925 – \$169.99

VETERINARY SUPPLIES

DEHORNING

PORTASOL DEHORNER III

The perfect tool for dehorning herds of young calves and goats that are 3–8 weeks old. Removing the pre-emergent (debudding) is the most humane and efficient way to eliminate horn tissue in calves. This method simultaneously kills horn growth and controls bleeding by cauterizing the blood vessels, while minimizing potential infection. Makes it possible to dehorn and debud anywhere. Length: 9¾". Unit equipped with ¾" (15 mm) tip. Operating time: 45 minutes. Tip temperature: 1,200° F. Refill time: 20 seconds. Does not include butane. **C29559 – \$199.99 C30331** ¾" tip only – **\$34.99 C30332** ¾" tip only – **\$34.99**

C14240 10-fl.-oz. butane refill for C29559 – **\$10.99**

Repair Kit for Portasol Dehorner III. Includes 2.5 mm Allen wrench, 1.5 mm Allen wrench, grub screw, jet assembly, flat wrench, and ignition ceramic assembly. C33323 – \$29.99

VETERINARY SUPPLIES CASTRATION

OB SAW WIRE

Quickly cuts through bones or horns. A total of 32.8' (10 m) of rustresistant saw wire. 27 wires threaded. Plastic storage container. **C31958 – \$26.49**

Dehorner Saw Handles. For use with OB Saw Wire (C31958, above). Pair. C00624 – \$20.49

Metal Wire Handles. Wire For use with OB Saw Wire (C31958, above). Pair.

C16023 - \$21.99

Coreal Neck Mire Bark Sav

STIFF-BACKED DEHORNING SAW Generous-size dehorning saw with easy-grip handle. Finest quality. Features 12 teeth per inch. 12" blade. **C06562 – \$14.99**

ARTERY FORCEPS

Applies latex ring around scrotum and pulls it extremely tight to cut off blood supply. Aluminum clip. For cattle, sheep, and goats, especially calves 250 lbs. and over. Enough latex tubing and clips to do 25 animals. Instructional DVD. Cl8363 – \$249.99

C18364(A) Pack of 50 bands - \$46.99 C14761 Pack of 50 clips - \$36.99

B DOUBLE-CRUSH EMASCULATORS

Stainless steel, double-crush emasculator is good for use on horses (not recommended for use on mature bulls). Curved handle. 12". **CI4864 – \$46.99**

Stainless steel with foam handle. Precut, 6" natural latex bands (C25924, below) have aluminum T-clip attached to one end. To use, place clip into tool slot, stretch band around scrotal sac, and lock band's other end onto clip. **C25844 – \$44.99**

C00287

Bands Only. Pack of 25. C25924 — \$30.59

D HIRED HAND EZY BANDING TOOL

Prevents testicles from sliding into abdomen; pushes testicles through band when scrotum is pulled through. Black plastic. 3"L x 3¼"W x 3¼"H. **C34479 – \$8.89**

E EMASCULATOMES

Precision-made for the humane castration of livestock by severing the testicular cord without injury to the scrotum. Testicle atrophy follows in about 6 weeks. High-quality steel, nickel plated, with cord stops. For docking lamb's tails, use either extra-small or small instrument. Cut off tail inside the closed jaws.

C00290

Extra-Small. 9". For lambs. **C00287 – \$45.99**

Medium.14". For calves and young bulls. C00227 – \$65.99 Large.16". For mature bulls. C00289 – \$72.99 Extra-Large. 19". For bulls, horses, buffalo, and camels. C00290 – \$77.99

2½" x 2½" x 2½". Bands also work on standard pliers and are twice as strong as the green bands. Applicator requires no tightening of any kind; simply open, put in place, and release. C24393 – \$44.99 C24394 Pack of 25 bands – \$9.49

XL BANDER

F

П

This applicator requires no tightening of any kind simply open, put in place, and release. Designed specifically for castrating bulls weighing between 250 and 750 lbs. Bands (not included) open to 4" x 3" x 3". **C28341 – \$119.99 C28340** Bag of 50 bands **– \$58.99**

G

H

F STAINLESS STEEL EMASCULATOR

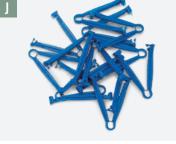

Removable wing nut allows blade tightening or approximating. Double crushing blade prevents primary or secondary hemorrhage. Completely severs artery. 12"L. **C32824 – \$82.99**

G NEWBERRY CASTRATING KNIFE

Stainless steel castrating knife with interchange able 2" blades. Will split the scrotum for easier removal of testicles. 10½"L. C10844 – \$23.09

H PREMIUM BAND CASTRATOR

Easy to use for one-person castration of lambs, calves, goats, and other animals. May also be used for docking and prolapses. **C30643 – \$34.99**

I NAVEL CORD CLAMPS

Llocin clamps help prevent navel infection such as *Escherichia coli* and *Streptococci* by sealing off the navel cord. Apply as soon after birth as possible. Clamp may be removed in 24–36 hours, or it will drop off of its own accord in 3–5 days. Reusable.

For Pigs & Lambs. Bag of 25. C06995 – \$12.49 For Calves & Colts. Bag of 10. C07005 – \$12.69

J UMBILICAL CORD CLAMPS

Attach as soon as possible after birth and remove after 24–48 hours. Clamp approximately ³/₆" from top of umbilical cord. Cut cord below clamp to prevent suckling. Can be disinfected and reused. Ideal for piglets as clamps are large enough not to fall through creep floors. 25%"L. Pack of 100. **C31270 – \$31.49**

K HENDERSON CASTRATING TOOL

Minimizes blood loss and risk of hemorrhage through the severed cord. Twisting action closes the severed cord. Use with a standard, variablespeed drill (not included) — a cordless unit is best for convenience and safety. Should only be used with a variable-speed drill with a ¾" chuck. May be used on any age bull, but especially effective on older, heavier bulls (500-900 lbs.) where it's important to minimize the risk of blood loss, swelling, and infection. Includes instructional DVD.

C15399-\$349.99

VETERINARY SUPPLIES

A LOW-TRAUMA NYLON CALVING STRAP

1"W x 32"L nylon webbing. Two metal loops are sewn in with a double layer and may be used to attach a calf puller or traction device. Easy to clean and disinfect. 1" strap required for each leg. **C19737 – \$11.99**

B OBSTETRICAL CALF STRAP

Easy-to-use obstetrical strap helps you assist the unborn calf. This strap doesn't hurt as much as the old chain types, and will not break a leg. Made with soft nylon. Nickel-plated hardware. C10751 30" strap – \$7.09 C10752 60" strap – \$7.89

C CALF PULLER STRAP

Designed to fit around your waist for simple calf pulling assistance. Full body support and hand loops for leverage. Blue nylon web strap with reinforced stitching and stainless steel D-rings. 103"L x 1"W. **C28538 – \$28.99**

D DELUXE CALF SNARE

Cable crosses over with a unique tightening device — can't slip down when pressure is applied. Heavy-duty attachment block. 33"L. Vinyl-coated. **C11884 – \$74.99**

E SAVE-A-CALF SNARE

Obstetrical loop quickly and easily made larger or smaller by sliding yoke. Snare has metal thimble for use with OB hook. High-grade aircraft steel cable. Yoke removes for cleaning. 35"L. **C16649 – \$57.99**

F HEAVY-DUTY VETERINARY Obstetrical chains

Stainless steel, heavy-duty obstetrical chain. Easy to clean and convenient to use. C26348 30"-\$69.99 C26347 60"-\$79.99

G STONE OB CHAINS

Withstand a minimum of 1,200 lbs. of pull. Highquality, smooth, nickel-plated steel, twisted-link type. Long lasting and easily sanitized. C26885 30" – \$25.99 C26884 60" – \$44.99

H LAMB & PIG PULLER

Strong, ³/₅₂" galvanized cable with metal handle support. Plastic outer tubes cover the cables. Soft, pliable snare loop expands from 2"–7". Disposable. Non-sterile. **C14726 – \$14.29**

PIG OBSTETRICAL SNARE

Durable, made from aircraft cable. Great for use with small and large animals. 18"L. **C08178 – \$39.99**

J PIGLET PULLER

4"L coated aircraft cable snare is easily inserted and forms a natural opening to snare the piglet. **C13129 – \$16.99**

STONE OB HANDLE

Easy-grip, cushioned handle. Heavy-duty, One-piece cast iron. Sturdy, smooth, nickel plated. Hook will not spring or let chain slip. C26887 – \$19.99

VINK STAINLESS STEEL CALF PULLER

Features single-handed operation, impossible to slip away from the cow, and permits pulling tension straight up for posterior presentation or down in the direction of the udder for a normal birth. The alternate action lever mechanism is equipped with two hooks that will be drawn one by one when pulling a calf. Pole can be moved sideways up to 30°; a move sideways of more than 30° can damage the apparatus — always take care to ensure sufficient room around the cow during the delivery since this renders a sideways movement of the pole unnecessary. 71". Allow extra delivery time. 🗭 Z49003-\$594.99

POWER PULL WITH CALF ATTACHMENT

Come-along style puller is up to one-third lighter than other pullers. 14:1 power ratio with 1,500-lb. capacity. Power Pull locks onto the calf puller attachment by a simple, foolproof "turn buckle" arrangement. 9'L steel aircraft cable enables the user to deliver a calf with ease. Includes a strong, lightweight breech spanner; a tubular steel rod in two sections; a heavy web strap; and a 30" OB chain. For two-person use.

C00446-\$469.99

Power Pull Only (Ratchet Mechanism). 9' cable without calf puller attachment. C00373 – \$294.99

WESTGUARD CALF PULLER

Ratchet-style puller turns left or right 360° for easy, one-person operation. Quickly locks into position — just set the T-bolt provided. Easy to release and reset. Includes 60" OB chain and hip strap. 82"L. **C07591 – \$424.99**

STONE RATCH-A-PULL KIT

Double-action puller. Variable side-to-side pull for maximum control and maneuverability. Straight, consistent pulling. 77" solid steel rod provides long, continuous pull and eliminates need for reattaching chains. Deep grooves on pole provide positive locking to prevent ratchet slippage. Solid steel pole and ratchet is strongest available. Pole threads together at midpoint for easy breakdown and assembly. Precision hook design grips STONE OB chain securely at any point to prevent slippage or slack. Capable of 1,400 lbs. of pull. Aluminum alloy breech spanner with washable web strap included. Entire puller and breech spanner fit into canvas carry bag for easy portability and secure storage. Kit includes Ratch-A-Pull with breech spanner and strap, two 30" OB chains, cleaning brush, OB hook, and carry bag. **C26888 – \$504.99**

C13410 - \$399.99

CALF EZE™ CALF PULLER

Dual-action pull. Easy, one-person operation. Utilizes nonslip cam traction. Traction on the calf and the counterthrust against the cow induce the spreading of the pelvic bones, the elevation of the abdomen, and arching of the cow's back. Makes "locked hip" deliveries relatively easy. Features aerospace, heat-treated, aluminum alloy jack; state-of-the-art handle release; 4 hardened steel cams; 2 cam springs; precision, 2-section rod assembly; 23" cast aluminum breechen; and nylon web strap. OB chains (C00335) sold separately at NascoFarmandRanch.com. 1-year warranty. **C17338 – \$429.99**

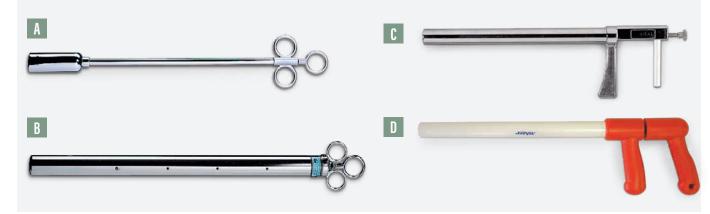

DR. FRANK'S[®] FETAL EXTRACTOR WITH CHAINS

Friction jack drive mechanism for uniform tension — no slipping or backing up. Pulls from a single point. Single-hand jack release. Includes 23" breechen that induces pelvic bone spreading; adjustable rump strap; leg and traction chains; precision threaded connection for smooth operation; and heavy cut steel Shelby tubing extractor shaft. 76"L. Cast iron jack. 45" chain. 1-year warranty. C13900 – \$389.99

VETERINARY SUPPLIES BOLUS GUNS + MAGNETS

A COW OR HORSE BALLING GUN

Straight with spring. Stainless steel head: 1" x 3¼". Takes ½- and 1-oz. capsules. ¾" (20 mm) 1.D. 17"L. **C00302 – \$29.99**

B MULTI-BOLUS BALLING GUN

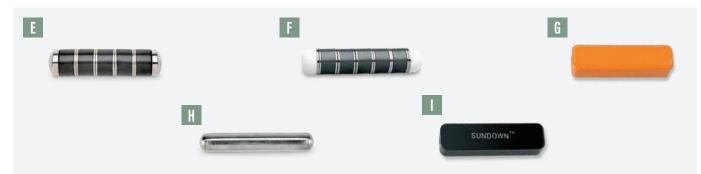

Heavy-duty brass, plated with copper, nickel, and chrome. Curved barrel end eliminates sharp edges in mouth. Barrel length: 17½". Easily disassembled for fast and thorough flush cleaning. Holds 5–6 large-size boluses. Barrel I.D. is ¹³/₆" (21 mm). **C04339 – \$109.99**

C MULTI-BOLUS BALLING GUN

Up to six 240 grain boluses can be administered per animal. Pistol-grip handle; outside spring and trigger prevents freezing. Spring tip retains boluses. 1" (25 mm) I.D. Barrel length: 11". **C07856 – \$59.99**

D MULTIDOSE BALLING GUNS

Simplest design for ease of administration. High-impact PVC tube. Holds up to 5 boluses. Only 1½ lbs. Field tested at some of the country's largest feed yards. Adult size, 1" I.D. 1-year warranty. **C28568 – \$52.99**

E FERRIMAX[™] COW MAGNET

A single magnet made from 16 pieces that do not come apart. Silver and gray with steel end caps. 3¹/₈"L x ³/₄" dia. **C23544 – \$3.69**

F FERRIMAX[™] PLASTI CAP MAGNET

33%"L x 34" dia. Silver and gray. Plastic end caps.lilRinged ferrite magnet.CC13950 - \$3.79

