# Making A Financial Plan

## Money Matching

**DIRECTIONS:** Before class, write the list of United States Presidents below on the chalkboard.

During class, explain that on the “go” signal, every student is to jot down on a piece of paper what money denomination goes with each President. Warn the students that some names are used more than once. The first student to identify all the Presidents to their correct money denomination, wins. Award that student a prize. To make this activity harder, put only pictures of the presidents up instead of their names.

Relate this money activity to the money management required to stick to a budget.
