Estimated Daily Calorie Needs
To determine which food intake pattern to use for an individual, the following chart gives an estimate of individual calorie needs. The calorie range for each age group is based on physical activity level from sedentary to active. Sedentary means a lifestyle that includes only the light physical activity associated with typical day-to-day life. Active means a lifestyle that includes physical activity equivalent to walking more than 3 miles per day at 3 to 4 miles per hour, in addition to the light physical activity associated with typical day-to-day life.

Food Intake Patterns
The suggested amounts of food to consume from the basic food groups, subgroups, and oils to meet recommended nutrient intakes at 12 different calorie levels, based on energy contribution from each group are calculated according to the nutrient density of foods in each group. The table also shows the discretionary calorie allowance that can be accounted for within each calorie level. In addition to the suggested amounts of nutrient dense forms of foods in each group.

Ready-or-Not Tot® Parenting Simulators

Offer a realistic parenting experience with these functional, versatile parenting simulators that will benefit any pregnancy education program. Use to demonstrate proper baby handling and care. Lifelike, anatomically correct simulator resembles a 20" L newborn, complete with soft body and movable head. Each manikin cries at preselected intervals around the clock, requiring students to tend the "baby." Easy to operate — includes simple directions. Choose from 4 different models. All models except for Basic provide programmed tending events that are unpredictable to the student but easy for the teacher to monitor, and the included teacher correction template allows for quick student evaluation. Parenting simulators are educational tools and intended for students over 12 years of age. Latex free.

DEVELOPED BY NASCO

Basic
A crying parenting manikin that teaches childcare techniques without breaking the budget.

Standard
The original manikin that simulates a baby's varying needs.

Intermediate
A cost-effective simulator with a "day care" feature, which allows the program to be paused during class time.

Enhanced/Drug Affected
A simulator that demonstrates the effects of drug use and extra childcare requirements.

The Empathy Belly® Pregnancy Simulator

Gr. 6–12 A specially designed, weighted vest that allows teens and adult males and females to experience pregnancy firsthand and gain a realistic understanding of what it feels like to be pregnant. Developed by Birthways, Inc.

Over 20 symptoms and effects of pregnancy are felt including:

- Weight gain of 30–33 lbs.
- Pregnant profile — enlarged breasts and abdomen
- Pressure on bladder and other internal organs
- Shortness of breath
- Postural changes of back and shift in center of gravity
- Mild fetal kicking "movements"
- Increased body temperature and perspiration
- Awkwardness in body movements
- Change in personal and sexual self-image

Effects are simulated through the use of a rib belt and strategic positioning of various weighted components. In order for the "pregnant" belly to look and feel realistic (rounder), it needs more water in the vinyl bladder. This teaching model includes an instructor's training manual and DVD, laminated flashcard, 30 informed consent release forms, and a laminated color poster on the third trimester of pregnancy. Should not be used on anyone weighing less than 100 lbs. or more than 300 lbs. Fabric U.S.A. and imported.

Large Version (33 lbs.) with Expectant Father/Adult. Designed for men of average or above-average size/older teenage boys of above-average size or have the build of an adult male. Includes DVD.

SB43113 — \$970.00

Small Version (30 lbs.) with Pregnancy Prevention. Fits most women, men of small stature, and most teenage girls and boys ages 12–18. Includes DVD.

Simulaids® Choking Infant Manikin

This 9-month-old baby brings the challenges associated with foreign body obstruction in the young pediatric age group. By placing the included obstruction in the pharyngeal cavity, you will occlude the throat and initialize the need for protocol maneuvers to remove the object. When proper hand placement occurs with sufficient force, the object expels from the mouth. Includes one foreign object for airway obstruction, clothes, and soft carry bag. 3-year warranty.

100-1640 – \$380.95

Simulaids® Child Choking Manikin

Each manikin functions on the principle of clearing a blocked airway with forced air generated with the proper procedure – abdominal thrusts or back blows. Once the object is lodged in the airway, the student must use the anatomical landmarks to decide where to place their hands and how much pressure is required to accomplish the maneuver. With the appropriate force applied, the students are rewarded with the visual confirmation of an expelled object. Manikin includes rib cage, xiphoid process, suprasternal notch to provide anatomical reference, two foreign bodies for airway obstruction, shirt, and soft carry bag. 3-year warranty.

100-1620 – \$292.95

LIFE SKILLS

Give students the guidance they need to be upstanding and safe in the virtual world and in the real world. Building the foundation of personal growth today will prepare them for a healthy life online and offline tomorrow.

Put students on the path to achieving financial security

When it comes to financial literacy, it's never too early to build awareness and understanding around earning, managing, and investing money. You can give students a head start on a financially secure future by sharing the knowledge and skills that will help them make informed decisions.

Prepare them with real-life simulations

6 financial literacy simulations:

- On Your Own Coast to Coast
- Budgeting Decisions
- Credit Decisions
- Personal Finance Decisions
- Get Rich With Math
- Personal Finance Trivia Challenge

5 career simulations:

- Who Would You Hire?
- Who Would You Fire?
- Who Would You Promote?
- Career Decisions
- Finding A Job Trivia Challenge

CWPubOnline Supplemental Curriculum
Prepare your students for life in the real world with an online library of real-life simulations focused on financial literacy and career readiness skills.

With a subscription, you and your students will have access to the simulations below, as well as a library of worksheets and other resources. Each simulation is accompanied by a comprehensive teacher's guide and helpful YouTube videos.

CWPubOnline curriculum aligns with many of the Common Core Standards for Literacy in History/Social Studies, Science and Technical Subjects, and Mathematics.

Web-based simulations can be accessed anywhere you have internet and are updated regularly to stay current with real-world changes. An access code will be sent to you within 3–5 business days of your request for a one-week free trial or purchase of either the teacher or school plan.

Steel Room Tables

Durable, ¾" thick, solid phenolic resin tabletops resist wear, scratches, chemicals, moisture, and impact. Closed, nonporous work surface does not attract dirt and can be cleaned with normal cleaning agents or strong disinfectants. Tabletops fastened to the frame with heavy screws. 14-gauge steel table aprons are 2" tall, allowing for more leg room without sacrificing strength. Each corner fastened with two type-23 flange bolts, ¾", to keep them tight. Adjustable, stainless steel, 1½" dia. glides help level the table for a secure workspace — adjustable up to 1". The 11-gauge steel legs are 1¼" square, so they won't bend. All tables are 30"H and made of a heavy-duty, powder-coated welded steel. ADA access with 2" apron.