G POWER PLATE MAGNET

FDA-approved nylon coating. 2%6"L x %"W x %6"H. **C23141 – \$2.99**

H SILVERSTAR™ ALNIMAX II™ COW MAGNET

Stainless steel, polished to a smooth, chromelike finish. 3"L x ½" dia. **C27472 – \$4.59**

SUPER BLACK MAX II MAGNET

Metal lays parallel to the length of the magnet due to its special magnetics — all 6 surfaces are magnetic. High-density magnet has a high power-to-weight ratio, and a special coating built tough to resist breakage. Fits most balling guns. 2³/₄"L x ³/₄"W x ¹/₂"H. **C18150 – \$3.59**

CORID[®] 9.6% ORAL SOLUTION

Aids in treating and preventing coccidiosis caused by *Eimeria bovis* and E. zuernii in calves. For a satisfactory diagnosis, a microscopic examination of the feces should be done before treatment. **Dosage in drinking** water: For a 5-day treatment — add solution

to drinking water at the rate of 16 fl. oz./100 gallons of water and offer as the only source of water for 5 days; for 21-day prevention — add solution to drinking water at the rate of 8 fl. oz./100 gallons of water and offer as the only source of water for 21 days. **Dosage as a drench:** For a 5-day treatment — add 3 fl. oz. of solution to 1 pint of water and, with a dose syringe, give 1 fl. oz. of this drench solution for each 100 lbs. of body weight and give daily for 5 days; for 21-day prevention — add 1½ fl. oz. of solution to 1 pint of water and, with a dose syringe, give 1 fl. oz. of this drench solution for each 100 lbs. of body weight and give daily for 5 days; for 21-day prevention — add 1½ fl. oz. of solution to 1 pint of water and, with a dose syringe, give 1 fl. oz. of this drench solution for each 100 lbs. of body weight and give daily for 21 days. Not for sale in California. Gallon. **C27940 – \$144.99**

VETERICYN[®] WOUND & Infection treatment

Kills 99.9999% of infectioncausing bacteria, viruses, and fungi. Treats cuts and scrapes, ringworm, hot spots, rain rot, eye infections, skin rashes, cinch fungus, skin infections, burns,

post-surgical sites, skin ulcers, strep, staph (MRSA), *E. coli, Salmonella*, and fungi. Safely replicates the animal's own immune system. Does not harm healthy tissue. 100% nontoxic, nonirritating, and nonstinging. Antibiotic-free, steroid-free, and tests free on competitive animals. No alcohols, iodines, or tea tree oil. 8-oz. bottle. C30025 – \$27.79

HIGH POTENCY

VITAMIN B COMPLEX INJECTION For use as a supplemental source of B-complex vitamins in cattle, horses, swine, sheep, dogs, and cats. Intramuscular injection recommended. May be administered subcutaneously or intravenously. **Dosage and**

administration: 1–2 ml per 100 lbs. body weight for adult cattle and horses, 5 ml per 100 lbs. body weight for calves, foals, swine, and sheep, and 0.5 to 2 ml for dogs and cats; may be repeated as necessary. 250 ml bottle. C18516 – \$17.99

VETERINARY SUPPLIES

MEDICATIONS

CENTRIVET™ BLOOD GLUCOSE METER

Blood glucose and ketone results in seconds; 5 seconds for glucose and 10 seconds for ketones. Meter features meal markers, hypo/ hyper alarms, ketone test alert, 5 daily reminder options, large display with bold numbers, test strip ejector that reduces the risk of contamination, and auto shutoff. Memory stores up to 450 records with date and time. Measurement ranges: glucose 10-600 mg/dL (0.6-33.3 mmol/L); β -ketone 0.0-8.0 mmol/L. Hematocrit range: 20-60% for both glucose and ketone. 3%" x 2%" x 3%".

Blood Glucose & Ketone Meter Only. Includes meter, reference materials, 2 batteries, and a carrying case. C34635 – \$39.99

Bovine Blood Ketone Test Strips Only. Vial of 25 test strips. C34638 – \$37.99

CALCIUM GLUCONATE 23% Aids in the treatment of parturient paresis (milk fever) in cattle. Administered intravenously or intraperitoneally. 500 cc. C00329 – \$8.49

50% DEXTROSE STERILE SOLUTION Aids in the treatment of uncomplicated ketosis of dairy cattle. 500 ml. C14720 – \$6.69

VETERINARY SUPPLIES MEDICATIONS

VETERINARY SUPPLIES MEDICATIONS

PROHIBIT® SOLUBLE Drench Powder Anthelmintic

Broad-spectrum anthelmintic effective against nematode infections in cattle and sheep (stomach worms, intestinal worms, and lungworms). Administer orally as a drench with standard drench syringe or administer as a concentrated drench solution with an automatic drenching syringe. Dosage and administration: For cattle, mix 1 packet into 1 gt. of water and administer as a single drench dose ½ fl. oz. per 200 lbs. of body weight; for sheep, mix 1 packet into 1 gallon of water and administer as a single drench dose ½ fl. oz. per 50 lbs. of body weight. 52 g packet. Not for sale in California. C34762-\$34.19

ORBESEAL® (BISMUTH SUBNITRATE) TEAT SEALANT

Sterile, nonantibiotic paste for intramammary infusion of nonlactating cows as an aid in preventing new mastitis infections throughout the dry period. Mimics the cow's natural first line of intramammary defense, the keratin plug. Bismuth subnitrate is a safe, inert sealant with a high specific gravity that allows it to sink into fissures and folds of the teat canal, forming a nearly impenetrable barrier that remains in place for 100 days or more. Results in fewer cases of mastitis. No residue, no milk withholding. **Dosage and administration:** After last milking at dry-off, clean and disinfect the teats with the alcohol swabs provided, then infuse the entire contents of one Orbeseal® syringe into each quarter by inserting the nozzle into the teat and applying gentle continuous pressure to the plunger until the paste is expressed. **C30336** Pack of 12 syringes **-\$49.99 C27106** Bucket of 144 syringes **-\$499.99**

PRIVERMECTIN® DRENCH FOR SHEEP

Ready-to-use, free-flowing solution of ivermectin for the treatment and control of worms and bots in sheep. 0.08% solution. Enough for eighty 100-lb. doses. 960 ml. Not for sale in California. **C31047 – \$99.99**

GO-DRY™ MASTITIS TREATMENT BY U.S. VET

Intramammary infusion for the treatment of bovine mastitis in dry cows. Effective against udder infections caused by *Streptococcus agalactiae*. Administer at time of drying off by infusion in all 4 quarters (1 tube in each quarter), 1 time only. Each single-dose syringe contains 100,000 units of Procaine Penicillin G in sesame oil. Box of 12 disposable syringes (10 ml each). **C12945 – \$32.99**

Intramammary infusion intended for treatment of bovine mastitis in lactating cows. Effective against udder infections caused by *Streptococcus agalactiae* and Streptococcus uberis. Each 10 ml single-dose syringe contains 100,000 units of Procaine Penicillin G in sesame oil. Dosage is 10 ml per infected quarter. Treatment may be repeated at intervals of 12 hours. Do not administer

more than 3 consecutive doses. Box of 12 syringes (10 ml each).

C12946-\$32.99

A SAFE-GUARD[®] CATTLE & HORSE DEWORMER

Controls brown stomach worm, barber pole worm, bankrupt worm, small stomach worm, cooperia, thread necked worm, hookworm, nodular worm, and lungworm. Safe for pregnant beef and dairy cattle (8-day withdrawal), and horses not intended for slaughter. 92 g tube (treats eight 500-lb. cattle). Not for sale in California. **C15698 – \$61.99**

B CYDECTIN[®] ANTIPARASITIC POUR-ON FOR CATTLE

Treats infections and infestations due to internal and external parasites. For use in lactating and dry dairy cows and veal calves. When applied at the recommended dose level of 0.5 mg/2.2 lbs. (0.5 mg/kg) body weight is effective in treatment and control of the gastrointestinal roundworms, lungworms, cattle grubs, mites, lice, and horn flies. 500 ml bottle treats twenty 550-lb. cattle. Not for sale in California. **C18553** 500 ml – **\$124.99 C18554** Liter – **\$174.99**

VIRKON[®] S BROAD SPECTRUM DISINFECTANT

Highly effective, broad spectrum disinfectant for livestock containment and producer facilities. Proven efficacy against viral, bacterial, and fungal pathogens. Kills African swine fever. Ideal for cleaning and disinfecting surfaces, equipment, and instruments. Can also be used in aerial disinfection. Powder formula dissolves quickly in water. 1 gallon of solution treats 135 square feet. 10-lb. pail. Not legal for sale or storage in California. **C23526 – \$99.99**

C IVOMEC® 0.5% POUR-ON FOR CATTLE

One low-volume dose treats and controls roundworms, lungworms, grubs, lice, mange mites, and horn flies. Apply along topline from withers to tail head. Each ml contains 5 mg of lvermectin, sufficient to treat 22 lbs. (10 kg) of body weight. 250 ml pack treats 10 head of 550-lb. cattle; 1-liter pack treats 40 head of 550-lb. cattle; Litter. Not for sale in California. **C18552 – \$164.99**

D FIGHT BAC®

22-oz. aerosol can is the same as using ½ gallon of teat dip. One can will treat 300 cows. C16208 – \$19.99

E MILK CHECK ISOPROPYL ALCOHOL WIPES

Convenient, high-quality with 70% isopropyl alcohol and 30% purified water. Pop-up dispenser contains 175 wipes, each 7" x 7". **C32576 – \$17.29**

EPRINEX® POUR-ON FOR BEEF & DAIRY CATTLE

For internal and external parasite control in one easy application. Broad-spectrum efficacy in a weatherproof formulation with no meat or slaughter withdrawal and zero milk discard. One dose applied along the topline treats and controls 24 stages of adult internal parasites, L4 larvae and inhibited L4 larvae, horn flies, cattle grubs, four species of lice (including biting lice), and two species of mange mites. Lasts 21 days for internal parasites; 7 days for external parasites. 250 ml will treat 10 head of 550-lb. animals or 5 head of 1,100-lb. animals. 1 liter will treat 40 head of 550lb. animals or 20 head of 1,100-lb. animals. **Dosage and administration:** 1 ml/10 kg (22 lbs.) of body weight. Not for sale in California. **Cl8911** Liter **– \$189.99**

2.5-Liter Collapsible Pack. Connect a dosing applicator (not included) and draw-off tubing (not included) to the collapsible pack and follow manufacturer's directions for adjusting the dose.
C29692 – \$349.99

FORTIGUARD SOLID FOOT-PAN SANITIZER

Control pathogens in your animal care facilities with the only EPA-registered solid foot-pan sanitizer. Low-dust powder is specifically designed to kill E. coli, salmonella, avian influenza, PEDv, PRRS, rotavirus, and more. Twelve 2-Ib. pouches. **NE40346 – \$156.99**

VETERINARY SUPPLIES MEDICATIONS + SUPPLEMENTS

ELECTROLYTES PLUS™ MULTI-SPECIES SUPPLEMENT

Concentrated, nutritional hydration supplement. Dosage and administration: For calves, mix 1 packet or scoop into 2 gts. warm water and feed solution 1-3 times daily. For foals, mix a half packet or scoop into 1 qt. lukewarm water and offer 2–3 times daily at a rate of 1–2 pts. per 100 lbs. body weight. For lambs, goat kids, fawns, or alpaca crias, mix ¼ packet or scoop into 1 pt. warm water and offer 4 fl. oz. per 6 lbs. body weight. For piglets, mix 1 scoop into 2 gts. lukewarm water and offer for 1–2 days during hot weather or other stress. For adult horses, llamas, alpacas, sheep, or goats, mix 3 oz. (a half packet or scoop) per gallon of lukewarm water and offer during stress or transport — offer as the only source of drinking water for 1 hour, 2–3 times daily. 25-lb. pail. C31202 - \$77.50

FIRST DEFENSE® BOVINE CORONAVIRUS-ESCHERICHIA COLI ANTIBODY BOLUSES

For newborn dairy and beef calves. USDA and CFIA approved. Colostrum-derived defends against K99+ E. coli and Coronavirus. Easiest scours prevention to use with the most accurate dosage. OMRI listed, suggested for use in organic operations. Dosage and administration: Administer 1 bolus per calf within the first 12 hours after birth. Do not vaccinate calves with oral Coronavirus or Rotavirus products within 5 days of administering First Defense®. **C31275** Box of 5 doses - **\$54.99** C31273 Box of 30 doses - \$304.99

FIRST COLOSTRUM

This colostrum supplement has USDA-CVD, dual-claim approval to aid in the treatment of failure of passive transfer of immunity in newborn calves and to aid in the prevention of death associated with Escherichia coli K99. Contains a dose of E. coli antibody and 50 g of bovine-origin IgG. Single-dose, 350 g packet. C23390 - \$19.99

COLOSTRUM PLUS

The only colostrum replacer on the market with USDA-Center for Veterinary Biologics dual-claim approval and 100 g of IgG. Proven to aid in the treatment of failure of passive transfer of immunity and to aid in the prevention of death associated with Escherichia coli K99. Single-dose, 500 g packet. C31926-\$38.99

CALF SOLUTIONS® ULTRA START® 150 CALF COLOSTRUM REPLACER

Contains a minimum 150 g of bovine globulin proteins per feeding, providing one replacer feeding or up to 3 supplement feedings. Formulated with 10% fat, vitamins, and nutrients. 12-oz. (350 g) pouch of dry powder. C30268-\$44.50

NascoFarmandRanch.com

CALF CARE

A START BOTTLE/DRY FEEDING FOR CALVES

Dry feed bottle helps start a calf on feed. Place in the pen on day one. Their natural instinct will take them to the nipple. By biting the nipple, it will dispense feed. Sanitary. Weatherproof. 2-qt. capacity. Pull-off nipple. C13849 - \$31.49

Replacement Nipple

C13850 - \$7.29

B BOVINE COLOSTROMETER[™]

This original colostrometer is calibrated to measure colostrum quality by utilizing an internal color-coded scale. The level at which the colostrometer floats in the included plastic shipping/floatation cylinder indicates the amount of immunoglobulins (or antibodies) in the colostrum milk. C10978-\$28.99

C COLOSTRUM HYDROMETER WITH PLASTIC CYLINDER

Measures colostrum quality by utilizing an internal color-coded scale. Indicates the amount of immunoalobulins (or antibodies) in the colostrum milk. Includes a 250 ml, durable plastic graduated cylinder. C35623-\$41.99

D LARGE FLOATING TEAT

Floating base has a ring to attach a stainless steel chain (not included) for securing the unit to a bucket. One beige rubber teat. 61/2"H x 43/4" dia. C19302 - \$15.79

E SPER CLINICAL PORTABLE REFRACTOMETER

Works in ambient light with no battery or other power source. Includes rubber-coated hand grip that insulate the test solution, covered eye piece and bright defined scale with measurements. Measures protein concentration, urine specific gravity, or gives the refractive index using a few drops of blood serum, plasma, urine, or albumen. $6\frac{3}{4}$ " x $1\frac{1}{2}$ ". Serum albumen scale range is 1–12 g/dl, resolution is 0.2 g/dl, and accuracy is ±0.2 g/dl. Urine specific gravity range is 1.000-1.050, resolution is 0.002, and accuracy is ±0.002. Refractive index (nD) range is 1.3330-1.3600, resolution is 0.0005, and accuracy is ±0.002. Includes a hard carrying case, calibration solution, pipettes, and calibration tool.

SB48374 - \$97.95

F VEE GEE[®] HANDHELD REFRACTOMETERS

Accurate measurements for the concentration of aqueous solution. Rubber grips reduce temperature errors. Portable. Patented Zero-Ring eliminates the hassle of using a separate tool for calibration. Scale: Brix. Nonroll stand. Includes a plastic transfer pipette, instruction manual, and carry case.

Model BTX-1. Range: 0–32%. Resolution: 0.2%. Accuracy: ± 0.2%. ATC: Yes. 6½"L x 1½"W x 1½"H. C29014 - \$189.99

Model BX-4. Range: 45–82%. Resolution: 0.2%. Accuracy: ± 0.2%. ATC: No. 5½"L x 1½"W x 1½"H. C33785-\$199.99

G ORIGINAL ALUMINUM KALF KATCH

Spring-button allows adjustable shaft to lock in at 5' or extend to 10'. Catches calves up to 250 Ibs. Hook eliminates kickout; calf's back leg is held securely by steel hook. Allow extra delivery time. 🗭

C14882-\$84.99

H WEIGH SLING

Weighs and carries calves and foals. 33" x 14" nylon mesh sling with front and rear adjustable, 2"W nylon straps, each with a heavy-duty plastic snap buckle. Metal D-rings and bolt snaps. C28540-\$129.99

Flexible, transparent tube makes it easy to monitor flow and can be held with one hand. Stopper and calf-size markers guide tube placement and positioning. Mouthpiece sits against the muzzle and tube is easily positioned within the esophagus. Valve ensures fast flow. Clip-on bottle keeps mouthpiece clean and away from surfaces. Easy transition between teat and tuber. Cut feeding time in half. Large, 1-gallon (4 liter) bottle. **C34565 – \$68.99**

A MILK BAR™ FEEDERS

Patented EZ-Lock mounting brackets are adjustable to attach to anything from rails to pipes up to 3"W. Adjust quickly and lock in place so calves cannot bump or dislodge them, nursers stay level and won't tip forward, brackets lock the feeder in place upside-down for draining. Resin nylon brackets with extra ribbing for strength. Allow extra delivery time.

6-Nipple. 9-gallon capacity. C28826 – \$189.99

10-Nipple. 15-gallon capacity. **C26367 — \$299.99**

B Milk Bar™ Compartment Feeders. Feed a group of

Milk but "Compariment recurs. reea a group of calves and know that each is getting the proper amount, regardless of age, with separate compartments. Each compartment holds 2 quarts. Units inter-stack neatly without teat damage. EZ-Lock mounting brackets.
 3-Compartment. 10" x 20" x 16"D.
 C26007 – \$179.99

5-Compartment. 33" x 11½" x 15"D. Allow extra delivery time.

C26008-\$199.99

MILK BAR™ REPLACEMENT PARTS

C Milk Bar™ Replacement Nipple C23760 – \$6.49

 EZ-Lock Replacement Brackets. Resin nylon with extra ribbing. Set includes 2 brackets, 2 slides, 2 caps, and instructions.
 C29555 – \$29.99

■ MILK BAR[™] CALF SELF-FEEDERS WITH FENCE BRACKETS

Save time with by not having to hand feed. Feeders hook easily where you need them. Exclusive nipple design slows down gulping to prevent choking and promotes salivation. Durable poly containers with molded-in fence brackets hook onto wire or 1x4 wood rails. Gravity-flow nipples require no valves or tubes.

 $\mbox{l-Nipple}.$ Features a hook to better secure feeder onto cattle panels. Holds 3 qts. $84''L \times 7''W \times 9''H.$

C19868 - \$48.49 5-Nipple. Holds 4 gallons. 12½"L x 13"W x 14½"H. C19869 - \$134.99

FLEXI TUBER STARTER PACK

Significantly reduces calf stress and discomfort. Soft, flexible tube swallows easily, minimizing calf struggling. Flexible tube can be held with one hand. Strapon function also gives more hands-free option. Transparent flexible tube is easy to clean and monitor flow. Reliable valve for fast flow with thick colostrum. Cuts feeding time in half. 4.23-qt. (4-liter) capacity. **C35111 – \$69.99**

Replacement Tube. With mouthpiece and strap. C35112 – \$39.99

CALF CARE FEEDERS

PEACH TEAT™ NURSER Complete nurser comes with a pink (soft formulation) Peach Teat™, vented screw cap, and

PEACH TEAT[™] HAND NURSER

Features vented cap. Calf

raisers will appreciate the

ease of starting new calves

with the molded-in handle.

bottle. 2-quart capacity. **C23480 – \$14.49**

PEACH TEAT™ MULTI-TEAT OPEN FEEDERS

Feeders feature a large open top and solid one-piece construction.

Durable, UV protected. Each feeder comes with Peach Teats[™] and EZ fit adapters. Contoured edges and corners make cleaning a breeze. Back of each feeder has 2 durable metal brackets with 2 adjustable positions. Mount on a rail or fence.

Pull-Through 3-Teat Calf Feeder. Includes 3 Peach Teats™ (pull through the bucket) and 3 EZ fit adapters. 4½-gallon capacity. C33222 – \$88.99

Pull-Through 5-Teat Calf Feeder. Includes 5 Peach Teats™ (pull through the bucket or thread in using EZ fit adapter) and 5 EZ fit adapters. 8-gallon capacity. C28042 – \$134.99

Screw-In 5-Teat Calf Feeder. Sleek design includes 5 Peach Teats[™] (screw directly into the bucket; no need for EZ fit adapters). Bracket design prevent bolts from wiggling loose. 8-gallon capacity.

C34811-\$149.99

F Peach Teat[™] & Check Valve. Use with C25263 (listed at right), 6 mm hose. The innovative threaded Peach Teat[™] and check valve make your multi-calf feeder system highly efficient. Check valve makes it easier for calves to drink with tube feeding or gravity feeding. Includes I Peach Teat[™] and I check valve. C30162 – \$11.49

G Black Threaded Peach Teat[™]. UV protected to stand up to direct sunlight for long periods of time.

C32523-\$6.49

H Black Pull-Through Peach Teat[™]. Black UV protected, pull-through nipple designed with a tapered end for use in narrow moats (such as Milk Bar[™]). Can be used in all types of feeders on the market. C30867 – \$6.49

Vented Replacement Cap and Peach Teat Nipple. Two-piece set. Peach Teat[™] and screw-on cap will work on Merrick and E-Z Nurse[™] bottles. C23481 – \$6.99

Plastic Tubing for Barrel Feeding. Durable PVC tubing resists kinking and is 3A certified for food-grade applications. Sized to fit into the back of Peach Teat[™] nipples and the Peach Teat[™] check valve for free access style feeding of calves. Drill %" holes, equally spaced, 24" from the bottom of the barrel. Use 30"L of PVC tubing with the Peach Teat[™] & Check Valve (C30162, at left) and Peach Teat[™] Check Valve (C19740, below), sold separately. 100' roll. Size: 6 mm I.D., 10 mm O.D. C25263 – \$51.99

Peach Teat[™] Check Valve. Attaches to the end of PVC tubing when used in barrel feeding to prevent milk from backflowing, leaving a constant supply of milk in the line for the calf. C19740 – \$1.99

SINGLE PEACH TEAT™ REVERSIBLE BUCKET FEEDER

UV protected. Back of feeder is molded to fit over a rail or fence. Includes a Peach Teat[™] nipple. Teat opening in the front and back of the bucket allows it to be hung on the inside or the outside of a fence or rail (a stopper plug is included). 6-qt. capacity. **C26827 – \$26.99**

Uses the Peach Teat™ nipple. 2-quart capacity. **C26923 – \$19.49**

SINGLE PEACH TEAT™ BUCKET FEEDER

Ideal for calves in hutches. Durable, UV protected, and includes Peach Teat[™]. Built to hang on the inside of a rail or fence. Bottom has small legs so it can stand on a flat surface. 6-qt. capacity. **C34139 – \$20.99**

A ORAL FLUIDFEEDER

Fast introduction of fluids, but slow enough to allow animal to naturally produce the necessary saliva for digestion. Single tube probe travels easily into esophagus and reduces accidental trachea entry. Strong, durable material maintains shape and flexibility and can be used repeatedly. Gallon capacity. C32281 – \$21.09 A

B

Diller-

SANITIZE AFTER

B ORAL CALF FEEDER

Combats scours and dehydration. Smooth plastic prevents irritation. Reusable with loop for hanging, and has shut-off clamp. 2.6 quarts (2.5 liters). **C07326 – \$31.95**

C ORAL CALF DRENCHER

4-qt. container with vented screw-on cap and plastic esophageal probe. Measurements in ml, cc, oz., and pints are marked. **C26983 – \$20.99**

D ORAL CALF FEEDER BAG WITH PROBE

Single-piece, plastic probe retracts and easily slides down the esophagus. 2½-liter bag has a handle and a zipper top. Includes clamp. One-time use. Nontoxic.

Bag with Small Probe. Smaller tip for easier insertion. C29288 – \$26.99

Bag with Regular Probe. Large inside diameter. C14788 – \$24.99

E FLUIDFEEDERS

Administer fluids and nutrients into the rumen. No regurgitation. For cattle under 300 lbs.

2-Qt. Roll-Tube Fluidfeeders

C08376 32"L x 9½"W x 4"H. 16" stainless steel probe. **- \$48.99 C08377** 31½"L x 9½"W x 4"H. 16" plastic probe. **- \$24.99**

1-Gallon Jug Fluidfeeder. 31"L x 6¼"W x 5½"H. 16" stainless steel probe and no-crimp valve. **C32029 – \$61.99**

F HANDI GRIP[™] FEEDER AND STORAGE BOTTLES

4-qt. bottle works as storage, a feeder with a nipple, and as a reservoir. Tilt/hold at any angle and maintain control. Can be used to freeze colostrum. Includes bottle with storage cap and plastic esophageal probe assembly.

CALF CARE

FEEDERS

S

P MILK BAR™ YELLOW SNAP-ON COLOSTRUM NIPPLE

Stimulates saliva production for nutrition and the development of the calf's digestive system. Softer rubber. Fits a top diameter of $2\frac{1}{2}-2\frac{5}{8}$ ". C33480 – \$7.49

Q MILK BOTTLE CAP

Turns any milk bottle into an airtight storage container. **C31658 – \$2.99**

R SNAP-ON CALF NIPPLE

Red rubber, 3"L nipple. **C35452 – \$2.24**

S EASY-ON CALF NIPPLE

Natural feel with a tapered tip. When the calf pulls on the nipple, it opens the vent automatically. Fits E-Z Nurse, PolyDome, and other bottles with 2%6" neck. **C29620 – \$3.19**

MULTI-NURSER SYSTEM

Create your own economical, multi-nursing system by attaching calf nipples to an empty, 15-gallon drum, such as a teat dip drum.

A Red Fast-Flow Calf Nipple. Stimulates natural suckling. After pushing the nipple through a ⁷/₈" drilled hole, insert ¹/₄" I.D. Vincon Tubing (C25270, at right) into the nipple. Tubing should be long enough to reach to the bottom of the drum. To prevent backflow, insert the Stop Valve (C25269, at right) at the loose end of the tube.

C25266 - \$5.69

B Big Softy Nipple. For use in gravity-flow situations where the milk level is higher than the nipple. When the calf bites, the nipple replicates natural suckling action, encouraging nursing and digestion. Fits Milk Bar™ calf nursers or 7/8" drilled hole.

C27350-\$6.19

C Stop Valve. Prevents backflow of milk when used with the Red Fast-Flow Calf Nipple (C25266, at left).

C25269-\$1.89

D Teat Inlet Elbow for Nipple. Gets milk from the bottom. Use with Red Fast-Flow Calf Nipple (C25266, at left), Big Softy Nipple (C27350, at left), and Lamb/Kid Teat (C28211 on p. 61). Nonreturn valve incorporated. Use with 4-Place Kid Milk Train (C28753 on p. 61). C26026-\$1.09

E ¼" I.D. Vincon Tubing Only. Use for insertion into Red Fast-Flow Calf Nipple (C25266, at left) to supply milk from the bottom of the drum. 100' roll. C25270-\$54.49

F CALF NIPPLE SET

Mounts at the bottom of almost any bucket or plastic container by drilling a 1½" hole. Comes apart for easy cleaning. No one-way valve inside the nipple, so calves have nothing to "chew" on. C13701-\$5.89

Replacement Nipple Only C13700(C) - \$3.29

Replacement Valve Only C31629-\$5.49

Soft nylon bristle brush reaches every corner

Designed for hand washing of quart bottles.

White polyester bristles. Overall length 15",

brush length $6\frac{1}{2}$ "., diameter $2\frac{3}{4}$ ", taper $2\frac{3}{8}$ ".

18½"L x 5½"W. Drill not included.

C34450-\$36.99

C06114 - \$38.99

H OUART BOTTLE BRUSH

G NURSING BOTTLE BRUSH FOR CORDLESS DRILL 22" BOTTLE BRUSH

Long-handled bottle brush with stiff bristles for and bend of the bottles. Mixture of soft, nonscrubbing. Twisted wire handle. 22"L. scratch bristles. Use with 2- and 3-qt. bottles. C29721-\$9.49

I HEAVY-DUTY METAL WHISKS

Ideal for mixing chemicals and milk replacer. Stainless steel whisks are fused into a solid, easy-clean handle. C35687 12"-\$10.99 C35688 18"-\$15.49 **C35689** 24"-**\$19.99**

K NYLON WEANER

Strong nylon with a zinc-plated bolt and wing nut C35450-\$2.74

I PREMIUM NYLON WEANERS

Made of strong polyamide nylon. Each features a zinc-plated bolt and wing nut. C32797 Small (Black) (Green) **C32796** Medium C32798 Large (White) Each – \$4.89

M CALF WEANER

Reliable calf weaner can be washed and disinfected for repeated use. Plastic. C34344 - \$2.49

N QUIETWEAN

The original two-step weaning program. Use the tag to eliminate the stress of weaning. Restrain calf and slide the nose tag on to prevent nursing. In 4–7 days, remove nose tags and separate cows and calves. Calves weaned in two stages rarely call after separation. C30418 - \$5.39

O CROWN WEANING RINGS

Simple construction of aluminum and stainless steel, resists rust and corrosion. Light. Stays in animal until removed. C00267 Calf, 2½" dia. -\$8.99 **C00268** Cow, 2³/₄" dia. - **\$9.49**

P KANT SUK WEANERS

Guard swings free allowing animal to eat and drink freely, yet prevents sucking. No sharp prongs or edges. Nosepiece has plastic balls. Will not irritate or work loose. Wing nut adjustment. Bright zinc-plated steel. **C02511** Calf size - \$17.79 C02512 Yearling size - \$18.99

Q EDMING WEANER

Fits rigidly in nose of all sizes of cattle and calves, without interfering with feeding. Prongs can be bent to stop self-suckers. Lightweight and easy to apply. Consists of one nosepiece and two fasteners, corrosion-proof. C00448-\$3.89

KOZY KALF SLED

Reinforced skids for long life and easy towing. Polyethylene. 40"L x 34"W. 18"D at highest point, 9"D at lowest point. Includes net, rope, and cable ties. Allow extra delivery time. 🗭 Z16107 - \$229.99

C35338-\$129.99

E WEAVER[®] PRO CALF BLANKET

Water-resistant blankets with a laver of polyester fiber fill. Adjustable belly straps with quickrelease buckles. Black. Machine washable Small. Spine length: 22½". Bottom length: 24". Neck diameter: 24". C34567-\$41.99

Regular. Spine length: 27½". Bottom length: 26". Neck diameter: 261/2". C34568-\$42.99

CALF LEG SPLINTS

When a calf is born with a contracted flexor tendon, the fetlock joint is caused to knuckle under, causing serious limitation to the mobility of the calf. With the application of the BOS splint to the back of the leg with the bottom edge at ground level, the calf should have normal mobility immediately. Remove the splint after 4–5 days.

Front-Leg Splint Kit. Includes 1 calf front-leg splint (C27390, below), 3" x 5 yd. roll of elastic adhesive bandage, and instructions. Splint length: 17³/₄". C28222-\$72.00

Front-Leg Splint, Yellow C27390-\$65.00

Rear-Leg Splint Kit. Includes 1 calf rear-leg splint (C27127, below), 3" x 5 yd. roll of elastic adhesive bandage, and instructions. Splint length: 15³/₄". C24222 - \$72.00

Rear-Leg Splint, Green C27127 - \$65.00

CATTLE FARRIER'S HOOF TRIMMING KIT

Trim beef and dairy cattle hooves. Includes 10" shoe rasp, 14" hoof nipper with double cutting jaws, 3" right-handed hoof knife, hand hoof chisel, 3⁵/₈" double-edged searcher knife, and wire hoof brush. High-density polyethylene storage box is rust and corrosion proof. 16" L x $6\frac{1}{2}$ " W x $3\frac{1}{2}$ " D. NE50003-\$145.00

Use the hoof pick to remove large quantities of caked mud and dirt, and use the brush to remove smaller particles. Made with a plastic handle, super-stiff nylon bristles, and a tempered steel pick. Color may vary, no choice. C11455-\$2.39

C27222

C27224

C27223

Crafted from rugged stainless steel and a

comfortable hard wood handle. Reliable,

CLAW-CHECK

Achieve correct form and function of the bovine hoof. Ensures weight is evenly distributed. Set at 50° angle. C28338-\$12.49

DELUXE BEECHWOOD HOOF BLOCK

Scored on both sides. 4³/₄"L x 2"W х %"Н. C23588-\$3.99

WEAR GUARD

Prevents future lameness. Apply when a cow is walking slow (tender footed) or shows signs of excessive hoof wear. Note: This is not therapeutic blocking Treat both claws in situations of excessive wear. C34394-\$3.29

COWSLIPS® ORTOHPEDIC SHOES

Orthopedic shoes fitted to the healthy claw of the affected hoof, remove weight from the diseased or injured claw to increase mobility, improve milk yield or weight gain. Recycled PVC with raised, non-slip latticed sole. Quick, clean, easy to fit, and stay in place for several weeks and then fall off. For Holsteins and beef breeds.

CowSlips® Original. For Jerseys, Guernseys, Ayrshires, and Holstein heifers. Contains 5 right shoes, 5 left shoes, and adhesive. Have a $\frac{1}{2}$ " longer sole; slightly forward tapered sole with approximately $\frac{1}{8}$ " increased depth at the heel; 1 mm wider; and rounded rear inside edge of sole for increased cow comfort. C33865-\$159.99

CowSlips® Plus. Suitable for Holsteins and beef breeds. Box of 10 (5 right and 5 left). C33865(A) - \$159.99

CowSlips® XL. For very large or abnormal size claws that would be better fitted with a bigger shoe. Easily accommodate even the largest of dairy cattle — a full 5½" (140 mm) long. For North American Holsteins and large/abnormal claws. Box of 10 (5 right and 5 left). C23567 - \$159.99

CowSlips® "The Doc" (Wider and Longer). For use on especially large or abnormal claws. Box of 10 (5 right and 5 left). C31844 - \$159.99

SHOOF VET-ROPE LEG ROPE

Soft, safe, non-burning rope. Specially woven hollowcenter braided rope. Ready-spliced eye loop won't slip or fray. Ideal for securing leg of cattle while hoof trimming. 1" dia. x 8'L. C14911-\$49.99

LIVESTOCK SUPPLIES

OPTIMA LIVESTOCK SCALE

Livestock scale with cage for weighing hogs, sheep, small cattle or ponies. Constructed of heavy-duty materials and comes with the necessary parts for weighing livestock. Equipped with 2 wheels for easy mobility as well as pull out handles that extend out or slide back out of the way. Features 4 sturdy rubber feet to provide traction and stability. Includes watertight stainless steel backlit LCD display, accumulation mode to total weights, built-in communication port, tilt adjustable wall or desk mount, and rechargeable battery with AC adapter. 5" H platform. Capacity: 2,000 lbs. x .5 lb. Platform size is 30"L x 60"W. Cage is 37"H. Allow extra delivery time. Im A CHOKING HAZARD (1). Not for under 3 yrs.

Z50128 - \$1,599.99

DIGI-STAR WRANGLER JUNIOR SCALE

Portable scale with 4" deck. Displays accurate readings on uneven, firm surfaces. Stainless steel load cells with 3,300lb. capacity. Brite-tread, nonskid, aluminum platform measures 54"L x 281/2"W (23" W inside). 4" sides accommodate side panels. Display post folds down. SW300 indicator features weatherproof molded housing, an auto-off feature, and backlight display settings. Includes 120V power converter, flexible indicator RAM mount, and 2 load cells (24") with stainless steel cable guard. Lift handle and wheel kit not included. 3-year warranty. Allow extra delivery time. Available in 240V through special order. 🖡 Z45641-\$2.949.99

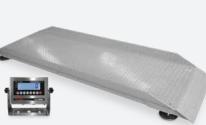

WAYPIG® DIGITAL SOW SCALE

Averages animal's weight in seconds, with 99% accuracy. Gates on each end have latches at top and bottom, yet open with a flip of a lever. Removable side bars. Two stainless steel load cells under the floor absorb the shock load of active animals during weighing. Seamless housing protects electronics from dust and moisture. Features a LCD display with large numbers. Includes AC/DC converter (110V). 500-lb. capacity. 50"L x 27"W x 56"H. Allow extra delivery time. Z42134 - \$2,899.99

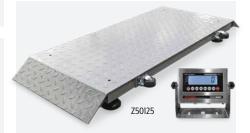

DIGITAL SCALE WITH WALL-MOUNT CONTROL PANEL

Handles heavy packages and containers. Digital control panel wall-mounts for easy access and readability. Features all-steel platform, detachable ABS plastic control panel with 9'L cord, LCD digital display, shock-resistant load cell, tare switch, nonskid feet, 150-lb. (68 kg) capacity, and 0.2-lb. (0.1 kg) resolution. Includes AC adapter. Body measures 12" x 12½" x 2¼"; control panel measures 5" x 3" x 1¼". C16685-\$275.00

OPTIMA LIVESTOCK ALLEYWAY SCALE

84" x 30" platform with 6"L ramps and 4"H side rails. Motion-sensing technology delivers accurate weight. Stainless steel LCD display with rechargeable battery. 2-year warranty on platform; 1-year warranty on electronics. Capacity: 5,000 lbs. x 1 lb. Allow extra delivery time. 🗭 🛆 CHOK-ING HAZARD (1). Not for under 3 yrs. Z50127 - \$1,599.99

LIVESTOCK SUPPLIES WATER BOWLS + DE-ICERS

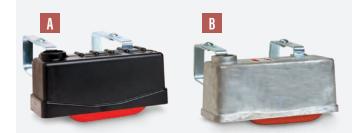

For tanks that have the valve mounted above or below water. Diaphragm allows valve to give flows of up to 90 gallons per minute. Noncorroding materials. Mounts horizontally or vertically, pressure rating 5–100 psi, and withstands water up to 140° F. Also has a port to connect the Frostpro antifreeze device (C25063, below). C19732-\$91.99

JOBE™ ROJO™ FLOAT AND VALVE FOR LOW-FLOW APPLICATIONS

For small numbers of animals. Mounts above or below water. Flows of up to 6 gallons per minute. Features side, bottom, and top mounting; supplied with backnut and seal washer; built-in check valve; fully adjustable float angle; and pressure range of 0–150 psi. Noncorrosive construction. Withstands water up to 140° F. C25064-\$39.99

MILLER TROUGH-O-MATIC FLOAT VALVES

Valves flow up to 245 gallons per hour and operate between 20–50 psi. Each valve comes with expansion brackets to fit tank rims up to 45/16"W x 2"H. Accepts standard 3/4" garden hose. 71/2"L x 3"W x 31/2"H.

A Plastic Float Valve. Molded from high-grade polystyrene. C32939-\$17.49

rating, and inlet filter. Underwater installation helps avoid freezing. Withstands water to 140° F. C19731-\$67.49

Service Kit. Replacement diaphragm assembly for use on Megaflow[™] or Topaz[™] valves. C34140-\$19.99

JOBE[™] VORTEX FLOAT VALVE

For above water mounting. Float operates a small pilot valve that operates main diaphragm valve. Noncorrosive. Variable float levels. Features high flow, $\frac{3}{4}$ "-2½" water level differential, mounts horizontally or vertically, pressure rating of 5–100 PSI, and withstands water up to 140° F. Has a port to connect the Frostpro antifreeze device (C25063, left) C32889-\$314.99

HUDSON NONSIPHON WATER CONTROL VALVE

Damage-proof, self-regulating, maintenance-free water control valve for high-volume delivery. 2,400 gallons per hour 40 psi. Unlimited flow delivers water as fast as it runs through line. Automatic positive shut-off operates efficiently at a pressure of 8 to 100 psi. Valve is $3\frac{3}{4}$ "W x 5"H and operates on a 1" line. Installs easily in troughs or tanks. 2-year guarantee.

C12631-\$43.99

1" Valve Repair Kit. Includes retainer ring, diaphragm, float, shut-off pad, and screen. C13746-\$19.99

matic stock tank water valve makes float-type valves obsolete. Needs

FREELAND® FREE

FLO[™] FILL VALVE

Amazing auto-

no float, rod, or guard. Corrosion-proof, non-siphoning valve maintains water level from 4"–20" above valve. 16" water level adjusting knob. Easily installed in new or existing systems. Mounts in side wall, out of reach of livestock. Includes hook-up kit. For water pressure between 12–125 psi. C10772-\$30.49

C LITTLE GIANT AUTOMATIC STOCK WATERER

Adjustable float maintains constant water level. Fits 1/2" pipes or hose and is easily installed at any height with U-bolts or lag bolts. Connect left or right. Unit is 4½"H; bowl width is 8". Front to back dia. is 8". Front to back of bowl is 7¼". Nonsiphoning. Couplers, U-bolts, and lag bolts not included. 1-year warranty. **C18073** Black Epoxy Finish – **\$70.99** C05609 Galvanized - \$59.99 C13291 Complete Float Assembly Replacement-\$16.99

D CATTLE AND HORSE BOWL

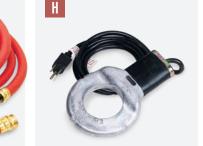

Rugged bowl made of high-impact copolymer polypropylene. Simple, safe, water release valve at back of bowl makes cleaning guick and easy. Fitted with cast iron threads for permanent installation. Adjustable water flow. Equipped with brass valve, ³/₄" top and bottom inlets, and mounting clamps. Waterflow: 3.7 gpm at 40 psi. C20103-\$80.99

C20103(A) Replacement valve - \$30.49

E PLASTIC CATTLE WATER BOWL

Plastic water bowl is mounted directly to pipe or flat surface. Bowl is nonsiphoning, easy to clean, durable, and may be used with cattle, horses, or sheep. Features ½" male NPT stainless steel inlet at the top of the bowl. Brass valve is rated at 3.7 gallons (13 liters) per minute at 40 psi. Bowl includes back plate for mounting. $9\frac{1}{2}$ W x $4\frac{1}{2}$ " front height x $9\frac{1}{2}$ " back height. Bowl depth: 10".

C27104-\$64.99

F FORSTAL PADDLE WATER BOWL FOR COWS

Smooth plastic is strong but flexible to withstand bumps and pressure, yet keep its shape. Nonsiphoning bowl comes ready to install with ³/₄" top and bottom inlets and frost plug. Large, deep, easy to clean, and lightweight. Comes with a standard pressure valve for 20–50 psi; flow rate is 3.7 gpm at 40 psi. Optional U-clamps are sold separately below C28825-\$97.99

Complete Replacement Valve C28822-\$68.99

G K&H RUBBER THERMO-HOSE™

Thermostatically controlled, 5%" double-wall hose turns off automatically during warmer weather. No need to drain between uses; remove from hose bib when not in use. Solid brass couplings. MET listed. 2-year warranty. C32156 40', 200 watts - \$179.99 C32155 60', 250 watts - \$249.99

H SUBMERSIBLE UTILITY DE-ICERS

Small, narrow size (7¼"L x 4½" dia., 1" at thickest point) works for buckets, automatic waterers, small animal drinkers, hog waterers, chicken fountains, and smaller metal or plastic tanks. Safe for use in all types of watering structures including structural foams and plastics. Cord is 6'L. Thermostatically controlled to operate when temperatures approach freezing, turning on at 35° and off at 45°. CSA approved. 1-year limited warranty.

250 Watts. For tanks 500 Watts. For tanks up to 25 gallons. up to 50 gallons C14387 - \$59.99 C14386-\$52.99

SINKING DE-ICER

Energy-efficient de-icer keeps tanks ice-free without overheating water. Safe for plastic or metal tanks. Cord is wrapped in a heavy-duty, anti-chew spring protector. 120V AC, 60 Hz, 1.500 watts. C33296-\$84.99

ELECTRIC DE-ICERS

Cast-aluminum heating unit keeps water from freezing down to -10° F.

Electric Bucket De-Icer. Ideal for 5–25 gallons. Safe in metal or plastic tanks up to 25 gallons. May be used in automatic waterers. 250 watts, 120V. 8" dia. x 2½" H. C12700-\$58.99

LIVESTOCK SUPPLIES TESTING EQUIPMENT

STICKY ROLL™ FLY TAPE SYSTEMS

Once trapped on the Sticky Tape, they produce stress chemicals irresistible to other flies. When a length of tape is full, wind it up (flies and all) onto disposable reel and throw it away. USDA testing showed that Sticky Roll captured 92% of available flies. **600-ft. Deluxe System.** Tape, take-up reel, and hardware. **C19220 – \$94.99**

600' Refill Tape C19221 – \$44.99 1,000' Deluxe System. Tape, take-up reel, and hardware. C22049 – \$89.99 1,000' Refill Tape C20198 – \$56.49

FOGMASTER TRI-JET®

Control knob provides desired degree of misting of both water- and oil-based solutions. Adjustable to 2–8 oz./min. with control valve. Features three counter rotating vortex nozzles. Fogging head angles for your choice of adjustment. Durable aluminum structure is designed for long life. One stage-type fan, 17,500 rpm. Continuous-duty 1 hp motor, 110/120V AC. 1-gallon capacity tank. 12½"L x 15%"H x 85%" dia. 20–25 ft. range. Available in 240V through special order. 5-year warranty. **C08734 – \$429.99**

HURRICANE ULTRA II PORTABLE FOGGER Electric fogger designed to handle both water and petroleum-based products. Fully adjustable to control your rate of application more accurately. Three precision nozzles lets you regulate output capacity. Lightweight. Translucent 1-gallon tank. Made from high-density polyethylene, a chemical-resistant material. 13"L x 8"W x 14"H. Operates on a continuous duty 6.85 amp, 50/60 cycle, 20,000 rpm, 110-120V AC motor. Available in 240V through special order. C11896 – \$689.99

GIANT FLY GLUE STRIP TRAPS

Pre-scented, nontoxic glue is most effective against flies and gnats. Each roll catches up to 250,000 flies. 300 sq. ft. of adhesive space (10"W x 30'L). **C19079 – \$17.39**

ULTRA BOSS[™] POUR-ON INSECTICIDE Controls horn flies, face flies, and lice. Approved for all classes of beef cattle, dairy cattle, horses, goats, and sheep. No pre-slaughter withdrawal; no milk discard. 5% piperonyl butoxide (PBO) and 5% permethrin. Quart. C21060 – \$61.99

PERMECTRIN™ II

Kills flies, fleas, lice, mites, and ticks including deer ticks with 30-day residual effects. Aids in control of cockroaches, mosquitoes, and spiders. Active ingredient: **10% permethrin.** For use as a spray or fog on premises or use on animals. **Cannot be shipped** outside the U.S.A. **C27185 – \$36.29**

LAMOTTE COMBINATION SOIL TEST MODEL EL

Inexpensive kit with simplified techniques. Includes 30 pH tests, 15 nitrogen tests, 20 phosphorus tests, 15 potassium tests, *Study of Soil Science* book, *LaMotte Soil Handbook*, 6 test tubes, and test tube stand in a hard case. **C08704 – \$87.95**

LIVESTOCK SUPPLIES

TESTING EQUIPMENT

A PH-200: WATERPROOF PROFESSIONAL SERIES PH/TEMP METER

Advanced microprocessor provides accurate readings in applications like hydroponics, purification applications, water treatment, agriculture, and more. Waterproof housing is submersible and floats. Digital automatic calibration (1 point) with digital fine tuning. Features automatic temperature compensation (ATC), auto-off function, data-hold function, and low-battery indicator. Easy-to-read LCD screen with simultaneous temperature display. Factory calibrated to pH 7.0 and three-point checked. pH range: 0–14. Temperature range: 32° to 130° F (0° to 55° C). Resolution: 0.01 pH. Temperature resolution: 0.1° F/C. Accuracy: ±0.1 pH. Temperature accuracy: ±1%. Minimum EC/TDS: 5 uS/10 ppm. Electrode (replaceable glass sensor and reference tube electrodes). 75/6" x 15/6". Includes batteries, translucent cap, lanyard, and pH 7.0 buffer (sachet). **C35311 – \$99.95**

B COM-100: WATERPROOF PROFESSIONAL SERIES EC/TDS METER

For use in water quality testing, hydroponics, wastewater regulation, labs and scientific testing, water treatment and more. Measures electrical conductivity (EC), total dissolved solids (TDS), salinity, and temperature. Four scales: EC Range 0–9990 µS; EC Range 0–9.99 mS; TDS Range 0–5000 ppm (0.5 Scale), 0–5.00 ppt (0.5 Scale); TDS Range 0–8560 ppm (0.7 Scale), TDS Range 0–8.56 ppt (0.7 Scale). Temperature range: 32–130°F (0–55 °C). Automatic temperature compensation (ATC) using three temperature coefficients. Features waterproof housing (IP-67 rating), push-button digital calibration, auto-off function, datahold function, and low-battery indicator. Large, easy-to-read LCD screen includes simultaneous temperature reading. Factory calibrated with a 1413 µS solution. Temperature range: 32 to 130° F (0° to 55 ° C). 32° to 130° F. Resolution: 0–99: 0.1 µS/ppm/ 0.01mS/ppt; 100–999: 1 µS/ppm; 1000-9990: 10 µS/ppm. Temperature resolution: 0.1° F/C. Accuracy: $\pm 2\%$. EC to TDS conversion factor: Non-linear conversions for KCl, 442TM or NaCl solutions, selected by the user. Probe has detachable platinum electrodes. Includes batteries, translucent cap and lanyard. C35309-\$74.95

C PH-80: PH HYDROTESTER SERIES

For use in hydroponics, aquariums, drinking water, and more. Measures pH and temperature. Features one-touch automatic digital calibration, simultaneous temperature display, large LCD display, automatic temperature compensation (ATC), auto-off function, data-hold function, and low-battery indicator. Factory calibrated to pH 7.0. pH Range: 0–14. Temperature range: 32° to 130° F (1° to 55° C). Resolution: 0.1 pH. Temperature resolution: 0.1° F/C. Accuracy: ±0.2 pH. Temperature accuracy: ±2%. Minimum EC/TDS: 10 μ S/5 ppm. Water resistant. 6" x 15 /6" x 11 /6". Includes translucent cap, batteries, storage solution, and pH 7.0 buffer (powder). **C35310 – \$44.99**

KELWAY SOIL ACIDITY AND MOISTURE METER

Test soil in 3 minutes. Designed so that by the action of the electricity it generates, it will give an accurate pH reading of the soil on the outside scale of the dial and show moisture content of the soil on the inner scale. The electrical energy to move the indicator is due to a potential difference between two electrodes that act to show pH value. No batteries to run down or replace. Easy to use, just push tester vertically into soil to a depth covering the metal plates. Read the pH on the upper scale (3.5, 4, 5, 6, 7, and 8 pH values). Once pH reading is taken, push moisture button on side to obtain the moisture reading (0, 50, 70, 100% moisture). 6½"L. 8 oz. Includes carrying case with belt loop and instructions. 6-month guarantee. **C09002 – \$150.00**

DIGITAL SOIL PH METER

The slender style provides an easy-to-read, instant digital read-out. Measures and displays the acidity/alkalinity of garden and container soil. Requires 3 GPA76 batteries (included). **C29626 – \$16.29**

HYDRION

SOIL COMPACTION TESTER BY AGRATRONIX[™] Easy-to-read, color-coded, stainless steel dial is liquid-filled to reduce shock. 24" stainless steel rod with adjustable shock collar. Durable, molded housing with rubber-grip handles. Includes large and small tip (½" tip for firm soil; ¾" tip for soft soil) with convenient storage in tester housing. Penetration depth to 24" in 3" increments. Testing range: 0-300+ psi. I-year warranty. **C30020 – \$212.39**

HYDRION[®] SPECTRAL 5.0-9.0 Plastic PH Indicator Strips

Premium-quality, wide-range plastic strips offer clear, bright, single-color matches at every 0.5 interval from pH 5.0–9.0. Plastic strips are more durable than paper rolls. 100 strips. **C31561 – \$17.85**

AUTION

AGRATRONIX™ HT-PRO PORTABLE HAY MOISTURE TESTER

Easy-to-use calibration clip for on-the-spot calibration. Takes 20 seconds to calibrate. Rugged, 18" aluminum probe allows for deep penetration testing in even the most densely packed hay bales. Moisture range: 8%–45% depending on hay tested. Temperature range: 32° to 225° F (0° to 107° C). Requires 9V battery (not included). l-year warranty.

C28717 - \$269.99

KOSTER DELUXE MOISTURE TESTER

Tells you when to ensile, bale, pick corn, and put grain into bin or crib. Determine correct moisture to help prevent combustion and the formation of fatal poisonous gases. Consists of a small, portable electric drying unit that furnishes thermostatically controlled heat, a container with a screen bottom in which to weigh and dry samples, and a digital scale that shows directly the percentages of dry matter and moisture. Also includes a TORK inline timer on/off switch. An instruction chart indicates drying time for various crops. Moisture range: 15% or less for barley, shelled corn, oats, rye, and wheat; 20%–25% for cob corn and hay; 45%–60% for haylage; and 60%–65% for silage. 110–120V AC. 1-year warranty. **C31175 – \$609.99**

Koster Complete Moisture Tester. Has all the same features as the Koster Deluxe Moisture Tester above, except it does not have the TORK inline timer on/off switch. 1-year warranty. C30851 110-120V Tester – \$589.99 C31173 220-230V Tester – \$639.99

Koster Moisture Tester. Has all the same features as the Koster Deluxe Moisture Tester above, except it does not have the TORK inline timer on/off switch and does not come with a digital scale. 110-120V AC. 1-year warranty. C31174 – \$529.99

Thermostat for Koster Crop Tester C26046 – \$34.99

Replacement Internal Assembly C33068 — \$299.99

Replacement Specimen Container C33069 – \$78.99

Measures hay moisture content right in the windrow. Add loose hay or forage to 5-gallon bucket (not included), insert handheld tester, and press button for measurement. Time for result: 30–60 seconds. Moisture range: 13%–70% depending on hay tested. 9V battery not included. **C29668 – \$339.99**

AGRATRONIX[™] MT-16 PORTABLE GRAIN TESTER Direct readout for 16 grain scales. Each scale can be adjusted to match local elevator. Auto

11.8

MT-16

can be adjusted to match local elevator. Automatically averages up to 99 test results. Moisture range: 5%–40% depending on grain tested. Temperature range: 32° to 113° F (0° to 45° C). Requires 9V battery (not included). Carrying case included. 2-year warranty. **C28718 – \$224.99**

B

D

NASCO FORAGE SAMPLER

Developed by Pennsylvania State University and recommended by extension research personnel. The sampler is extensively used in the U.S. and Canada by universities, feed companies, and farmers. Exclusive arrangements with the designer and manufacturer enable Nasco to offer this tool for the easiest and most modern method of sampling loose, baled, or chopped hay and grass silage. Available with ³/₈" round shank adapter for use with electric drill (electric drill of ¹/₂ hp or 18V capacity is recommended). Dowel plunger is supplied with each unit to remove moist or packed samples. Shank adapters are quickly and easily removed from tube by depressing a spring-loaded plunger. Fitted with replaceable hardened cutter head and adapter. (See NOTE below, as the tip is not warranted.) Made of stainless steel, the tube is 11/8" dia. x 18"L. Sampler comes with standard adapter and round shank for electric drill operation. C06541-\$242.00

NOTE: Because the tip for the Forage Sampler is made of a very hard, brittle steel that can be broken easily by dropping the unit or by hitting a sharp object, we cannot warranty tips — replacement tips can be purchased separately. The tip design is the secret to the success of this unit; when we change the material of design, performance of the sampler deteriorates. Please take good care of the entire unit, especially the tip.

A Cutting Tip – Replacement. For forage sampler above (C06541). C06544 - \$61.99

B Cutting Tip – Heavy-Duty Scalloped Forage. For balage, dry hay, and other forages. Tool steel is case hardened with a scalloped cutting edge. Aggressive cutting edge will not plug with wet forages.

C32960-\$76.99

C Drive End – Standard Drill Adapter. A ³/₈" round shank for forage sampler above (C06541). C06543-\$78.00

D Drive End – Heavy-Duty Forage Probe. For power drills and hand drills. Available in 2 sizes: ½" or 3%" shank with flats for easy clamping in the chuck. Radius shoulder for strength. ¼" hole for fastening to probe tube. Drive pin not included. Use of these drive ends requires drilling two ¼" holes in the probe that align with the hole in the adapter. Use with caution. C32959 ½" C33851 ³/₈"

Each – \$68.99

E Protective Cap for Forage Sampler. Specially designed nylon plastic cap for the forage sampler cutting tip. Asked for by customers, this device will save the teeth on your sampler. C13043-\$11.49

FORAGE SAMPLER CASE

Durable case protects your sampler. Metal latches. Sampler not included. 251/2" L x 3" W x 2" H. C12808 - \$74.99

MY WEIGHT DIGITAL SCALE

Backlit display has a 500 g capacity, is accurate to 0.1 g, and reads weight in grams, ounces, pennyweight, and carats. Large easy-to-read LED display. Stainless steel platform. Adjustable display, auto-off, and stay-on feature. Platform size: 5³/₄" x $5\frac{3}{4}$ ". Comes with AC power adapter. Requires 6 "AA" batteries (not included). l-year warranty. C32890 - \$109.99

FERTILIZER DENSITY SCALE

Balance on a knife blade to read the weight per cubic foot. Use to set spreaders and sprayers for accurate applications and take bulk inventories of fertilizer. Use with liquid and dry fertilizer products. 12"L x 3"W x 4"H. C32248-\$30.99

NASCO DIGESTION ANALYZER

Evaluates rapid by-product passage and cow performance by evaluating livestock manure. Includes 10-gallon plastic bucket (14" dia. x 17"H with handle and lid), 3 stainless steel screens (one each with hole sizes $\frac{3}{6}$ ", $\frac{1}{8}$ ", and 1/16"), ladle, 2-qt. plastic scoop, adjustable sprayer nozzle (color may vary, no choice) with cushion grip, and pair of latex-free gloves. C26728-\$419.99

PARTICLE SEPARATOR

Place 7 cups of forage in top, then shake and rotate unit 8 times. Weigh remaining material on each screen and bottom pan to calculate percentages of different particle lengths. Includes instructions. Sieves measure ⁵/₁₆" and ³/₄". C15924 - \$219.99

2-Sieve Forage Particle Separator Kit. Includes Nasco 2-Sieve Forage Separator (C15924, above), scale, weighing container, and instructions. C24057-\$420.00

NASCO FORAGE PARTICLE SEPARATORS

By determining different percentages of forage and feedstuff lengths, you can determine how much long feed material should be added to meet nutritional needs of your dairy cows. Ensuring cows obtain minimum fiber levels keeps them from displaying metabolic disorders such as reduced total dry matter digestibility, reduced milk fat percentage, displaced abomasum (DA), and rumen parakeratosis. Reduced forage particle size can decrease the time a cow spends chewing, which can cause decreased rumen pH. Smaller forage particles also spend less time in the rumen, decreasing digestibility. Diets that are too long can reduce intake and limit production.

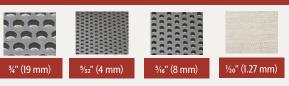

NASCO 3-SIEVE FORAGE PARTICLE SEPARATOR

Place about 3 dry pints or 8 cups of forage in top, then shake and rotate unit 8 times. Weigh remaining material on each screen and bottom pan to calculate percentages of different particle lengths. Includes 4 plastic forage separator boxes — 1 each with ³/₄" (19 mm) holes, ⁵/₆" (8 mm) holes, ⁵/₃₂" (4 mm) holes, and a solid bottom — and instructions. Allow extra delivery time. C24682-\$334.99

Economy Kit. Includes Nasco 3-Sieve Forage Particle Separator (C24682, above), economy scale, and weighing container. Allow extra delivery time. C24684-\$349.99

Deluxe Kit. Includes Nasco 3-Sieve Forage Particle Separator (C24682, above), digital scale, and weighing container. Allow extra delivery time. C24683-\$514.99

⁵/₃₂" (4 mm) Forage Particle Sieve Only. For use in determining physically effective fiber (peNDF) of a feedstuff or ration. Fits within existing forage particle sieve sets. Stacks in line with the ³/₄" (19 mm) and ⁵/₁₆" (8 mm) sieves and above the bottom pan. Part of the 3-Sieve Forage Particle Separator (C24682). Works with sets that have a ½0" (1.27 mm) stainless steel screen. Includes instructions. C32767-\$124.99

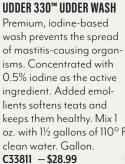

1/20" (1.27 mm) Sieve Only. Additional sieve containing smaller holes. Can be added to 3-Sieve Forage Particle Separator (C24682) with or without the $\frac{5}{32}$ " sieve. Provides better characterization of smaller TMR feed particles for a more detailed measurement. C24078-\$139.99

DEFEND II[™] TEAT DIP lodine-based barrier post dip to aid in the prevention and spread of mastitis. Ready-to-use formula with 1.0% iodine and 10% skin conditioners. Softens teats and keeps them healthy. Highly viscous, low-drip formula. Gallon. C33800-\$38.99

DYNAMINT®

Helps reduce udder edema in the fresh cow, as well as reduce mastitis "flare-up" when detected early. Contains essential oils of calendula (marigold), peppermint, tea tree, and eucalyptus (known for their antibacterial and skin conditioning properties) — blended as an ultra micro-emulsion in a gentle aqueous base. A true water-in-oil emulsion that delivers the potent properties of essential oils through the skin and into soft tissue. Formulated specifically for cow udders, organic approved. Can be used as part of a massage program to help prevent udder edema, mastitis, and infection.

DAIRY SUPPLIES MILKING EOUIPMENT

PORTA-MILKER VACUUM PUMP

A highly efficient, compact milking machine that is easily maneuvered. A wide variety of options make this Porta-Milker suitable for use with electric power for one or two cows, sheep, or goats. Features include lubricated Conde vacuum pump, steel vacuum tank, spring-loaded vacuum regulator, vacuum cock, vacuum gauge, and large, noncorrosive, hard rubber tires (10). Has solid, four-wheel base for easy mobility. Compact handle design takes up less space. Available in 240V through special order. Allow extra delivery time. 🗭 Z29943-\$2,649.99

BUCKET MILKER ASSEMBLIES (FOR DAIRY COWS)

Assembly consists of a stainless steel bucket, De Laval-style high-capacity standard claw, De Laval-type Interpulse alternating pulsator, 06-style shells, and all necessary rubber goods. Allow extra delivery time. 🗭 **Z10783** 65-lb. capacity - \$959.99

Z15668 80-lb. capacity - \$974.99

ORIGINAL D/L-STYLE HYDROPULSE BUCKET LID

Dimensions: rim $8\frac{1}{8}$ " dia., handle $4\frac{13}{16}$ ", inlet nipples $\frac{5}{8}$ " I.D. Includes lid gasket model 58/1. Allow extra delivery time. 🗭 Z15943 - \$234.99

INTERPULS® ADAPTERS Adapters for buckets, parlors, or pipelines. A C25780 Adapter for De Laval bucket with hydro-pulsator. Has a check valve. - \$35.99 **B C25781** Adapter for Bou-Matic or Surge new-style floor pail. - \$58.99

C VACUUM GAUGE

5" dial. 0–30 range. Bronze bushings. Threaded for $\frac{1}{4}$ " pipe connection ($\frac{1}{4}$ " NPT). C06096-\$16.99

D SURGE PULSATOR REPAIR KIT FOR SURGE MILKERS

Includes 4 No. 10WSU washers, 4 No. 10KSU leathers, 2 No. 10XSU gaskets, 1 No. 10YSU O-ring, and 1 No. 102X1 check valve rubber. C05841-\$14.99

INTERPULS® VACUUM PULSATOR

Long-life pulsator for heavy-duty working conditions. Simple, reliable, variable-speed, alternating vacuum pulsator gives you great performance in any milking system — parlor, bucket, or pipeline. Diaphragm material has been selected for its fatigue-resistant qualities. Reliable, easily rebuilt, with few moving parts and no fluid. 60:40 ratio. Allow extra delivery time. 🗭

Z10785-\$179.99

■ INTERPULS® LONG-LIFE VACUUM PULSATOR

Stainless steel cover design with "Surematch" slide and valve system. Air-proof, fatigueresistant main diaphragm for extended life and reliability. Pulsator with two exits. Speedadjustment screw with reinforced hexagonal socket. Includes spare air filter. 60:40 ratio. C16025 - \$189.99

IMPROVED DE LAVAL-STYLE STANDARD CLAW

Claw has larger inside dimensions with an enlarged bowl to help prevent vacuum fluctuations on fast milking cows. All parts are interchangeable. Allow extra delivery time. Z10790-\$214.99

Replacement Bowl C25778 - \$35.99

Service Kit. Contains all of the main replacement parts (bowl, plug, shaft, gasket, bumper, and shut-off lock). C27395-\$55.99

meets all FDA and 3-A standards. Easy-to-handle and clean. Durable clear plastic with blue stripe. Size: 5%" I.D. x 1" O.D. **C06037(A)** 50-ft. coil - **\$99.99** 1½" x 2¾" C06037(B) 100-ft. coil - \$199.99 C26005-\$15.89 Hose Clip. For 5/8" or 9/16" milk hose and twin vacuum tubing. C34736-\$1.99

H FILTER DISCS

For use in strainers. Box of 100 (each 9½" dia.). C19637-\$34.49

WHIRL-PAK® SAMPLE BAGS

Collect samples of milk, feed, soil, and more. Strong, sterile, and leakproof. Polyethylene bags carry solids or liquids to a lab for testing. "PUNCTURE PROOF TABS," which means the tape on the tab extends past the ends of the wire, covering the sharp points. Sterilized with ethylene oxide gas, which makes the inside completely bacteriafree. Use once and dispose. Unlike glass bottles, they are unbreakable, which means easier handling for milk haulers and lab techs. To close, simply whirl the bag 3 or more times and bend the tabs onto the bag.

NOTE: Call, email, write, or fax for quantity prices on WHIRL-PAK[®] bags.

Product No.	Capacity	Dimensions	Style	Bags/Box	Price (Box of 500)
B01064	2 oz.	5"L x 3"W	Write-On	500	\$95.00

*Bags should not be used at temperatures above 180° F (82° C). Bags can be frozen to any temperature, including liquid nitrogen temperatures down to -346° F (-210° C). Careful handling required after freezing.

NASCO MILK SAMPLING ICE CHEST

Exterior and interior walls are lightweight, but extremely durable cycolac. A middle ply between the walls is filled with a riaid polyurethane foam to ensure constant temperatures in all weather conditions. Easy to clean. Recessed carrying grips and a contact seal top. Milk samples must be in contact with ice or water to be effectively held at a temperature range between 32° and 40° F. By storing ice and milk samples side by side with a flow-through divider, ice water circulates freely in the box maintaining cool temperatures. NOTE: Wire rack not included. 16¼"L x 14"W x 9¼"D. Pastel green. Includes cover. C06115-\$344.99

DAIRY SCALE

Round steel housing with recessed $8\frac{1}{2}$ " x $8\frac{1}{2}$ " dial and indicators, plus top and bottom hooks. Large numbers and graduations. Capacity: 70 lbs. by $\frac{1}{2}$ lbs. in a single revolution. 17³/₄"H. C05889-\$58.99

STAINLESS STEEL PAILS Satin finish, one-piece construction. Extraheavy reinforced top edge and bottom provides longer service.

DAIRY SUPPLIES MILKING EOUIPMENT

DRAMINSKI® MASTITIS DETECTORS

• Diagnosis at the earliest stage—the way to product high-quality milk

- Forestripping and monitoring the udder condition at once
- Assessment of the udder quarters' condition based on the electrical resistance of milk

• Durable, waterproof case

The state of subclinical inflammation, mastitis, is very costly. Milk does not show changes in appear ance and the udder has no visible lesions. Milk from diseased guarters is limited. Salt increases as mastitis evolves from the subclinical state that reduces the electrical resistance of milk.

Detector for 4 Quarters. Requires one 9V battery (included). C26982-\$399.99

Detector for 4 Quarters with 4 Cups. Requires 4 AA batteries (included). C30974-\$469.99

CLOTH TOWEL POUCH SET

Two fabric bags with webbing around the top and 2" belt. Carry towels, medicine, or dairy supplies. Each bag holds 25 towels. 14"L x 8"W x 4"D. C27417-\$44.99

C18096-\$34.99

CALIFORNIA MASTIT

secreting milk at high cell count. Cell content is normally high at both extremes of lactation. therefore, CMT should not be used before the third day after calving. Includes paddle, one 12-oz. bottle of reagent in dispenser bottle, color plate, and directions. Will do 350 tests. Indefinite shelf life. C06059-\$18.29

Replacement Paddle C06060 - \$8.99

CMT STARTER KIT

Directs attention to individual

mammary quarters that are

Replacement Reagent. Concentrated. Pint bottle makes 1 gallon of solution when mixed with water. Indefinite shelf life. C06061-\$11.69

Mastitis Test Paddle Only. Makes CMT testing a fast and efficient one-hand operation. 10-fl.-oz. reagent reservoir is also the handle for the paddle. Milk is entered on the paddle. A quick squeeze of the handle then enters equal amounts of reagent at the same time into all 4 samples. Swirling the paddle mixes the samples for usual coagulation recognition. C24252-\$32.99

UDDERLY CLEAN DAIRY TOWEL Extremely soft and absorbent. Microfiber locks up to 99% of dirt, dust, viruses, and bacteria . Lasts hundreds of washings. 80% polyester/20% polyamide. 12" x 12". Pack of 50. C34465-\$29.99

MILKING EOUIPMENT

WATERPROOF MILKING SLEEVES WITH THUMB HOLES

Extends around each thumb, anchoring the sleeve inside your glove to prevent water, dip, and debris from reaching your skin. Waterproof fabric.

Over-Shoulder Milking Sleeve with Thumb Hole Duo. Protects shoulders and arms and will not slide down. Elastic strap behind the neck connects the shoulders, keeping the sleeves in place. Machine wash and dry. Fabric imported.

C33000 Medium C33001 X-Large C32997 Small Each – \$37.99

Milking Sleeve with Thumb Hole. Features elastic and hook-and-loop closures at the top of the sleeve to offer a perfect fit around the upper arm. Individual sleeve. Fabric imported. C29761-\$15.99

NYLON BULK TANK BRUSH

White nylon bristles crimped to hold as much water as animal or natural fibers. Complete circle of tufts at each end for a full 360° cleaning action. 71/2"W. Order 361/2"L plastic handle separately below. C06027(B) - \$49.99 C06027(A) Handle only - \$29.99

20"L white plastic block and handle. Brush face is $5^{"L} \times 4^{1/2}$ "W, nylon bristles trimmed to 15/8" C04567-\$29.99

ANKA WASH-DOWN NOZZLES

High flow rates ensure a fast wash-down time. Outer ring protects the nozzle from excessive wear and prevents scratching of dairy equipment when nozzle falls or is dropped. Spray is adjustable from wide spray pattern to full bore flow. Impact resistant. Hose tails have no sharp edges on the barbs, reducing the chance of damage to the hose when clamps are used.

Small Nozzle with 1" Hose Tail. Minimum working pressure: 15-40 psi; maximum: 100 psi. C29610-\$32.99

Service Kits for Small Nozzles. Contain diffuser, cap, nylon screw, nut, and O-ring. C29611-\$12.99

CUSTOMER **VOLUSPRAY WASH-DOWN GUN** FAVORITE

Nozzle adjusts from solid stream to fine spray with a twist. Ribbed neoprene covers and protects the nozzle and provides a comfortable, secure grip. Twist for positive shut-off. Works with booster pumps to a maximum psi of 125. With 1" solid brass barbed hose fitting. Allow extra delivery time. Z18072-\$134.99

DOUBLE-END CLAW BRUSH

dia. with double radial tip.

C32289-\$5.89

BOTTLE BRUSH

Small end ½" dia. straight; large end 1"

Flex the rubber nozzle, and it's on — drop it,

and it's off. Instant flow adjustment from a trickle to full flow. Virtually indestructible, will not corrode. Cold water only. 9"L. Model R. Sprays 30' at 60 psi. C08849-\$47.99

Model M. Open-flow stream is great for bathing/cooling animals and filling water buckets C08851-\$47.99

NASCO BARN DESK

Plenty of room for breeding, DHIA, and other records. Chain holds desk in writing position. Only 2" thick when closed against wall. Sturdy latch holds desk closed when not in use. 14½"L x 19"W. Galvanized.

C06215-\$239.99

BRASS MIXING FAUCET

Helps conserve energy by controlling temperature and flow. High-quality faucet features polished brass swing spout with ³/₄" GHT threaded tip. Nickel-coated body. Mount on the wall or edge of the tank. $\frac{1}{2}$ " NPT pipe connection is adaptable for copper tubing. C27393-\$109.99

NASCO MILK DUMP BAND

Larger brush has an extra-long, flexible handle to clean all sizes of bottles. Smaller, tapered-head brush fits inside the handle of the longer brush. Smaller brush is great for cleaning tubes, caps, spouts, and spigots, as well as critter tubes and modular hutches. C34321-\$5.79

Tear-resistant paper material. Apply using the strong adhesive strip provided. Date information can be marked on the band. Red. Pack of 50. C13956-\$18.49

SAVE-A-STALL ANCHOR

Easily repair rusted or broken steel tube stalls and pens. Anchors fit most makes of barn equipment. For maximum strength, install anchor so bolt heads are facing gutter or center walkway. Fits 15/8" pipe.

THREE-BOLT TEE CLAMP

Zinc-plated, heavy-gauge steel hardware for 15%" round tubing or 1¼" pipe. Nuts and bolts included C15227-\$14.59

ARCH TIE CHAIN WITH PUSH-IN SNAP

Designed for over-bend and standard tie stalls. Includes a 19" 4/0 straight link chain, two Omego rings, and a 5" snap. C14931-\$34.99

Reduces the spread of germs and risk of mastitis by removing unwanted udder hair, leading to faster and more thorough udder cleaning and easier teat identification for robotic milking. Hair removal is done by drawing a figure-8 pattern 4" to 7" below the udder for 2–4 seconds. The soft flame provides a sensation of warmth and is painless. Two designs make it useful for any operation. The angled wand is ideal for stanchion barns, and the straight wand is ideal for milking parlors. Units include hose, regulator for 14-oz. propane cylinder, and flint striker. C35109 Angled Wand

O2 LIGHT

Doubles as a tabletop LED reading light with an air refresher fan. Adjustable dual-line water tank accommodates any standard 1", $2\frac{1}{2}$ ", 3", or 4" flower pot. Fits up to sixteen $2\frac{1}{2}$ " pots or sponges. Adjustable position. Water capacity: 0.7 gallons. 22" x 5½" x 21%". Allow extra delivery time. 🖚 Z50814-\$230.00

AQUAPONICS GROW RACK WITH FISH BARRELS

Complete system with 4 plant trays and 2 fish filter barrels. The 4 trays can support 24 plants. Adjustable water depths — higher water levels for starting new sprouts, lower water levels for use of NFT for established plants. Includes snap-together rack; trays; net pots; rockwool cubes; water pump; supply input; and 2 recycled food-grade, fish filter barrels (each 55 gallons). Use indoors or out. Allow extra delivery time.

Aquaponics Grow Rack Only. Can be used with an existing tank, aquarium, or placed on top of 55-gallon fish filter barrels (not included). Can also be used next to a pond outdoors. 18"L x 48"W x 25"D. Includes grow rack assembly, water trays with covers, net pot, rockwool cubes, plumbing, and water pump (with 5'L supply and drain hoses). Pump is capable of pumping to a height of 6'. Allow extra delivery time.

Z51469 - \$1,019.90

MINI FISH FARM™

Entire system contains 400 gallons of water, making heating, water changes, and overall size and weight minimal. Maintenance takes less than 10 minutes per day. Only two 5-gallon pails of water need to be emptied and replaced. Entire system fits in a 6' x 8' area and can fit through a 36" door. 24" x 24" window. Polyethylene tank is 64" dia. x 35"H. System includes an air pump, clarifier, biological filter, and an operation manual. All electrical components are UL approved. 1-year warranty. Allow extra delivery time. **T Z29920 – \$4,000.00**

A 2¹/₂-BARREL AQUAPONICS SYSTEM

Teach the fundamentals of a fast-growing agriculture opportunity with this simple, compact, efficient design. Complete system fits in about 6 sq. ft. of floor space. Top half-barrel is used both as a filtration system and a plant grow bed. With almost 5 sq. ft. of growing space, you can plant and test a number of crops. The 2 connected barrels hold almost 100 gallons of water. Both barrels can hold fish, giving you the flexibility to separate sizes or species. System will support 25 or more full-size tilapia. Self-contained system needs no direct plumbing connections. Only electrical need is for a small water pump used to recirculate the water and also an air pump. A heater (Z40531 sold separately, below) can also be used for warm-water fish. System runs from a standard 120V outlet. Includes recycled food-grade barrels, pump, plumbing, and growing media for the grow bed. Allow extra delivery time.

B COMPLETE AQUACULTURE SYSTEM WITH 55-GALLON BARRELS

This 3-barrel system fits in a 5 sq. ft. area. Configured as an ecosystem featuring biological filtration and an area for plant growth. Supports up to 15 full-size tilapia to a harvest size of 11/4 lbs. Self-contained system needs no direct plumbing connections. Only electrical need is for a small air pump used to aerate and recirculate the water. A heater (Z40531 sold separately, below) can also be used for warm-water fish. Both run from a standard 120V outlet. Includes 3 recycled food-grade barrels, plumbing, airlife column assembly, air pump with air diffusers, filter material, grow raft, net pots, and rockwool. Allow extra delivery time.

Z41888-\$455.00

300-Watt Heater. Submersible heater will help keep water temperatures at the proper levels for warm-water fish. Allow extra delivery time. **• 240531 – \$74.99**

C COUNTERTOP AQUACULTURE SYSTEM

These 3 containers are configured as an ecosystem featuring biological filtration and an area for plant growth. System is self contained and needs no direct plumbing. Fits in an area of just 2 sq. ft. Requires only a few connectors screwed together by hand, making it easy to clean or move in minutes. 14"H containers are recycled water carboys. Totally selfcontained system requires only one 120V outlet for operation. Includes all containers, pipe, connectors, filter material, air pump, and air stone. Also includes a one-plant hydroponic raft. Allow extra delivery time.

COUNTERTOP Aquaponics system

This 5-gallon aquarium utilizes a simple airlift pump. Water flows through the filter media, along to the plants. Filtered water then returns to the fish. Add water along with your choice of fish and seeds, then watch the ecosystem grow. Removable top for easy cleaning. Allow extra delivery time.

AQUAPONICS EDUCATION KIT Six 50-minute lesson plans cover ecosystems, water cycle, fish basics, and more. Includes printed and electronic education booklets, seed packets, 20 g of natural fish food, and 4-oz bottles of natural water dechlorinator and beneficial bacteria. SB52672 – \$99.95

AOUASPROUTS®

COUNTER AQUAPONICS WITH GROW LIGHT

Add water along with your choice of fish and seed, then watch the ecosystem grow. System uses a space-saving 5-gallon aquarium (included) utilizing a simple airlift pump. Water flows through the filter media along to the plants and filtered water then returns to the fish. Can be used to grow a variety of herbs and lettuces. LED grow light is positioned directly over the grow raft. Height can be easily adjusted as plants grow. Top can be removed for easy cleaning. 16"L x 8"W x 21½"H. Allow extra delivery time. A CHOKING HAZARD (1). Not for under 3 yrs.

Z51477 - \$549.99

AQUASPROUTS® COMPLETE GARDEN KIT

Contains everything you need to turn any standard 10-gallon aquarium (not included) into a self-sustaining ecosystem using aquaponics. Includes AquaSprouts® Garden, submersible pump, mechanical timer, expandable bar light, LED grow light, and grow media. SB52714 – \$250.00

AquaSprouts® Garden Kit

Contains everything listed above, except 10-gallon aquarium and LED grow light. **SB51992 – \$179.95**

CLASSROOM AQUAPONICS

Engage students in ecology, biology, earth systems, math, history, and literature while pairing fish and plants in one integrated system. In addition to growing vegetables in a sustainable process, learn about germination rates, fish anatomy, and the nitrogen cycle. Disassembly for cleaning and harvesting is simple. Includes 10-gallon aquarium with open top for feeding and sampling, 60" of nutrient film technology growth channel, pump/powerhead with 160-gph flow, filter, tubes and fittings, manual, lesson plans, and manual. Allow extra delivery time.

AGRICULTURE EDUCATION FOOD PRODUCTS + PROCESSING

MR. ROOTBEER® KIT

Kit contains all the essential ingredients to brew two batches of root beer in 3 days (each batch makes 1 gallon). Learn the chemistry behind this soda, as well as some fun facts and history. Unlike store-bought root beer, this is naturally carbonated, giving it less fizz and a smoother, creamier taste. Includes root beer mix, dry yeast, flavor crystals, no-rinse cleanser, 4 reusable plastic bottles (FDA approved for food and beverage), 4 reusable plastic pressure-relief caps (designed to release excessive pressure as a safety measure), 4 labels, funnel, guide, and instructions. NOTE: Due to this carbonation process, your root beer will contain trace amounts of alcohol (approximately 1/2 of 1% ABV). C32807-\$31.99

GLO GERM™ ULTRA-BRIGHT KIT

Used as a graphic illustration to show where bacteria can hide, the powder and oil reveal areas most often missed in hand washing. Includes a handheld 21 LED ultraviolet flashlight, 8-oz. bottle of Glo Germ[™] oil, 1.9-oz. bottle of Glo Germ[™] powder, and case. WA28161-\$166.95

Glo Germ[™] Kit, Small. Identical to the kit above (WA28161), except with a 9 LED ultraviolet flashlight. WA28160 - \$114.95

NASCO FOOD SAFETY AND SANITATION CLASSROOM KIT

Gr. 6–12 Teach your students all there is to know about food safety and sanitation before they start handling food in the classroom. Through games, simulations, and activities, introduce them to a variety of topics in food safety using this comprehensive kit. Includes a bingo game, counting chips, two kits, and an activities book. Δ CHOK-ING HAZARD (1). Not for under 3 yrs. NE40196-\$228.93

KITCHEN SCIENCE CLASS KIT

Gr. 7–10 Perform experiments to explore physical and chemical properties of starches, sugars, proteins, and yeast, making comparisons by collecting and graphing quantitative data. Enough materials for 24 students working in groups of 4. Required, but not included: scale and Bunsen burner, hot plate, or stove top. WA33119-\$249.99

GLO-BRUSH Adjustable flow brush lets you apply a thin layer of powder to any surface quickly and without waste. Has

a refillable powder reservoir and a cover to protect bristles. Includes 4-oz. container of Glo Germ[™] powder. WA23447-\$58.50

SAFGARD HOME PASTEURIZER

The only home pasteurizer with pressurized heating and vacuum-sealed cooling. Heavy-duty thermostat controls the temperature between 155° and 159° F. The thermostat automatically shuts off the heat when pasteurization is complete and then turns on a buzzer to let you know the milk is ready for cooling. Any amount of milk or cream up to 2 gallons can be pasteurized at one time. Everything inside the pasteurizer is made of aluminum. All parts are easy to clean. 2-gallon capacity. 1,250 watts, 110-120V AC. UL listed. 1-year warranty. C05586-\$479.99

CHEESEMAKING KIT

Make cheese using basic modern science concepts and principles. Prepares milk for the curdling process by adding a viable, nontoxic bacteria to it. You will not only make cheese, but also have a chance to study live harmless bacteria in an important food process as well as the live bacteria itself. Complete for 30 students (in teams of 2). ACHOKING HAZARD (1). Not for under 3 yrs. SB13733-\$91.50

AGRICULTURE EDUCATION FOOD PRODUCTS + PROCESSING

A MOZZARELLA & RICOTTA CHEESE KIT

Makes up to 20 lbs. of mozzarella and 10 lbs. of ricotta. Contains 10 vegetable rennet tablets, 8-oz. cheese salt, 8-oz. citric acid, thermometer, butter muslin, and 11-page recipe booklet. C19125 - \$31.49

Cheese Rennet Tablets. Made from a non-animal vegetable source, each tablet is scored into four segments. 1-quarter tablet will set 2 gallons of milk in 45 minutes. Coagulation strength 1:10,000. Pack of 10 tablets. C11936-\$8.99

NASCO BEEF CUT IDENTIFICATION PROGRAM

Gr. 7+ Learn how to identify beef cuts and

select cuts by using bone replicas. Includes

11 major beef bones, 30 student workbooks

(including charts, diagrams, exercises), 30

tests, and 2 overhead transparencies.

W09875-\$309.00

and whey ricotta. Additive- and preservative-

B BASIC HARD CHEESE KIT

free. Includes a detailed recipe booklet, cheese mold, dairy thermometer, coarse cheesecloth, vegetable rennet tablets, direct-set mesophilic starter, direct-set thermophilic starter, and calcium chloride. Citric acid not included. Store in a cool, dry place.

Makes cottage cheese, feta, Monterey Jack,

farmhouse cheddar, Gouda, Colby, Parmesan,

C11506-\$38.49

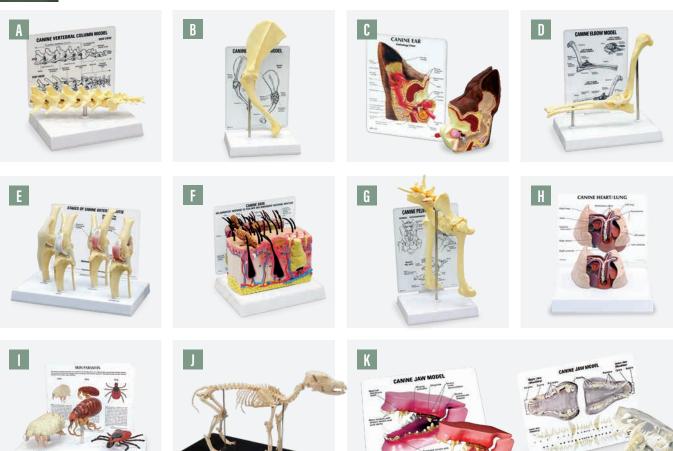

BEEF LESSON PLANS

To download these free lesson plans, visit nascoeducation.com/lesson-plans and search U28040 and U28047.

A CANINE 5-PIECE VERTEBRAE MODEL

Vertebral column of average-size dog features 5 lumbar vertebrae and disks, caudal (tail) vertebrae, and sacrum. Model: 8" x 2" x 2" on a 5" x 6" x 1" base. Card: 5¼" x 6½". C33925 – \$99.99

B CANINE SHOULDER MODEL

Average-size dog shoulder with scapula, humerus, biceps brachii tendon, coracobrachialis tendon, lateral glenohumeral ligament, medial glenohumeral ligament, and transverse humeral ligament. Model: 111/8" x 3" x 2" on a 5" x 6" x 1" base. Card: 8" x 5". **C33923 – \$119.99**

C CANINE EAR MODEL

Average-sized, two-sided anatomical model of a canine ear. Normal side depicts all parts of the ear so they can be identified; abnormal side demonstrates how those parts appear when something is wrong. Model: $4\frac{3}{4}$ " x $2\frac{3}{4}$ " x 2". Card: $6\frac{1}{2}$ " x $5\frac{1}{4}$ ".

C33946 - \$139.99

D CANINE ELBOW MODEL Healthy left elbow of average-size dog includes

humerus, radius, ulna bones, and 6 ligaments. Model: 9½" x 1¾" x 7½" on a 5" x 6" x 1" base. Card: 8¼" x 6¼". **C33922 – \$119.99**

E CANINE 4-STAGE KNEE MODEL

Illustrate degenerative joint disease (osteoarthritis) with this set of 4 life-size models. The disease-free (normal) knee also includes additional important structures including ligaments, tendons, and patella. Progressive degeneration of the articular surfaces and development of osteophytes (bone spurs) is shown in the other 3 models. Model: $2" \times 3\%"$ $\times 7"$. Card: $8\%" \times 6\%"$. **C33929 – \$149.99**

F CANINE SKIN MODEL

Enlarged cross-section of canine (dog) skin. One side has normal skin anatomy extending from the epidermis down to the layer of subcutaneous fat. The other side demonstrates progressing changes of a flea bite from wheal to infected pustule. Model: $5^{3}/4$ " x $4^{1}/2$ " x 3". Card: $6^{1}/2$ " x $5^{1}/4$ ". **C33924 – \$102.00**

G CANINE PELVIS (HIP) MODEL

Average-size dog pelvis with both normal and osteoarthritic bone, body of ilium, greater trochanter, head in acetabulum, herniated disk, neck of femur, nerve, sacrum, and third trochanter. Model: 7" x 5½" x 11" model on 5" x 6" x 1" base. Card: 6¼" x 8¼". **C33928 – \$149.99**

H CANINE HEART/LUNG MODEL

Average canine heart and lungs infected with heartworms. Cut-away view demonstrates structures in the heart and lungs where adult-stage heartworms are normally found. Model: $3\frac{3}{4}$ " x $2\frac{3}{4}$ " x $2\frac{1}{2}$ ". Card: $6\frac{1}{2}$ " x $5\frac{1}{4}$ ".

C33917 — \$99.99

CANINE SKIN PARASITES MODEL Parasite effects range from irritation to life-threatening conditions if left untreated. Some can infect and transmit to humans. Shows the 3 most common external parasites: mite (4" x 2¼" x 2½"), flea (4" x 1½" x 3"), and tick (4" x 4" x 1¼"). Card: 8¼" x 6¼". **C33930 – \$184.99**

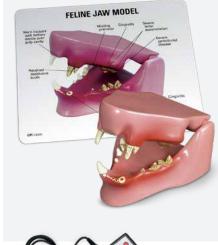

J DOG SKELETON MODEL

Axial skeleton is made of trunk bones and skulls. Limb bones include forelimb and hind limb. PVC with black base. 235%" x 7%" x 11^{13} /16". C35661 – \$127.50

K CANINE JAW MODELS

Models illustrate average-sized canine jaws. Hinged jaws open and close and separate for closer study. Each includes a 6%" x 5%" key card.

L

TUTOR MS — DATA SELECTOR (SOUNDS)

Reproduces actual canine heart and breath sounds with the advantage of instantly changing between sounds for comparisons. Stethoscopes are placed on the pliable pads of the Sounders for lifelike use hearing sounds. Up to 15 Sounders may be used together in chain-like fashion. LEDs on both sides of the volume control light only during systole to permit differentiation between systolic and diastolic events. Batteryoperated for individual and classroom use. Comes with 2 Sounders. Sound modules sold separately below. SB28954 – \$1,076.41

Canine Heart & Breath Sounds

Complete Set. Includes 1 of each sound module below. TUTOR MS Data Selector (SB28954, above) needed to use these sound modules.

B

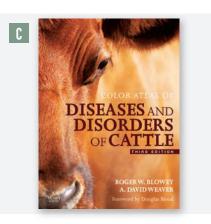

Lab-aids

Animal Health and Food Safety: Chicken Little, Chicken Big Kit (Developed by SEPUP) Participants analyze data from a fictitious 8-week study on the effects of a chicken growth supplement. Activities introduce thresholds and toxicology, the design of clinical trials, and how to determine threshold and lethal doses. For 32 people or 8 groups of 4. A CHOKING HAZARD (1). Not for under 3 vrs. C33792-\$104.95

E

A VETERINARY URINALYSIS SIMULATION

Analyzes simulated dog urine for pH, density, glucose, phosphates, and chlorides. Use the results to help diagnose the health of several dogs. NOTE: A hot plate, Bunsen burner, and test tubes are necessary, but are not included. Enough supplies for 30 students. \triangle CHOKING HAZARD (1). Not for under 3 yrs. C34432-\$189.99

B READY-TO-LOAD[™] DNA: **DETECTION OF MAD COW DISEASE**

Examine simulated PCR products from several feed mills to ensure no animal parts are being used in cattle feed. DNA samples are stable at room temperature. For 8 gels (2-3 students each); 16-24 students total. C26406-\$100.00

C COLOR ATLAS OF DISEASES AND DISORDERS OF CATTLE

Presents over 840 color illustrations and clear coverage of conditions, including burns, bleeding calf syndrome, rib fracture, jejunal hemorrhagic syndrome, and more. Covers the visible signs of diseases and disorders in the live animal, improvements in animal welfare, locomotor disorders, lay terms, acronyms, and more. Illustrated. 272 pages. C26415-\$179.99

D GENETICS I KIT Become familiar with some human genetic traits and characteristics. Understand inherited differences.

C32877-\$126.95

E NATURAL SELECTION AND ANTIBIOTIC-RESISTANT BACTERIA KIT

Models the effects of antibiotics on diseasecausing bacteria. See how more-resistant bacteria are selected if antibiotics are not taken properly. A CHOKING HAZARD (1). Not for under 3 yrs. SB42898-\$101.95

SHOP OUR FULL SELECTION NascoFarmandRanch.com

CasPeR the CPR Dog provides training in mouth-to-snout resuscitation with individual use, disposable airway bags. These economical disposable shield/lung bags eliminate cross contamination between students and the need to disinfect the manikin after every use. This dog manikin can be used to teach proper hand placement for compressions, depth of compressions, airway maintenance, femoral pulse check, and adequate ventilation. Airways are changed quickly and without tools. 3-year warranty 100-5000 - \$457.00

▲ See page 3 for complete Choking Hazard Label Information.

In addition to practice in assisted breathing,

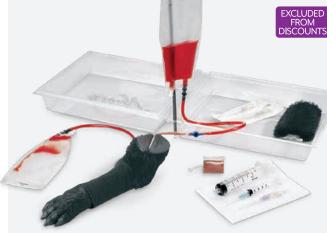

practice the appropriate rate, pressure, and position of cardiac massage, and coordinate the respiratory cardiovascular functions. For more advanced training, an IV can be established as well as placement of an endotracheal tube. The trainer is connected to a small box that shows a green light when the correct ventilation pressure is applied, a blue light indicates correct position for cardiac massage, a white light indicates correct pressures, and an audible beep with red light indicates excessive pressure. A visible chest rise appears when correct ventilations are applied. Provides each person with their own sanitary muzzle and nosepiece with a one-way valve. Muzzles may be disinfected and reused, while the nosepieces and lower airways are disposable. Minimizes the chances of cross-contamination and reduces cleanup. Includes 10 disposable nosepieces, 3 disposable lower airways, endotracheal tube, lubricant, 12 cc syringe, towels, butterfly set, artificial blood, 2 IV bags, control box with AC adapter, 9V battery, and soft carry case. 5-year warranty. Allow extra delivery time. 🖚 LF01155 - \$2.221.00

LIFE/FORM® BASIC SANITARY CPR DOG

Same as the Advanced Sanitary CPR Dog listed above, but without electronic monitoring or IV capabilities. Includes soft carrying case, 6 muzzles, 10 nosepieces, and 3 lower disposable airways. Allow extra delivery time. 🖚 LF01156 - \$1,443.00

Disposable Nosepieces. Pack of 10. **Replacement Muzzles**. Pack of 6. LF01164 - \$216.00 LF01157 - \$160.00

Disposable Lower Airway. Pack of 10. LF01158-\$234.00

LIFE/FORM[®] CANINE IV LEG

A fully functional canine IV leg trainer at an affordable price. Represents the left foreleg of a medium-sized dog in the sternal recumbent position with 2 interchangeable sleeves — normal fur for routine blood draws and a "shaved" area for IV catheter insertion. Replaceable vein system demonstrates actual blood flashback. Great for bandaging and restraint/assistance practice as well. Ideal for veterinary schools and vet tech programs. Portable storage box with built-in IV pole, blood powder, syringe, IV catheter, and 2 fluid supply bags. LF01016 – \$295.00

Replacement Sleeves. Includes 1 sleeve with normal fur and 1 "shaved" sleeve. Set of 2. LF01016(A) - \$94.00

Replacement Vein Tubing. Set of 3. LF01016(C) - \$55.00

IV Catheters. Set of 3. LF01016(B) - \$25.95

AGRICULTURE EDUCATION

INDEX

TICKLEME PLANT™

When touched, the TickleMe Plant[™] (Mimosa pudica) guickly closes its leaves and even its branches move down when tickled. These plants also appear to sleep at night by closing up their leaves. Seeds can sprout in a matter of days and within a month the plant will move when tickled. Adult plants can produce pink flowers.

Group Kit. Everything you need for your group (up to 30) to grow these plants from seeds to flowers and back to seeds. Includes 30 seed packets, 30 flower pots (4"), and 30 expanding Wonder Soil[®] waters. The 38-page TickleMe Plant[™] book features over 60 color photos, information about how to care for your plant, over 20 teacher-created science projects, and experiments. EL10351 - \$89.99

Greenhouse Kit. Includes 2 plant seed packets (each with 10–20 seeds), reusable greenhouse made of recycled plastic, 6 flower pots, 6 coco-peat soil pellets, 10 fun science experiment ideas, and instructions. A CHOKING HAZARD (1). Not for under 3 yrs. C29749 - \$23.19

Plant Seed Packet. Includes 10–20 seeds and instructions. SB43354 - \$7.49

NASCO FLORAL DESIGN BASICS MATERIALS KIT

Gr. 7–12 Everything you need to complete the Floral Design Basics Lesson Plan – except the flowers. Kit includes: elastic wrist corsage wristlets, a roll of floral tape, floral wire, white plastic bowl for centerpiece arrangement, blocks of floral foam, assorted ribbons, corsage pins, and lesson plan. NE40097 - \$81.19

SEED STARTING KIT

Includes seed assortment, pack of 50 liffy® peat pots, 50 plant tags, 16 guarts of liffy-Mix[®] seed starting soil, and osmocote plant food.
